31 December 2020

The Directors of the DMS UCITS Platform ICAV (the "ICAV") submit their report in respect of the Latitude Horizon Fund (the "Fund"), together with the Annual Report and the Audited Financial Statements of the Fund, for the year ended 31 December 2020.

The ICAV

The ICAV was registered in Ireland, registration number C141639, pursuant to the Irish Collective Asset-management Vehicles Act 2015 (the "ICAV Act") on 15 June 2015 and authorised by the Central Bank of Ireland (the "Central Bank") as an Undertaking for Collective Investment in Transferable Securities pursuant to the European Communities (Undertaking for Collective Investment in Transferable Securities) Regulations 2011 (S.I. No 352 of 2011), as amended and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investments in Transferable Securities) Regulations 2019, as amended (collectively the "UCITS Regulations"). The sole objective of the ICAV is the collective investment of its funds in assets and giving members the benefit of the results of the management of its funds.

The ICAV is organised in the form of an umbrella fund with segregated liability between sub-funds. Each sub-fund will have a distinct portfolio of investments and the investment objective and policy of each sub-fund will be formulated by each sub-fund's respective investment manager. At 31 December 2020, the following sub-funds were in operation: Alkeon UCITS Fund, Allard Asia UCITS Fund, P/E FX Strategy Fund, Efficient Capital CTA Index Fund, Latitude Horizon Fund, CIFC Global Floating Rate Credit Fund and Latitude Global Fund. The Efficient Capital CTA Index Fund has no shareholders as at 31 December 2020 and is dormant. The annual report and audited financial statements of the sub-funds are available upon request and free of charge from the ICAV.

The Fund

Investment Objective and Policies and Review of Fund developments

The Fund is a sub-fund of the ICAV. The Fund was authorised by the Central Bank on 16 September 2016 and commenced operations on 1 November 2016.

The investment objective of the Fund is to achieve long term capital appreciation. The Fund will seek to achieve its investment objective by investing principally in a portfolio of global equities and equity related securities, debt securities, derivatives and currencies. The securities (other than collective investment scheme securities) in which the Fund may invest will primarily be listed or traded on one or more Recognised Markets worldwide (including emerging markets without limit). The Investment Manager may also use foreign currency forward contracts for hedging purposes. The business of the Fund is reviewed in detail on page 9 in the Investment Manager's Report.

Risk management objectives and policies

The Directors have identified certain risks arising from the Fund's holdings and these risks are described in the prospectus. The principal risks and uncertainties which the Fund faces relate to the use of financial instruments and are listed in Note 8 "Financial risk management". The following are the key external principal risks (but not all) that could have an impact on the Fund:

i.) Impact of COVID-19

The impacts of the COVID-19 outbreak have caused a significant deterioration in economic conditions for some businesses and an increase in economic uncertainty for others. The Directors of the ICAV are required to assess whether these events or conditions, either individually or collectively ('current events or conditions'), cast significant doubt on the ability of the Fund to continue as a going concern or, in severe cases, whether the going concern assumption is still appropriate as a basis for the preparation of the Fund financial statements.

The Directors of the Fund monitored the situation throughout 2020 and will continue to do so for as long as the pandemic continues. To date, other than changes in work practices (i.e. all of the service providers to the Fund put their Business Continuity Plans in place resulting in most staff working remotely), COVID-19 has had no significant impact of note on the Fund.

ii.) Brexit

The United Kingdom ("UK") formally exited the European Union ("EU") on 31 January 2020 ("Brexit"). A withdrawal agreement has been entered into by the UK and EU which allowed for a transitional period until 31 December 2020, during which EU law will continue to be applied in the UK. The Brexit process has been concluded and a final deal has been agreed by the UK and EU, which has taken effect on 1 January 2021.

The Directors will monitor the implications of the agreement, as there is still relative uncertainty and potential implications on the economy, legal and regulatory framework and potential impact on financial markets. Brexit has had no material impact of note on the Fund.

31 December 2020

Going Concern

It is critical for the Directors of the ICAV to assess what impacts the current events and conditions have on the Fund's operations with the key issue being whether the Fund has sufficient liquidity to continue to meet their obligations as they fall due. In this case, the Directors are of the view that the Fund has sufficient liquidity to cover its obligations for a period of at least twelve months from when the financial statements are authorised for issue and they believe that the Fund will continue in operational existence for the foreseeable future.

As at 27 April 2021, the Directors believe that the ICAV and the Fund will continue in operational existence for the foreseeable future. The going concern basis has been adopted in preparing the financial statements.

Results

The financial statements of the Fund are presented on pages 14 to 21, with accompanying notes on pages 22 to 47.

Significant events during the financial year

Significant events during the year under review are disclosed in Note 15 "Significant events during the reporting year".

Events after the financial year

From 1 January 2021 to 27 April 2021, the Fund had additional subscriptions of GBP 17,076,333 and redemptions of GBP 10,025,325.

Further details of these subsequent events after the financial year are disclosed in Note 16 "Events after the financial year".

Directors

The Directors that served during the period are listed on page 2. On 16 October 2020, Mr. Tom Coghlan resigned from the Board of Directors of the ICAV. On 16 October 2020, Mr. Jeremy O'Sullivan was appointed to the Board of Directors of the ICAV.

Directors' and ICAV Secretary's Interests

At the date of this report, the Directors, ICAV Secretary or connected persons have no beneficial or non-beneficial interests in the shares of the Fund.

Transactions involving Directors and ICAV Secretary

Contracts or arrangements of any significance in relation to the business of the Fund in which the Directors or the ICAV Secretary had any interest as defined in the ICAV Act, at any time during the year ended 31 December 2020, are disclosed in Note 10 "Related Parties" in the notes to the financial statements.

Directors' Remuneration

The Manager shall be responsible for discharging any fees and expenses of the Directors' of the ICAV out of the fee which it receives from the ICAV. The fixed fee of the independent Directors of the Board will be commercially negotiated. Mr. Michael Buckley is an employee of the Manager and has waived his entitlement to receive a fee.

Connected Persons

In accordance with the requirements of the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019, as amended (the "Central Bank UCITS Regulations"), all transactions carried out with the ICAV by the Manager, Investment Manager, Investment Adviser, Depositary, delegates or sub-delegates of these parties (the "connected persons") must be conducted at arm's length and be in the best interests of shareholders of the ICAV. The Directors are satisfied that there are arrangements in place evidenced in writing to ensure that the obligations set out in the Central Bank UCITS Regulations are applied to all transactions with connected persons and transactions with connected persons entered into during the financial year complied with the obligations set out in the Central Bank UCITS Regulations.

Shareholders should note that not all connected persons as defined by the Central Bank UCITS Regulations are deemed related parties as defined by IAS 24 'Related Party Disclosures'.

Related party transactions during the year ended 31 December 2020, are disclosed in Note 10 "Related Parties" in the notes to the financial statements.

31 December 2020

Dividends

The Fund has two types of share classes: accumulating and distributing. The ICAV does not intend to make distributions in respect of accumulating classes. The ICAV intends to automatically re-invest all earnings, dividends and other distributions of whatever kind as well as realised capital gains pursuant to the investment objective and policies of the Fund for the benefit of the shareholders. As a result no dividends were paid in respect of the year ended 31 December 2020 on accumulating shares.

Dividends will be declared at the beginning of January and July and will be paid within three months of the date of declaration. For the purposes of such dividends, the period from the beginning of January to the end of June and the period from the beginning of July to the end of December in each year shall each be a "Dividend Period". A total distribution of GBP 1,129,285 on distributing classes was made by the Fund on all income classes for the year ended 31 December 2020 (31 December 2019: GBP 193,442). The dividend ex-date was 31 December 2020 and the pay date was 8 January 2021.

Soft Commissions

There were no soft commission arrangements during the year.

Accounting Records

The Directors have ensured that adequate accounting record requirements under Sections 109 to 113 of the ICAV Act have been complied with by outsourcing this function to a specialist provider of such services. The accounting records are held by SEI Investments – Global Fund Services Limited in their office which is located at Styne House, Upper Hatch Street, Dublin 2, Ireland.

Statement on Relevant Audit Information

In accordance with Section 128 of the ICAV Act:

- (i) so far as the Directors are aware, there is no relevant audit information of which the ICAV's statutory auditors are unaware;
- (ii) the Directors have taken all steps that the Directors ought to have taken as Directors in order to make themselves aware of any relevant audit information and to ensure that the ICAV's statutory auditors are aware of that information.

Directors' Responsibilities Statement

The Directors are responsible for preparing the Directors' report and financial statements in accordance with applicable law and regulations.

The ICAV Act and the UCITS Regulations requires the Directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union and applicable law.

The financial statements are required to give a true and fair view of the assets, liabilities and financial position of the Fund at the end of the financial year and of the profit or loss of the Fund for the financial year. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether they have been prepared in accordance with IFRS as adopted by the European Union; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Fund will continue in business.

The Directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Fund and enable them to ensure that the financial statements and Directors' Report comply with the ICAV Act and enable the financial statements to be audited. The Directors believe that they have complied with the requirement with regard to adequate accounting records by employing an experienced Administrator with appropriate expertise and adequate resources to prepare the financial statements.

31 December 2020

Directors' Responsibilities Statement (continued)

The Directors are also responsible for safeguarding the assets of the Fund. In this regard they have entrusted the assets of the Fund to the Depositary who has been appointed to the Fund pursuant to the terms of a Depositary Agreement in accordance with the requirements of the UCITS Regulations. The Directors have a general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities. The Directors are also responsible for preparing a Directors' Report that complies with the requirements of the ICAV Act.

The maintenance and integrity of the Waystone Management Company (IE) Limited website for information relating to the DMS UCITS Platform ICAV is the responsibility of the Directors. Legislation in the Republic of Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Corporate Governance Statement

(a) General Requirements

The ICAV is subject to compliance with the requirements of the ICAV Act and the Central Bank UCITS Regulations. During the year under review, the ICAV was subject to corporate governance imposed by:

- i. The ICAV Act which is available for inspection at the registered office of the ICAV;
- ii. The Instrument of Incorporation of the ICAV which is available for inspection at the registered office of the ICAV at 3rd Floor, 76 Lower Baggot Street, Dublin 2, Ireland; and
- iii. The Central Bank UCITS Regulations which can be obtained from the Central Bank's website at: <https://www.centralbank.ie/regulation/industry-market-sectors/funds/ucits> and is available for inspection at the registered office of the ICAV.
- iv. The Euronext Dublin through the Euronext Dublin Code of Listing Requirements and Procedures which can be obtained from the Euronext Dublin's website at <http://www.ise.ie/>.

The Directors have adopted the voluntary Irish Funds (formerly Irish Funds Industry Association) ("IF") Corporate Governance Code for Irish domiciled Collective Investment Schemes and Management Companies, issued 14 December 2011 (the "Code"). The Directors have reviewed and assessed the measures included in the Code and consider its corporate governance practices and procedures since the adoption of the Code as consistent therewith.

(b) Board of Directors

In accordance with the ICAV Act and the Articles, unless otherwise determined by an ordinary resolution of the ICAV in general meeting, the number of Directors may not be less than two. The Board currently comprises of three Directors, two of which are independent and one who is related to the Manager of the ICAV. Details of the current Directors are set out in the "Directors and Other Information" section on page 2, under the heading "Directors".

The Board meets on at least a quarterly basis to fulfil its responsibilities. However, additional meetings in addition to the four meetings may be convened as required and the Board may meet more frequently in general sessions of the Board to discuss matters of general importance to the ICAV. The Board has determined that based on a) Investor(s) profile and b) current review/reporting practices and procedures, the Board is effective in fulfilling its governance responsibilities.

The ICAV operates under the delegated model whereby the Board has appointed Waystone Management Company (IE) Limited ("the "Manager") to act as UCITS Manager to the ICAV and other third party service providers are appointed to the ICAV as outlined below, without abrogating the Board's overall responsibility. The Manager has retained certain functions and conducts ongoing oversight (including risk monitoring) in respect of its delegated functions. The Board has in place mechanisms for monitoring the exercise of such delegated functions which are always subject to the supervision and direction of the Board. These delegations of functions and the appointment of regulated third party entities are detailed in the ICAV's Prospectus. In summary, they are:

1. The Manager has delegated the investment management responsibilities in respect of the Fund to Latitude Investment Management LLP (the "Investment Manager"). The Investment Manager has direct responsibility for the decisions relating to the day to day running of the Fund and it is accountable to the Board of the ICAV for the investment performance of the Fund. The Investment Manager has internal controls and risk management processes in place to seek to ensure that all applicable risks pertaining to its management of the Fund are identified, monitored and managed at all times and appropriate reporting is made to the Board on a quarterly basis.

(Expressed in British Pound)

Corporate Governance Statement (continued)

(b) Board of Directors (continued)

2. The Manager has delegated the responsibilities of Administrator to SEI Investments – Global Fund Services Limited (the “Administrator”) which has responsibility for the day to day administration of the Fund including the calculation of the NAV. The Administrator is regulated by and under the supervision of the Central Bank of Ireland.
3. The Manager has delegated the responsibilities of Registrar and Transfer Agent to SEI Investments – Global Fund Services Limited (the “Registrar and Transfer Agent”) which has responsibility for the receiving and processing of subscription and redemption orders, allotting and issuing Shares and maintaining the Shareholder register for the Shares.
4. The Board has appointed SEI Investments – Depositary and Custodial Services (Ireland) Limited (the “Depositary”) as depositary of its assets which has responsibility for the safekeeping of such assets and exercising independent oversight over how the ICAV is managed, all in accordance with the regulatory framework applicable to the ICAV. The Depositary is regulated by and under the supervision of the Central Bank of Ireland. Brown Brothers Harriman & Co., has been appointed as Sub-Custodian (the “Sub-Custodian”) in accordance with the requirements of the Central Bank to perform in whole or in part any of the Depositary’s duties.

The providers of these services and other service providers are set out in the “Directors and Other Information” section on page 2.

Board materials, including a detailed agenda of items for consideration at each Board meeting, minutes of the previous meeting and reports from various internal and external service providers are generally circulated in advance of the meeting to allow all Directors adequate time to consider the material and assess the performance of the delegate service providers and the Depositary (as the case may be).

The quorum necessary for the transaction of business at a meeting of Directors is two. All Directors generally attend all Board Meetings.

The Board has not directly established any committees to whom business is delegated.

(c) Internal Control and Risk Management Systems in Relation to Financial Reporting

The Board is ultimately responsible for overseeing the establishment and maintenance of adequate internal control and risk management systems of the ICAV in relation to the financial reporting process. The ICAV has delegated certain functions, including the preparation of the financial statements have been outsourced to the Administrator.

The Board has appointed the Administrator to maintain the accounting records of the ICAV independently of the Investment Manager and through this appointment the Board has procedures in place to ensure that all relevant accounting records are properly maintained and are readily available, including production of annual financial statements.

Subject to the supervision of the Board, the appointment of the Administrator is intended to manage rather than eliminate the risk of failure to achieve the ICAV’s financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss. The Board is responsible for assessing the risk of irregularities whether caused by fraud or error in financial reporting and for ensuring that processes are in place for the timely identification of internal and external matters with a potential effect on financial reporting. The Board’s appointment of the Administrator (which is regulated by the Central Bank of Ireland) independent of the Investment Manager is intended to mitigate though not eliminate the risk of fraud or irregularities which may impact the financial statements of the ICAV.

During the year covered by these financial statements, the Board was responsible for the review and approval of the annual financial statements as set out in the Directors’ Responsibilities Statement. The statutory financial statements are required to be audited by Independent Auditors who report annually to the Board on their findings. The Board monitors and evaluates the Independent Auditors’ performance, qualifications and independence. As part of its review procedures, the Board receives presentations from relevant parties including consideration of IFRS and their impact on the annual financial statements, and presentations and reports on the audit process. The Board evaluates and discusses significant accounting and reporting issues as the need arises. The audited annual financial statements of the ICAV are required to be approved by the Board and filed with the Central Bank of Ireland.

Performance

In the first quarter of 2020 financial markets were in turmoil due to the coronavirus pandemic and the resulting partial closure of the global economy. However, during the latter three quarters of the year financial markets staged a strong recovery. This was due to high and sustained levels of monetary and fiscal support across the world. The extreme volatility continues to demonstrate why an investment process such as ours is so important. Most notably this year, the fact that we were defensively positioned entering the crisis afforded us opportunities to take advantage of the market dislocation and purchase new stocks for the fund at very attractive prices. We are pleased with our performance since launch against our twin mandates of capital preservation and growth. After a strong performance during 2020 as a whole, we are well placed to capitalise on the opportunities that will present themselves this coming year.

As at 31 December 2020, the Fund's performance per share classes were as follows:

Share Class	Return	Share Class	Return
Class GBP Acc	4.56%	Class Eur Acc - Class B	4.84%
Class GBP Inc	3.01%	Class Eur Acc - Class I	5.14%
Class GBP Acc - Class B	5.29%	Class Eur Inc	2.76%
Class GBP Acc - Class I	4.83%	Class USD Acc	5.81%
Class GBP Inc - Class I	3.29%	Class USD Acc - Class I	6.07%
Class Eur Acc	4.09%	Class USD Inc	4.17%

Portfolio

Our portfolio of stocks is made up of exceptionally strong businesses, operating highly effective strategies and with favourable medium and long-term industry outlooks. These core holdings form a well-diversified ballast for the portfolio, and we believe offer significant potential for sustained growth over the coming years. We remain focussed on the diversity of our allocation within our equities, as this removes unnecessary risks of having too much exposure to specific market factors. As a result of this, we lagged the market in the earlier part of 2020, given the concentrated performance of the largest technology stocks, and other expensive high growth businesses. As economies reopen and the sources of growth become less scarce, investors will find opportunities from a wider range of industries. A portfolio such as ours should perform well in that environment.

Our portfolio of non-equities currently consists almost entirely of US TIPS. These US government bonds are inflation protected and offer both upside and protection for the portfolio. In 2020, they performed well as yields across the world fell dramatically in response to central bank interest rate cuts. In 2021, they should continue to perform well for investors as inflation expectations move up more rapidly than yields, given what we see as extremely dovish and accommodative views from central banking policy makers. The cash weighting we have maintained provides us with further options to act, when given the opportunity, on both the equity and non-equity portions of the portfolio.

Activity

Over the course of the year we traded more than usual within our equity portfolio, adding eight new positions and selling four. This heightened trading was due to the extreme levels of mispricing across the markets, and added significant contribution to the return of the fund over the year.

Outlook

Entering 2021 our outlook is, as ever, uncertain. Our confidence in our process and our philosophy remains high, and we believe the Fund's long-term diversified approach is very well suited to the current environment. It is clear that expected returns for broader equity markets will be low from this point in the cycle, given their elevated starting valuations. It is our belief that a well-diversified portfolio of stocks will continue to generate attractive returns over time. A variety of risks will increase over the coming years, and our belief is that focussing on fundamental single stock analysis is the greatest way to avoid overarching market risks.

31 December 2020

Annual Depository Report to Investors

We, SEI Investments – Depository and Custodial Services (Ireland) Limited, appointed Depository to Latitude Horizon Fund (“the Fund”) provide this report solely in favour of the investors of the Fund as a body for the year ended 31 December 2020 (“the Accounting Period”).

This report is provided in accordance with the UCITS Regulations – European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (SI No 352 of 2011) as amended, (“the UCITS Regulations”). We do not, in the provision of this report, accept nor assume responsibility for any other purpose or person to whom this report is shown.

In accordance with our Depository obligation as provided for under the UCITS Regulations, we have enquired into the conduct of the Fund for the Accounting Period and we hereby report thereon to the investors of the Fund as follows;

We are of the opinion that the Fund has been managed during the Accounting Period, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Fund by the constitutional documents and by the UCITS Regulations; and
- (ii) otherwise in accordance with the provisions of the constitutional document and the UCITS Regulations.

For and on behalf of SEI Investments – Depository and Custodial Services (Ireland) Limited

Date: 27 April 2021

Independent auditors' report to the shareholders of Latitude Horizon Fund, a sub-fund of DMS UCITS Platform ICAV

Report on the audit of the financial statements

Opinion

In our opinion, the financial statements of Latitude Horizon Fund, a sub-fund of DMS UCITS Platform ICAV:

- give a true and fair view of the sub-fund's assets, liabilities and financial position as at 31 December 2020 and of its results and cash flows for the year then ended;
- have been properly prepared in accordance with International Financial Reporting Standards ("IFRSs") as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Irish Collective Asset-management Vehicles Act 2015 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended).

We have audited the financial statements, included within the Annual Report and Audited Financial Statements, which comprise:

- the Statement of Financial Position as at 31 December 2020;
 - the Statement of Comprehensive Income for the year then ended;
 - the Statement of Cash Flows for the year then ended;
 - the Statement of Changes in Net Assets for the year then ended;
 - the Schedule of Investments as at 31 December 2020; and
 - the notes to the financial statements, which include a description of the significant accounting policies.
-

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) ("ISAs (Ireland)") and applicable law.

Our responsibilities under ISAs (Ireland) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the ICAV in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, which includes IAASA's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the sub-fund's ability to continue as a going concern for a period of at least twelve months from the date on which the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the sub-fund's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report and Audited Financial Statements other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

Based on the responsibilities described above and our work undertaken in the course of the audit, the Irish Collective Asset-management Vehicles Act 2015 requires us to also report the opinion as described below:

- In our opinion, based on the work undertaken in the course of the audit, the information given in the Directors' Report for the year ended 31 December 2020 is consistent with the financial statements.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Directors' Responsibilities Statement set out on page 5 and 6, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view.

The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the sub-fund's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the ICAV or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Our audit testing might include testing complete populations of certain transactions and balances, possibly using data auditing techniques. However, it typically involves selecting a limited number of items for testing, rather than testing complete populations. We will often seek to target particular items for testing based on their size or risk characteristics. In other cases, we will use audit sampling to enable us to draw a conclusion about the population from which the sample is selected.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA website at:

Use of this report

This report, including the opinions, has been prepared for and only for the shareholders of the sub-fund as a body in accordance with section 120 of the Irish Collective Asset-management Vehicles Act 2015 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Irish Collective Asset-management Vehicles Act 2015 exception reporting

Directors' remuneration

Under the Irish Collective Asset-management Vehicles Act 2015 we are required to report to you if, in our opinion, the disclosures of directors' remuneration specified by section 117 of that Act have not been made. We have no exceptions to report arising from this responsibility.

LATITUDE HORIZON FUND (a sub-fund of DMS UCITS Platform ICAV)

Notes to the Financial Statements

For the year ended 31 December 2020

(Expressed in British Pound)

1. Nature of operations

The Latitude Horizon Fund (the “Fund”) is a sub-fund of DMS UCITS Platform ICAV (the “ICAV”). The Fund commenced operations on 1 November 2016. The ICAV was registered in Ireland pursuant to the Irish Collective Asset-management Vehicles Act 2015 (the “ICAV Act”) on 15 June 2015 and authorised by the Central Bank of Ireland (the “Central Bank”) as an Undertaking for Collective Investment in Transferable Securities pursuant to the European Communities (Undertaking for Collective Investment in Transferable Securities) Regulations 2011 (S.I. No 352 of 2011), as amended and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investments in Transferable Securities) Regulations 2019, as amended (collectively the “UCITS Regulations”). The sole objective of the ICAV is the collective investment of its funds in assets and giving members the benefit of the results of the management of its funds.

The ICAV is organised in the form of an umbrella fund with segregated liability between sub-funds. Each sub-fund will have a distinct portfolio of investments and the investment objective and policy of each sub-fund will be formulated by each sub-fund’s respective investment manager. As at 31 December 2020, the following sub-funds were in operation:

Sub-funds	Launch date
Efficient Capital CTA Index Fund *	22 April 2016
P/E FX Strategy Fund	5 May 2016
Latitude Horizon Fund	1 November 2016
Allard Asia UCITS	3 April 2018
Alkeon UCITS Fund	17 December 2018
CIFC Global Floating Rate Credit Fund	23 January 2019
Latitude Global Fund	24 September 2020

* The sub-fund has no shareholders as at 31 December 2020 and is dormant.

The investment objective of the Fund is to achieve long term capital appreciation. The Fund will seek to achieve its investment objective by investing principally in a portfolio of global equities and equity related securities, debt securities, derivatives and currencies.

Latitude Investment Management LLP were appointed Investment Manager to the Fund pursuant to an investment management agreement dated 1 September 2017.

The registered office of the ICAV is 3rd Floor, 76 Lower Baggot Street, Dublin 2, Ireland. SEI Investments - Global Fund Services Limited (the “Administrator”) is the administrator. SEI Investments – Depositary and Custodial Services (Ireland) Limited (the “Depositary”) is the depositary. Brown Brothers Harriman & Co., has been appointed as the sub-custodian (the “Sub-Custodian”) in accordance with the requirements of the Central Bank to perform in whole or in part any of the Depositary’s duties.

2. Basis of Preparation and Significant Accounting Policies

(a) Statement of compliance

The financial statements are prepared in accordance with International Financial Reporting Standards (“IFRS”), as adopted by the European Union and IFRS Interpretation Committee (“IFRS IC”) interpretations as adopted by the European Union, the ICAV Act and the UCITS Regulations. This report presents financial statements as at 31 December 2020 and comparative financial statements as at 31 December 2019.

The accompanying financial statements have been prepared on a going concern basis, which is an appropriate basis of preparation based on the financial position of the Fund as at 31 December 2020 and as no material uncertainties related to events or conditions that may cast significant doubt about the ability of the Fund to continue as a going concern have been identified by the Directors. In making this assessment the Directors considered the potential impact of COVID-19 including the level of redemptions post year end as disclosed in Note 16. Disclosures on liquidity risks and how these are managed are set out in Note 8.

Notes to the Financial Statements (continued)

For the year ended 31 December 2020
(Expressed in British Pound)

2. Basis of Preparation and Significant Accounting Policies (continued)

(b) Basis of preparation

The financial statements are presented in Great British Pound sterling (GBP). The financial statements have been prepared under the going concern and under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss.

The preparation of financial statements in conformity with International Financial Reporting Standards (“IFRS”) as adopted by the European Union requires management to make judgements, critical accounting estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities, income and expense. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period and future periods if the revision affects both current and future periods.

All references to net assets throughout this document refer to net assets attributable to holders of redeemable participating shares, unless otherwise stated.

(c) Changes in relevant accounting standards

Standards, amendments and interpretations effective 1 January 2020

There are no standards, amendments to standards or interpretations that are effective for annual years beginning on 1 January 2020 that have a material effect on the financial statements of the Fund.

Standards, amendments and interpretations that are not yet effective and not been early adopted

There are no standards, interpretations or amendments to existing standards that are not yet effective that would be expected to have a significant impact on the Fund.

(d) Significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

i. Foreign currency translation

Functional and presentation currency

Functional currency is the currency of the primary economic environment in which the Fund operates. The functional currency of the Fund is Sterling (“GBP”), being the Fund’s base currency. Investor subscriptions and redemptions are received and paid in the currency of the relevant Share Class.

All financial information presented in GBP has been rounded to the nearest GBP.

2. Basis of Preparation and Significant Accounting Policies (continued)

(d) Significant accounting policies (continued)

i. Foreign currency translation (continued)

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the year end date.

Foreign exchange gains and losses arising from translation are included in the Statement of Comprehensive Income within 'Net gain/(loss) on foreign exchange translation'.

Foreign exchange gains and losses relating to cash and cash equivalents are presented in the Statement of Comprehensive Income within 'Net gain/(loss) on foreign exchange translation'.

Foreign exchange gains and losses relating to the financial assets and liabilities carried at fair value through profit or loss are presented in the Statement of Comprehensive Income within 'Net gain on financial assets and liabilities at fair value through profit or loss'.

ii. Financial instruments at fair value through profit or loss

Classification

The Fund classifies its investments as financial assets or financial liabilities at fair value through profit or loss.

Recognition, derecognition and measurement

Regular purchases and sales of investments are recognised on the trade date - the date on which Fund commits to purchase or sell the investment. Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed as incurred in the Statement of Comprehensive Income. Transaction fees during the year 2020 were GBP 144,181 (2019: GBP 74,640). Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership in accordance with IFRS 9. The Fund uses the FIFO method to determine realised gains and losses on derecognition. A financial liability is derecognised when the obligation specified in the contract is discharged cancelled or expired.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Realised and unrealised gains and losses arising from changes in the fair value of the 'financial assets or financial liabilities at fair value through profit or loss' category are presented in the Statement of Comprehensive Income within 'Net gain/(loss) on financial assets and liabilities at fair value through profit or loss'.

Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives) are based on quoted market prices at the close of trading on the reporting date. In circumstances where the last traded price is not within the bid-ask spread, management will determine the point within the bid-ask spread that is most representative of fair value.

2. Basis of Preparation and Significant Accounting Policies (continued)

(d) Significant accounting policies (continued)

ii. Financial instruments at fair value through profit or loss (continued)

Cash deposits and similar investments shall be valued at their face value together with accrued interest.

Forward foreign exchange contracts shall be valued as at the valuation point for the relevant dealing day by reference to the prevailing market maker quotations, namely, the price at which a new forward contract of the same size and maturity could be undertaken.

As at 31 December 2020 and 31 December 2019, the Fund did not hold any positions which were priced by management.

iii. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. Please refer to Note 8(g) "Offsetting and amounts subject to master netting/similar agreements" for further details.

iv. Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held on call with banks and other short-term investments in an active market with original maturities of three months or less. The carrying amount approximates fair value due to the short maturity of these investments. These cash balances are regarded as assets of the Fund and are therefore recognised on the Statement of Financial Position.

v. Expenses

Expenses are recognised on an accrual basis.

vi. Income

Interest income relates to interest earned from cash and cash equivalents. Interest income earned on investments held at fair value through profit and loss is based on coupon payments earned on bonds and recognised within the 'Net gain on financial assets and liabilities at fair value through profit or loss' in the Statement of Comprehensive Income.

Dividend income is recognised when the right to receive payment is established and it is shown in the Statement of Comprehensive Income. The Fund currently incurs withholding taxes imposed by certain countries on investment income and capital gains. Such income or gains are recorded gross of withholding taxes in the Statement of Comprehensive Income. Withholding taxes are shown as a separate item in the Statement of Comprehensive Income.

2. Basis of Preparation and Significant Accounting Policies (continued)

(d) Significant accounting policies (continued)

vii. Redeemable participating shares

Redeemable participating shares ("Participating Shares") are redeemable at the shareholder's option and are classified as financial liabilities. The distribution cost, if any, on these Participating Shares is recognised in the Statement of Comprehensive Income as finance costs.

The Participating Shares can be put back to the Fund with effect from any Valuation Day (the Business Day preceding each Dealing Day (being the day upon which redemptions and subscriptions occur, i.e. each business day; and / or any other day which the Directors have determined, subject to advance notice to all shareholders in the Fund and provided there is at least one Dealing Day per fortnight)) for cash equal to a proportionate share of the Fund's net asset value. The Participating Shares are carried at the redemption amount that is payable at the Statement of Financial Position date if the shareholder exercised its right to put the share back to the Fund.

viii. Critical accounting estimates and judgements in applying accounting policies

The Fund makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

ix. Cash held in investor money collection accounts

With effect 1 April 2016, the Central Bank introduced the Investor Money Regulations which introduces new regulations and compliance requirements surrounding client assets. The Administrator reviewed the way in which funds arising out of subscriptions and redemptions were being channelled into and out of the Fund and, arising out of this review, established a separate bank account to administer this process accordingly.

Cash held in investor money collection accounts represents cash balances maintained in an independent cash account in the name of the Fund, which relate to pending issuance of shares or payments of redemptions. These cash balances are regarded as assets of the Fund and are therefore recognised on the Statement of Financial Position. As at 31 December 2020, the balances in these accounts was GBP 46,314 (31 December 2019: GBP 271,629).

x. Cash collateral

Cash held as collateral includes restricted cash balance held at the Fund's clearing brokers and collateral on derivative transactions. As at 31 December 2020, the Fund had GBP Nil (31 December 2019: GBP Nil) residual cash held as collateral.

As at 31 December 2020, all forward foreign exchange contracts were held with Brown Brothers Harriman, who are not currently taking variation margin to cover forward foreign exchange contracts, as to do so would require a CSA to be in place. Instead, Brown Brothers Harriman have a security interest over assets in custody with them, covered under the ISDA they have in place.

xi. Redemptions payable

Redemptions are recognised as liabilities when the amount requested in the redemption notice becomes fixed. This generally may occur either at the time of the receipt of a valid and approved notice, or on the last day of a fiscal year, depending on the nature of the request. As a result, redemptions paid after the end of the year, but based upon year end capital balance are reflected as redemptions payable.

xii. Subscriptions receivable

Subscriptions receivable are reported on the Statement of Financial Position and relate to unsettled subscriptions.

xiii. Securities purchased payable

Securities purchased payable are reported on the Statement of Financial Position and relate to securities that have been contracted for but not yet settled.

3. Taxation

Under current law and practice the ICAV qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act 1997, as amended. On that basis, it is not chargeable to Irish tax on its income or gains.

Notwithstanding the above, Irish tax may arise on the happening of a "chargeable event". A chargeable event includes:

- a) Any distribution payments made to shareholders by the ICAV in respect of their shares;
- b) Any encashment, redemption, cancellation or transfer of shares;
- c) The holding of shares at the end of each eight year period beginning with the acquisition of such shares.

No Irish tax will arise on the ICAV in respect of chargeable events in respect of:

- a) A shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with Section 739D of the Taxes Consolidation Act, 1997, as amended, are held by the ICAV or the ICAV has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations under the ICAV with the necessary signed statutory declarations; and
- b) Certain exempted Irish tax resident shareholders who have provided the ICAV with the necessary signed statutory declarations.

LATITUDE HORIZON FUND (a sub-fund of DMS UCITS Platform ICAV)
Notes to the Financial Statements (continued)

For the year ended 31 December 2020
(Expressed in British Pound)

3. Taxation (continued)

Capital gains, dividends and interest received by the ICAV may be subject to taxes, including withholding taxes in the countries in which the issuers of investments are located, which may be reflected in the Net Asset Value (“NAV”) of the ICAV. Such taxes may not be recoverable by the ICAV or its shareholders.

The Fund has evaluated the tax positions and has concluded that there are no significant tax positions requiring recognition, measurement or disclosure in the financial statements. Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the Statement of Comprehensive Income. During the year ended 31 December 2020, the Fund did not incur any interest or penalties.

4. Share capital

The authorised share capital of the ICAV is €300,002 represented by 300,002 subscriber shares of no par value issued at €1.00 each and 500,000,000,000 shares of no par value. The subscriber shares entitle the shareholders holding them to attend and vote at all meetings of the ICAV, but do not entitle the holders to participate in the dividends or net assets of any Fund.

The ICAV offers the Classes of Shares in the Fund as set out below. The ICAV may also create additional Classes of Shares in the Fund in the future with prior notification to, and clearance in advance by, the Central Bank.

USD Inc – Class I	US Dollars	\$20,000,000	Distributing	Yes
USD Acc – Class I	US Dollars	\$20,000,000	Accumulating	Yes

Each of the Shares entitles the Shareholder to participate equally on a pro rata basis in the dividends and net assets of the Fund in respect of which they are issued, save in the case of dividends declared prior to becoming a Shareholder. The Subscriber Shares entitle the shareholders holding them to attend and vote at all meetings of the ICAV, but do not entitle the holders to participate in the dividends or net assets of any Fund.

The Directors also reserve the right to re-designate any Class of Shares from time to time, provided that shareholders in that Class will first have been notified by the ICAV that the Shares will be re-designated and will have been given the opportunity to have their Shares redeemed by the ICAV.

Each of the Shares entitles the holder to attend and vote at meetings of the ICAV and of the Fund represented by those Shares.

Redemptions

The Directors may impose a gate, as set out below, the effect of which is to limit the redemption of shares of any class. If Redemption Applications on any Dealing Day exceed 10% of the Net Asset Value of the Fund, or such higher percentage as the Directors may determine in their sole discretion in respect of any Dealing Day (the "Gate Amount"), the ICAV may (i) reduce all such Redemption Applications pro rata (in accordance with the size of the Redemption Applications so that Shares redeemed on such Dealing Day, in aggregate, represent only the Gate Amount) and (ii) defer Redemption Applications in excess of the Gate Amount to subsequent Dealing Days, subject to any Gate Amount applicable on any such Dealing Day. On the Dealing Day following the application of a Gate Amount, all redemption requests will be dealt with on a pro rata basis should the gate continue to apply. Except at the sole discretion of the ICAV, any such deferred Redemption Application may not be revoked.

Shareholders may request that Shares be redeemed on any Dealing Day by completing and submitting a Redemption Application to the Administrator in accordance with the procedures set out in the Prospectus. Redemption Applications will generally not be accepted after the Redemption Cut-Off Time. Redemption Applications received after the relevant Redemption Cut-Off Time will be held over until the next applicable Dealing Day, unless the Directors determine in their sole discretion, in exceptional circumstances and where such Redemption Applications are received before the earliest relevant Valuation Point, to accept such Redemption Applications on the relevant Dealing Day.

Shares will be redeemed at the applicable Net Asset Value per Share on the Dealing Day as of which the redemption is effected, subject to any applicable fees associated with such redemption. Subject to any provisions contained herein, distributions in respect of redemptions will be paid in full (on the basis of unaudited data) in the applicable Class Currency of the Shares being redeemed normally within three Business Days after the relevant Dealing Day and in any event will not exceed ten (10) business days following the Redemption Cut-Off Time providing all required anti-money laundering documentation has been received by the Administrator. All payments will be made by transfer to the bank account previously designated by Shareholders for such purpose.

Shares will be redeemed at the applicable NAV per Share on the Dealing Day as of which the redemption is effected, subject to any applicable fees associated with such redemption.

The net assets and NAV per share of each class of shares as at 31 December 2020 are as follows:

Class	Number of shares	NAV per share	Net Assets per Share Class GBP

5. Fees and Expenses (continued)

Platform Fees and Expenses

In respect of its provision of management, administration, depositary, director, audit and other services to the Fund, the Manager will receive a fee (the "Platform Fee") on a sliding scale at a maximum rate of 0.25% of the Net Asset Value of the Fund. The Management Fee is subject to an annual minimum fee of €160,000.

The Platform Fee will accrue at each valuation point and is paid monthly in arrears together with reasonable vouched out of pocket expenses incurred by the Manager.

The Manager is responsible for paying the certain fees and expenses of the Directors, Administrator, Depositary and Auditors (for the annual audit only) out of the Platform Fee. Directors' fees are disclosed in Note 10 "Related Parties". Establishment costs are paid out of the Platform Fee.

During the year ended 31 December 2020, the Fund incurred GBP 419,510 (31 December 2019: GBP 277,066) in Platform Fees and as at 31 December 2020, GBP 40,120 (31 December 2019: GBP 29,917) remained payable.

Audit fees

The Manager shall be responsible for discharging any fees and expenses of the Auditor out of the fee which it receives. Audit fees for the year ended 31 December 2020 were €16,000 (excluding VAT and out of pocket expenses).

Fees in respect of non-audit services

The fees in respect of tax services provided by the auditor to the Fund are GBP 8,573 for the year ended 31 December 2020 (31 December 2019: GBP 16,825).

Voluntary Expense Cap

The Investment Manager has voluntarily agreed to waive the necessary portion of its fee and/or reimburse Fund expenses in order to limit the total annual operating expenses (excluding all taxes, interest, portfolio transaction expenses, acquired fund fees and expenses, proxy expenses and extraordinary expenses) of all Share Classes to 1.95% of the Net Asset Value of the Fund attributable to the relevant Share Class (the "Voluntary Cap"). The Expense Cap may be raised, lowered or eliminated at the discretion of the Investment Manager on ten Business Days' notice to shareholders.

The Voluntary Cap for the year ended 31 December 2020 of expenses reimbursed by the Investment Manager was GBP Nil (31 December 2019: GBP Nil), with GBP Nil receivable at 31 December 2020 (31 December 2019: GBP Nil).

Cash at bank is considered free cash, while cash held in investor money collection account is payable to restricted broker for cash collateral received.

8. Financial risk management

(a) Introduction and overview

The Fund has exposure to the following specific risks from financial instruments:

- market risk (including price risk, currency risk and interest rate risk);
- concentration risk
- liquidity risk; and
- credit risk.

This note presents information about the Fund's exposure to each of the above risks, the Fund's objectives, policies and processes for measuring and managing risk.

Risk management framework

Under the terms and agreement of the management agreement between the Manager and the ICAV, the Manager has the responsibility for the management of the ICAV, comprising the functions of investment management, marketing and administration, with the power to delegate such functions as supervised by the Directors of the ICAV.

The risk monitoring process for the Fund is the responsibility of the Board of Directors of the ICAV (the "Board of the ICAV"), together with the Fund's Investment Manager.

The Investment Manager is required to put in place measures to ensure that each of the specific management functions, including risk management, can be monitored effectively at any time. The Investment Manager has significant expertise and experience in the management, including investment management and administration, of collective investment schemes.

The Investment Manager is responsible for the compliance and monitoring of risk levels with the responsibility for risk management to assess the quality and adequacy of the control environment to manage risk for the Fund on a daily basis.

8. Financial risk management (continued)

(b) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market variables such as interest rates, foreign exchange rates and investment prices. The likelihood of these types of adverse changes and the extent to which they affect the business of the Fund cannot always be accurately predicted.

(i) Price Risk

Price risk is the risk that the value of an investment may fluctuate as a result of changes in market prices, whether caused by factors specific to an individual investment or all factors affecting all instruments traded in the market.

The following tables detail the Fund's price risk exposure:

31 December 2020	Exposure GBP	Sensitivity GBP
Common Stock	85,892,116	8,589,212
31 December 2019	Exposure GBP	Sensitivity GBP
Common Stock	70,763,275	7,076,328

Sensitivity analysis

If the price of the investments increased by 10%, this would have resulted in a movement in net assets as shown in tables above.

A decrease would have resulted in an equal but opposite movement. 10% is deemed by management to be a reasonable estimate in price movements of the portfolio.

The Investment Manager attempts to mitigate this risk by maintaining a diversified portfolio.

Limitations of sensitivity analysis

The sensitivity analyses disclosed above are subject to a number of limitations, as follows:

1. The methodology is based on historical data and cannot take account of the fact that future market price movements, correlations between markets and levels of market liquidity in conditions of market stress may bear no relation to historical patterns;
2. The market price risk information is a relative estimate of risk rather than a precise and accurate number;
3. The market price information represents a hypothetical outcome and is not intended to be predictive; and
4. Future market conditions could vary significantly from those experienced in the past.

(ii) Currency Risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Fund invests in securities and other investments that are denominated in currencies other than the functional currency of the Fund. Accordingly, the value of the Fund's assets may be affected favourably or unfavourably by fluctuations in currency rates and therefore the Fund will be subject to foreign exchange risks.

	108,071,499	76,777	-	-	(108,210,293)	(62,017)	(3,100)

Sensitivity analysis

As at 31 December 2020 and 31 December 2019, had the GBP weakened by 5% in relation to all currencies, with all other variables held constant, the increase in the value of the Fund's investments and other net assets and liabilities including cash and cash equivalents denominated in currencies other than GBP attributable to holders of redeemable participating shares is disclosed above.

A 5% strengthening of the GBP would have resulted in an equal but opposite effect on the above financial statement amounts on the basis that all other variables remain constant.

(iii) Interest Rate Risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments.

Exposure to Interest Rate Risk

The Fund is exposed to the risk that the fair value or future cash flows from its financial instruments will fluctuate as a result of changes in market interest rates. The Fund monitors its exposure to market interest rates through its investments and cash balances. (d) Liquidity risk

This is the risk that a lack of a market in certain portfolio securities could prevent the Fund from liquidating unfavourable positions or prevent the Fund from funding redemption requests from existing shareholders. The Directors have the ability to temporarily suspend the issue, valuation, sale, purchase and/or redemption of shares in the Fund where unforeseen circumstances occur. The Prospectus has further details on the temporary suspension of dealings. The following tables illustrate the potential liquidity of financial liabilities at fair value through profit or loss:

As at 31 December 2020 and 31 December 2019, the Fund did not hold any securities that in the Investment Manager's opinion could not be liquidated within a reasonable timeframe. During 2020, global financial markets experienced and may continue to experience significant volatility resulting from the spread of COVID-19. The Fund holds a mixture of government bonds, common stocks and forward foreign currency contracts, all of which are liquid and can be sold quickly if required.

8. Financial risk management (continued)

(e) Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund, resulting in a financial loss to the Fund.

The Fund seeks to minimise its liquidity risk through continuous monitoring of the credit rating of the different counterparties and through compliance with the UCITS Regulations in terms of investment restrictions.

The Fund's maximum credit risk exposure at the Statement of Financial Position date is represented by the respective carrying amounts of the financial instruments in the Statement of Financial Position, including cash and cash equivalents, cash held in investor money collection account and financial derivative instruments held at the year end.

At 31 December 2020, all investments, derivative contracts and cash and cash equivalents were held with Brown Brothers Harriman, which had credit rating of A+ by Fitch Ratings Inc., (31 December 2019: A+). Cash held in investor money collection account were held with Northern Trust Corporation, which had credit rating of AA- by Fitch Ratings Inc., (31 December 2019: AA-).

At 31 December 2020, the Fund held two United States Treasury Inflation Indexed Bonds which had a rating of AAA by Fitch Ratings Inc., and one United Kingdom Treasury Bill which had a rating of AA by Fitch Ratings Inc. At 31 December 2019, the Fund held three United States Treasury Inflation Indexed Bonds which had a rating of AAA by Fitch Ratings Inc., and five United Kingdom Treasury Bills which had a rating of AA by Fitch Ratings Inc.

(f) Fair value measurement

As the Fund's investments are classified as financial assets and financial liabilities at fair value through profit or loss, the carrying value of the Fund's investments is a reasonable approximation of fair value. The Fund's accounting policy on fair value measurements is discussed in Note 2(d). The Fund measures fair values, as defined by IFRS 13 'Fair Value Measurement' ("IFRS 13"), using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Quoted market price (unadjusted) in an active market for an identical instrument.
- Level 2: Valuation techniques based on observable inputs, either directly (i.e. as prices) or indirectly (i.e. derived from prices). This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.
- Level 3: Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments where significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

Fair values of financial assets and financial liabilities that are traded in active markets are based on quoted market prices or dealer price quotations. For all other financial instruments, the Fund determines fair values using valuation techniques as described in Note 2.

The Fund and its counterparty have elected to settle all transactions on a gross basis, however, each party has the option to settle all open contracts on a net basis in the event of default of the other party. Per the terms of the master netting agreement, an event of default includes the following:

- failure by a party to make payment when due;
- failure by a party to perform any obligation required by the agreement (other than payment) if such failure is not remedied within 30 days after notice of such failure is given to the party;
- bankruptcy.

(f) Efficient portfolio management

The Fund may engage in transactions in financial derivative instruments ("FDI") for the purposes of efficient portfolio management to reduce risk, reduce costs, generating additional capital at an appropriate risk level and/or to protect against exchange rate risks within the conditions and limits laid down by the Central Bank from time to time. The FDIs that the Fund may use for efficient portfolio management are forward foreign currency contracts. The Investment Manager will look to ensure that the techniques and instruments used are economically appropriate in that they will be realised in a cost-effective way.

LATITUDE HORIZON FUND (a sub-fund of DMS UCITS Platform ICAV)
Appendix 2 – UCITS V Disclosures (Unaudited)

31 December 2020

(Expressed in British Pound)

Waystone Management Company (IE) Limited is authorized and regulated as a UCITS Manager (the “Manager”) by the Central Bank under the European Union (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 as amended from time to time (“UCITS Regulations”). The Manager has appointed Latitude Investment Management LLP as the “Investment Manager” to carry out discretionary investment management in relation to the Latitude Horizon Fund (the “Fund”), a sub-fund of DMS UCITS Platform ICAV.

Investment Objective of the Fund

The assets of each Fund must be invested in accordance with the restrictions on investments set out in the UCITS Regulations and such additional investment restrictions in accordance with Central Bank requirements. The investment objective of the Fund is to achieve long term capital appreciation through investment in a portfolio of global equities and equity related securities, debt securities, derivatives and currencies.

Remuneration Policy

The Manager has implemented a Remuneration Policy which is in line with the provisions of the UCITS Regulations and in accordance with the European Securities Market Authority Guidelines on Sound Remuneration Policies under the UCITS Directive (ESMA/2016/575). It is consistent with the business strategy, objectives, values and interests of the Manager, the ICAV and the Shareholders of the ICAV and includes measures to avoid conflicts of interest. The objective of this Policy is to ensure that the Manager maintains and applies a sound and prudent remuneration process, which identifies and manages any conflicts of interest, promotes sound and effective risk management and does not encourage risk taking which is inconsistent with the risk profile of the Manager or the risk profiles and rules of the managed UCITS.

The Manager has established a Remuneration Policy to ensure that the requirements of the Remuneration Code are met proportionately for all relevant staff. This policy applies to the Manager and the Funds it manages. In accordance with the proportionality provisions of the ESMA Guidelines on Remuneration and taking into account its size, nature and the scope of its activities, the Board has dis-applied the requirements of the ESMA Guidelines in relation to the following: variable remuneration in instruments, retention, deferral, ex post incorporation of risk for variable remuneration (together, with the immediately foregoing bullets points, the Pay-out Process Rules); and the requirement to establish a remuneration committee.

Employee remuneration disclosure

The table below provides an overview of Aggregate total remuneration paid by the Manager to all staff; and aggregate total remuneration paid by the Manager to Manager Remuneration Code Staff. The total remuneration in relation to the Fund has been calculated by apportioning the total remuneration costs based on the AUM of the Fund as a percentage of the total AUM of Funds managed by the Manager.

	Headcount	Total Remuneration (GBP £'000s)
Manager staff (apportioned to Fund)	32	36
<i>of which</i>		
<i>Fixed remuneration</i>	32	36
<i>Variable remuneration</i>	n/a	0
<i>Carried interest</i>	n/a	0
Remuneration Code Staff	32	3,673
<i>of which</i>		
<i>Senior Management</i>	32	3,673
<i>Other Code Staff</i>	0	0

Manager Activities

The following table provides an overview of the size and composition of the fund managed by the Manager. This shows the total number of funds managed as at 31 December 2020.

	Number of Sub-Funds	AUM GBP (Millions)	% of AUM
<i>Waystone Management Company (IE) Limited</i>	192	17,656	100%
<i>of which UCITS Funds</i>	24	2,031	12%
<i>Latitude Horizon Fund</i>	1	173	0.98%

Risk Management & Risk Profile

The risk management function has effective policies and procedures in order to identify, measure, manage and monitor, on an on-going basis, all risks relevant to the Fund's investment strategy, and to ensure that the risk profile is consistent with the risk limits. The risk management function monitors compliance with these risk limits and the Manager's Chief Risk Officer manages situations when the Fund's risk profile is inconsistent with these limits. There were no significant changes to systems during the year.

Operational Risk

The Manager has operational risk management policies and procedures in order to identify, measure, manage and monitor appropriately operational risks including professional liability risks to which the Fund is or could be reasonably exposed. As a result of this ongoing review, the Manager is satisfied that the control framework in place is adequate for the services being provided to the Fund. There have been no material changes to the above process since the Manager was appointed. There were no areas of concern identified by the Manager.

Leverage

The Fund may be leveraged through the use of derivatives. In accordance with the UCITS regulations, the Fund's global exposure will not exceed total net assets i.e. the Fund will not be leveraged in excess of 100% of its Net Asset Value, through the use of derivatives. The ICAV will use the commitment approach to calculate the global exposure of the Fund. The commitment approach is a methodology that aggregates the underlying market or notional values of derivatives to determine the degree of global exposure of a Fund to derivatives.

The Risk Profile of the Fund at 31 December 2020 is as follows:

Risk Analysis	Value
Euro Debt Crisis Summer 2011	-4.80%
Global Financial Crisis	-21.98%
All Equities -30%	-14.91%
