01 September	31 October

Aims

To generate income and some growth over the long term (5 years or more) by investing in European equities (company shares).

Performance Target: To deliver a yield greater than that of and achieve a return in excess of the FTSE World Europe ex UK Index over a rolling five year period (before charges). There is no certainty or promise that the Performance Target will be achieved.

The FTSE World Europe ex UK Index (the "Index") is a representative index of the European (excluding UK) stock market.

Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your investment can go down as well as up so you might get back less than you put in.
