Aims

The aim of the Fund is to seek to achieve a total return for investors by tracking closely the performance of the FTSE Actuaries UK Gilts All Stocks TR Index by investing in fixed income securities contained in the Index. Investment will be made directly into constituent issues and via other transferable securities giving exposure to such issues. The Fund may also invest in other transferable securities, permitted money market instruments, permitted deposits, and units in collective investment schemes. Derivatives and forward transactions may be used for the purposes of efficient portfolio management.

Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your client's investment can go down as well as up and the amount your client gets back may be less than they put in.
