**Aims**

The objective of the Sub-Fund is to achieve significant real rates of return in Sterling terms predominantly from a portfolio of UK and international securities. The Sub-Fund is managed to seek a minimum return of cash (1 month GBP LIBOR) +4% per annum over 5 years before fees. In so doing we aim to achieve a positive return on a rolling 3 year basis. However, a positive return is not guaranteed and a capital loss may occur. The Sub-Fund may also invest in deposits, approved money market instruments, derivative instruments, forward transactions and collective investment schemes.
