Aims

To generate income and some growth over the long term (5 years or more) by investing in equities (company shares) worldwide. Performance Target: To exceed the return of the MSCI AC World High Yield Index plus 3% per annum over rolling three year periods (before charges). The Performance Target is the level of performance that the management team hopes to achieve for the fund. There is however no certainty or promise that they will achieve the Performance Target. The ACD believes this is an appropriate target for the fund based on the investment policy of the fund and the constituents of the index.

Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your investment can go down as well as up so you might get back less than you put in.
