

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and risks of this fund. You are advised to read it so you can make an informed decision about whether to invest.

Artemis UK Special Situations Fund (the "fund")

Class I distribution units, GBP [ISIN: GB00BB36JR17]

The fund is managed by Artemis Fund Managers Limited.

Objectives and investment policy

Objective: The fund aims to increase the value of units over the long term.

Policy:

- The fund will principally invest (a minimum of 80%) in the shares of companies which have headquarters in the UK or carry out a significant part of their activities in the UK, and are quoted on a regulated stock market outside the UK.
- The fund may also invest in the shares of companies listed, quoted and/or traded in the UK but domiciled elsewhere.
- The fund has discretion in its choice of investments, and is not restricted by the size of the company or the industry it trades in.
- The fund may invest in derivatives (financial instruments whose value is linked to the expected price movements of an underlying asset) to protect the value of the fund, reduce costs and/or generate additional income.

Other information:

- Investment in the fund should be regarded as a medium to long-term investment.
- Class I units are only available to investors at Artemis Fund Managers Limited's discretion.
- You can buy and sell units Monday to Friday, except on UK public holidays, each week.
- Transactions are processed at 12 noon UK time and we will include your instruction to buy or sell units if it is received before that point.
- Any income the fund receives can be paid out to you.

For further explanation of some of the terms used above, please visit our website artemisfunds.com/glossary to view a glossary of terms.

Risk and reward profile

- This indicator is based on historical data and may not be a reliable indication of the future risk profile of the fund.
- The risk category shown is not guaranteed and may change over time.
- A risk indicator of "1" does not mean that the investment is "risk free".
- The indicator is not a measure of the possibility of losing your investment.

The risk indicator for the fund is as above because:

- The price of units, and the income from them, can fall and rise because of stockmarket and currency movements.
- Stockmarket prices, currencies and interest rates can move irrationally and can be affected unpredictably by diverse factors, including political and economic events.
- A portion of the fund's assets may be invested in a currency other than the fund's accounting currency (sterling). The value of these assets, and the income from them, may decrease if the currency falls in relation

to sterling, in which the fund is valued and priced.

- Investing in small and medium-sized companies can involve more risk than investing in larger, more established companies. Shares in smaller companies are often not as easy to sell as shares in larger companies are. This can cause difficulty in buying, valuing and selling those shares. Also, reliable information for deciding their value or the risks may not be available.

Charges for the Fund

- The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. The charges reduce the potential growth of your investment.
- The entry charge is included in the purchase price of each unit.

One-off charges taken before or after you invest

Entry charge	1.00%
Exit charge	None

This is the maximum that might be taken out of your money before it is invested.

Charges taken from the fund over a year

Ongoing charge	0.81%
----------------	-------

Charges taken from the fund under certain specific conditions

- At present, there is no exit charge.
- The entry and exit charges shown are maximum figures. In some cases (including when switching to other funds run by Artemis Fund Managers Limited) you might pay less – you can find out actual entry and exit charges from your financial adviser.
- The ongoing charges figure is based on the expenses for the year ending December 2016. This may vary from

year to year.

- The ongoing charges figure includes any entry/exit charge paid by the fund when buying or selling shares or units in another fund.
- The annual management charge is taken from capital, which will restrict the increase in the value of the units.

Other costs

- There are two prices for this unit class each day – a higher price you pay to buy units (the 'offer' price) and a lower price you receive when you sell units (the 'bid' price). The difference between the prices is called the 'spread'.
- The spread is separate to the entry, exit and ongoing charges shown in the table.
- The spread reflects the difference between the buying and selling prices of the investments in the fund's underlying portfolio and the costs associated with buying and selling those investments (for example, brokers' commission and transaction taxes).

For more information about charges and costs, please see section 15 of the fund's prospectus, or visit our website at www.artemisfunds.com.

Past performance

- Past performance in the chart shown includes all charges except entry charges.
- How the fund has performed in the past is not a guide to how it will perform in the future.
- Performance is calculated in sterling.
- This fund was launched on 9 March 2000.
- This class was launched on 1 July 2013.

Practical information

- The Trustee of the fund is National Westminster Bank plc.
- Further information about the fund can be obtained from the fund's prospectus and the latest annual and half-yearly reports. The documents are in English and available free of charge. These can be found, along with other information such as the price of the fund's units, at artemisfunds.com or by phoning 0800 092 2051 (from UK) or +441268 445 401.
