Number of holdings	98
Launch date	26/04/2004

Fund Charges

Annual Management Charge (AMC)	1.60%
Further Costs	1.89%
Yearly Total	3.49%

Aims

Objective: The investment strategy of the fund is to purchase units in the M&G Feeder of Property Portfolio – the underlying fund. However, the underlying fund is currently being wound up, and when it has sufficient liquidity, cash distributions will be received by the Prudential fund. The unit price and performance of the Prudential fund will now reflect the value of cash proceeds received from property sales as well as units held in the underlying fund.

Underlying Fund Objective: The investment objective of the Fund is to carry on Property Investment Business and to manage cash raised from investors for investment in the Property Investment Business. In doing so the fund aims to provide a higher total return (capital growth plus income), net of the Ongoing Charge Figure and Property Expense Ratio, than the average return of the IA UK Direct Property Sector over any five-year period solely through investment in M&G Property Portfolio. At least 70% of the Fund is invested directly in a diversified portfolio of commercial property in the UK. This may be reduced to 60%, if it is considered prudent for liquidity management. The Fund may also invest in other property related assets including other types of property, including residential property ; property of any type outside the UK; funds (including funds managed by M&G); and transferable securities; and money market instruments. For liquidity management, the Fund may invest in cash; near cash; money market instruments; and government bonds, directly, or via funds (including funds managed by M&G). Derivatives may be used for investment purposes, efficient portfolio management and hedging.

Fund Managers

Name: Justin Upton
Manager of the underlying fund for: 4 years, 5 months

Important Information

- Because of changes in exchange rates the value of your investment, as well as any money you take from it, can go down as well as up.
- Some funds may invest in 'underlying' funds or other investment vehicles. The performance of our fund, compared to what it's invested in won't be exactly the same. That can be due to additional charges, cash management (needed to help people to enter and leave our fund when they want), tax and the timing of investments (this is known as a fund's dealing cycle, it varies between managers and can be several days).
- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of fund charges and further costs, but take no account of product charges, or any Annual Management Charge paid for by the deduction of units. Charges and further costs may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in the fund's currency of denomination with gross income reinvested. The value of your investment can go down as well as up so you might get back less than you put in.

Important Information

- Because of changes in exchange rates the value of your investment, as well as any money you take from it, can go down as well as up. This fund invests in property and land. This can be difficult to sell - so you may not be able to sell/cash in this investment when you want to. We may have to delay acting on your instructions to sell your investment. Other than in very exceptional circumstances we would not expect delays to be longer than six months for investments in property and land.
- You should look upon your investment in the property fund as being long-term, so 10 years or more. There are large costs when we buy and sell property. The allowance for these costs amongst other factors can lead to short-term falls in the price of units in the Property fund. The return achieved from investing in property is a combination of rental income and changes in the value of the property; which is generally a matter of a valuer's opinion rather than fact.
- For more information please refer to your policy or scheme documentation.
- The registered office of Prudential International is in Ireland at Fitzwilliam Court, Leeson CI, Dublin 2, D02 TC95. Prudential International is a marketing name of Prudential International Assurance plc, a life assurance company operating from Ireland. Registration No. 209956. Prudential International Assurance plc is authorised and regulated by the Central Bank of Ireland and in the context of its UK regulated activities only, is authorised by the Prudential Regulation Authority and subject to regulation by the Financial Conduct Authority and limited regulation by the Prudential Regulation Authority. Details about the extent of our regulation by the Prudential Regulation Authority are available from us on request. Prudential International is part of the same corporate group as The Prudential Assurance Company Limited. Both The Prudential Assurance Company Limited and Prudential International are direct and indirect subsidiaries respectively of M&G plc, a company incorporated in the United Kingdom. The Prudential Assurance Company Limited is not affiliated in any manner with Prudential Financial, Inc, a company whose principal place of business is in the United States of America or Prudential plc, an international group incorporated in the United Kingdom.
