Aims

The Fund's investment objective is to achieve long term capital growth from a portfolio primarily made up of the shares of continental European companies. The portfolio is likely to have a bias towards medium-sized and smaller companies. However, the Authorised Corporate Director is Not restricted in the choice of company either by size or industry, or in terms of the geographical split of the portfolio, which is largely determined by the availability of attractive investment opportunities rather than the outlook for each market.

Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your investment can go down as well as up so you might get back less than you put in.
