Aims

The Fund's investment objective is to achieve a combination of income and long term capital growth from a portfolio primarily made up of investments in the UK, including ordinary shares, preference shares, convertibles and fixed interest securities. The portfolio is likely to have a bias towards larger companies, although the Authorised Corporate Director is Not restricted in its choice of company by either size or industry.

Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your client's investment can go down as well as up and the amount your client gets back may be less than they put in.
