Aims

We aim to deliver a greater total return than the Investment Association (IA) Sterling Corporate Bond sector, after fees, over any rolling five-year period. Total return means the return we receive from the value of our investments increasing (capital growth) plus the income we receive from our investments (interest payments). We use the IA Sterling Corporate Bond sector as a target for our fund's return because we aim to achieve a better return than the average of funds that are similar to ours.
