

MI TwentyFour Investment Funds

Dynamic Bond Fund

Dynamic Bond Fund is managed by TwentyFour Asset Management LLP and is a sub-fund of MI TwentyFour Investment Funds, an umbrella open-ended investment company registered under the Financial Conduct Authority as a UK Authorised Investment Company with Variable Capital. MI TwentyFour Investment Funds is classified as a UCITS scheme.

Fund Objective

The Fund aims to provide an attractive level of income along with an opportunity for capital growth, by investing in a broad range of bonds and fixed income assets.

Investment Approach

The Dynamic Bond Fund will adopt a highly flexible approach that enables the Investment Manager to take advantage of prevailing market conditions as they change over time. The Fund may invest in, or otherwise obtain exposure to, debt instruments from the whole range of fixed income assets including high yield bonds, investment grade bonds, government bonds, asset-backed securities and other bonds (such as, for example, emerging market sovereign bonds or bank capital perpetual bonds) as determined by the Investment Manager's view on risk and reward over time.

The Fund will also use derivatives, such as interest rate and credit derivatives, to either optimise exposures or reduce them in conjunction with the Investment Manager's market viewpoint, thereby giving the Fund the opportunity to perform in both rising and declining rate environments throughout the economic cycle. The Fund may also employ synthetic short positions both for hedging purposes and to take advantage of deterioration either in the market generally or with respect to specific issuers. The Fund may also hedge some or all of its foreign exchange exposure.
