## WAY Green Portfolio Fund, a sub-fund of WAY MA Portfolio

Class Elite E Accumulation Shares (ISIN GB00B97G7H97)

Class Elite E Income Shares (ISIN GB00B8ZS2F31)

The Fund is managed by WAY Fund Managers Limited

### Objective and investment policy

**Objective:**

The objective of the Fund is to produce capital growth with the potential for income.

**Policy:**

- The Fund will aim to achieve its investment objective through thematic investment in a portfolio of collective investment schemes, transferable securities (including investment trusts), warrants, cash or near cash, deposits and money market instruments.
- The focus of the thematic approach is to select investments based on their ‘green’ credentials such as investments that in turn focus on social and environmental considerations.
- Subject to the requirements of the Regulations, the portfolio will normally remain fully invested. There will, however, be no restrictions on the underlying content of the investments held, in terms of investment type, geographical or economic sector, other than those imposed by the Regulations, meaning that the Investment Adviser has the absolute discretion to weight the portfolio towards any investment type or sector at any time. The Fund may also invest in unregulated collective investment schemes (where investment in such funds is consistent with the investment objective and policy of the Fund).

- The use of derivatives and/or hedging transactions are permitted in connection with the efficient portfolio management of the Fund, and borrowing will be permitted in accordance the Regulations.

**Other information:**

- Investment in the Fund should be regarded as long-term, which is upwards of three to five years.
- There can be no guarantee that the objective of the Fund will be achieved.
- On encashment, particularly in the short-term, you may receive less than the original amount invested.
- The initial charge is deducted from your investment at the outset and various other charges accrue daily, therefore an equivalent rise in the value of units is required before the original investment can be recovered.
- The ACD carries out investors’ requests, to buy, sell or switch, at 12:00 hours (UK time) on each business day (which excludes public holidays). If the ACD receives a request after 12:00 hours (UK time), the ACD will deal with it on the next business day.
- If you hold accumulation shares, income from investments in the Fund will be rolled up into the value of your shares.
- If you hold income shares, income from investments in the Fund will be paid out to you once a year.

### Risk and reward profile

- This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.
- The risk and reward category shown is not guaranteed to remain unchanged and may shift over time.
- The lowest category does not mean ‘risk free’.
- The indicator is not a measure of the risk that you may lose the amount you have invested.

The Fund is ranked as a “4” on the scale. This is because the Fund by its nature invests in a mixture of investments. The value of some of these investments may vary more widely than others. Please note that even the lowest risk class can lose you money and that extreme market circumstances can mean you suffer severe losses in all cases.

The indicator above does not take account of the following risks of investing in the Fund:

- The Fund invests indirectly in some overseas markets which carry a higher than average risk of investment and the Fund may have problems or delays in getting its investments back.

- Investments may be made in assets denominated in various currencies and the movements of exchange rates may have a spate effect, unfavourable as well as favourable, on the gains and losses otherwise experienced on such investments.
- There is a credit risk, where the counterparty to a deal may default on repayment or not deliver its side of the deal. The Fund aims to minimise concentrations of credit risk by undertaking transactions with a large number of counterparties on recognised and reputable exchanges. The Fund only buy and sell investments through brokers which have been approved as an acceptable counterparty.
- The Fund is classed as a NURS and can have wider investment and borrowing powers than a UCITS scheme with higher investment limits in various areas. It can also invest to a greater extent in areas such as property and unregulated schemes and have the option to borrow on a permanent basis. Such additional powers can increase potential reward, but may also increase risk.

For full details of the Fund's risks please see the 'Risk Factors' section of the Fund’s Prospectus, which is available from WAY Fund Managers Limited, Cedar House, 3 Cedar Park, Cobham Road, Wimborne, Dorset, BH21 7SB or, during normal business hours on 01202 855856.

This is the maximum that might be taken out of your money before it is invested (Entry charge) or before the proceeds of your investment are paid out (Exit charge).

The entry and exit charges shown are maximum figures. In some cases (including when switching to other funds) you might pay less - you can find out actual entry and exit charges from your financial adviser.

The ongoing charges figure is based on expenses for the period ending 31 March 2017 and may vary from year to year. The ongoing charges figure includes any portfolio transaction costs which the Fund pays to its service providers (e.g. to the Fund's custodian) and any entry/exit charges the Fund pays when buying/selling units in another fund. In general, however, the figure excludes other portfolio transaction costs. The ongoing charges are taken from income. Should income levels be insufficient, investments in the Fund may be sold to cover the Fund's expenses, it's capital assets may be used to meet ongoing charges and the value of your units would be reduced.
