The entry and exit charges shown are maximum figures. In some cases (including when switching to other funds) you might pay less - you can find out actual entry and exit charges from your financial adviser.

The ongoing charges figure is based on expenses for the period ending 30 September 2018 and may vary from year to year. The ongoing charges figure includes any portfolio transaction costs which the Fund pays to its service providers (e.g. to the Fund's custodian) and any entry/exit charges the Fund pays when buying/selling units in another fund. In general, however, the figure excludes other portfolio transaction costs. The ongoing charges are taken from income. Should income levels be insufficient, investments in the Fund may be sold to cover the Fund's expenses, its capital assets may be used to meet ongoing charges and the value of your units would be reduced.
