INVESTMENT OBJECTIVE

The Fund aims to achieve income together with capital growth over the long term (5 years or more). As at 26 May 2016, the Performance Benchmark of the Fund was changed from FTSE Emerging Index to MSCI Emerging Index (NR).

PERFORMANCE DISCLOSURE

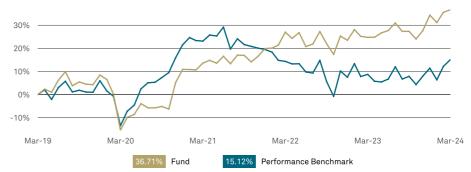

Past performance is not a guide to future performance. The value of investments can fall. Investors may not get back the amount invested. Income from investments may vary and is not guaranteed.

PERFORMANCE BENCHMARK

The Fund will measure its performance against the MSCI Emerging Markets NR Index as a comparator benchmark (the "Benchmark"). The Fund will use the Benchmark as an appropriate comparator because the Investment Manager utilises it when measuring the Fund's income yield.

The Fund is actively managed, which means the Investment Manager has discretion over the selection of investments subject to the investment objective and policies disclosed in the Prospectus. While the Fund's holdings may include constituents of the Benchmark, the selection of investments and their weightings in the portfolio are not influenced by the Benchmark. The investment strategy does not restrict the extent to which the Investment Manager may deviate from the Benchmark.

Source for all performance: Lipper as at 31 March 2024. Fund Performance for the Institutional Shares W (Accumulation) calculated as total return, including reinvested income net of UK tax and charges, based on net asset value. All figures are in GBP terms. The impact of an initial charge (currently not applied) can be material on the performance of your investment. Further information is available upon request.
