### Distribution Dates

Ex dividend date(s)	Income payment date(s)
28 November	28 January
28 February	28 April
28 May	28 July
28 August	28 October

### Aims

The objective of this fund is to provide a combination of income and growth by investing solely in the Legal & General UK Property Fund (the 'Master Fund'). It may also hold cash where necessary to enable the making of payments to unitholders or creditors. The fund aims to achieve investment returns very similar to those of the Master Fund. The Master Fund will typically invest at least 80% in a range of UK commercial properties (but this can be as low as 60% where the fund manager deems it to be in the interests of the fund and its shareholders). The Master Fund may invest in all types of commercial property. The Master Fund may occasionally invest in residential property and may also develop properties. The Master Fund may also invest from time to time in commercial properties in the Isle of Man and the Channel Islands. The fund may use derivatives to reduce risk or cost, or to generate additional capital or income with no, or an acceptably low, level of risk. The Master Fund may also invest in other property-related assets, (including property-related UK shares and UK property-related authorised investment funds), money market instruments, deposits, money market-related authorised investment funds and government bonds.

### Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your client's investment can go down as well as up and the amount your client gets back may be less than they put in.
