

Investment Objective

The Unicorn UK Smaller Companies Fund aims to achieve long-term capital growth by investing primarily in UK companies included within the Numis Smaller Companies plus AIM Index. For this purpose, UK companies are defined as those which are incorporated or domiciled in the UK, or have a significant part of their operations in the UK. The Index covers the bottom tenth by value of the main UK equity market plus AIM stocks that meet the same size limit.

Investment Policy/Strategy

The investment approach is to identify individual companies for investment and therefore the portfolio may not be representative of the index. AIM is the London Stock Exchange's International Market for smaller growing companies. The fund may also invest, at its discretion, in other transferable securities and deposits and cash. The fund may also enter into certain derivative and forward transactions for hedging purposes. The fund invests for the long term and there is no guarantee that any particular return will be achieved over any period. Investors should note that their capital is always at risk.

Fund Commentary

The UK Smaller Companies Fund recorded a total return of -2.1% in October, which compares to the average total return of +0.4% for the IA UK Smaller Companies sector over the same period. The primary contributor was Codemasters Group, which added +0.6% in overall Fund performance terms after reporting strong trading during the Coronavirus pandemic period.

Another significant contributor was Secure Trust Bank, which added +0.4% to overall performance. Secure Trust reported a resilient trading update in spite of challenges posed by COVID-19.

Four Imprint contributed +0.3% to Fund returns and reported encouraging progress in dealing with the disruptive effects of the pandemic on its business.

The principal detractor was Tekmar Group which cost -0.9% in overall Fund performance terms. Tekmar reported that it had experienced delays in winning contracts and that order intake was lower than expected leading to lower revenue over the first half of its financial year. Management remain confident however in the long-term structural growth prospects of the offshore wind market. The next largest detractors were Braemar Shipping Services and Somero Enterprises, costing -0.7% and -0.6% respectively in overall Fund returns, despite an absence of company specific news.

Unicorn Asset Management Limited (Unicorn) is an independent, specialist fund management group, established in July 2000.

Unicorn focuses on long term, long only, investment in UK quoted companies and aims to achieve superior absolute returns through the application of traditional, fundamental principles of investment.

All figures within this factsheet have been calculated with reference to 31 October 2020 with exception to the on going charge figure which is based on the interim accounts for the 6 months ended 31 March 2020

- Past performance is not a guide to future performance. The value of investments and the income from them may go down as well as up and investors may not get back the full amount of their original investment
- Unicorn Asset Management do not give out investment advice, we recommend that you contact a financial advisor if you are unsure whether to invest
- Investors should also read the Prospectus and KIID document of the fund before making an investment
- Equities are subject to greater degrees of market risk than other types of investment, such as bonds or money market instruments. You should not invest unless you are prepared to accept a higher degree of risk
- Investing in smaller companies, including AIM companies, can carry greater risks than those usually associated with large capitalisation companies. Smaller companies are likely to be less established and may not have access to the financial resources available to their larger counterparts. The shares of smaller companies are relatively illiquid and under-researched.
- Taxation levels, benefits and reliefs may all vary depending on individual circumstances and are subject to change
- Opinions expressed in this factsheet are subject to change without notice.
