

## KEY INVESTOR INFORMATION

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

COHEN & STEERS

### European Real Estate Securities Fund

**Class F Inc (EUR) Shares (ISIN: LU2337601020) and Class F Acc (EUR) Shares (ISIN: LU2337600998)**  
**Class F Inc (GBP) Shares (ISIN: LU2337600725) and Class F Acc (GBP) Shares (ISIN: LU2337600642)**

This is a sub-fund of the Cohen & Steers SICAV. Cohen & Steers Ireland Limited is the management company of the Fund.

#### Objectives and Investment Policy

The Fund's objective is to produce both income and capital growth by investing the majority of its assets in shares of companies and investment trusts engaged in the real estate industry in Europe. The Fund invests primarily in companies located in developed countries. The Fund may also invest to a limited extent in shares of companies located in frontier countries and emerging market countries. The Fund's investment may include rights, debt securities and other instruments that can be exercised to obtain shares. The Fund may also invest in preferred shares. The Fund may not exceed 10% investment of its assets in other funds. The Fund may invest in financial instruments whose value is based on the value or characteristics of one or more underlying assets (derivatives) for hedging purposes although it has not historically done so.

The Fund is actively managed. The investment manager currently uses FTSE EPRA Nareit Developed Europe Real Estate UCITS Capped Index (Net) for its internal analysis and for comparison with the investment performance, holdings, and other characteristics of the Fund in materials provided to shareholders and potential investors, but the composition of the portfolio

holdings of the Fund is not constrained by the composition of its benchmark as a result. Active management of the Fund may result in the minority or majority of the portfolio being components of the benchmark while also including securities that are not components of this benchmark. Because the Fund's investment objective and policy focus on the same sector as this benchmark, the investment performance, holdings, and other characteristics of the Fund may resemble those of the benchmark. Such characteristics are the result of the exercise of full discretion over the Fund based on current market conditions.

Investment in the Fund is suitable for a long-term investor who is able to tolerate stock market volatility and potential loss of capital.

Income arising from the Fund will be distributed to shareholders of Class F Inc Shares semi-annually, while all such income will be reinvested in Class F Acc Shares. Class F Inc and F Acc Shares are each available in EUR and GBP.

You may buy or sell shares of the Fund on demand on any Luxembourg business day.

Class F Inc and F Acc Shares are only available at the Fund's discretion.

#### Risk and Reward Profile

Calculated using annualized volatility on monthly performance returns of Share Class F Acc GBP (LU2337600642)

The Fund is in risk category 6 because the volatility of past returns of the Fund's benchmark has been very high. All investments, including an investment in the Fund, involve risks that cannot be predicted.

The categorization above is based on historical information, may not be a reliable indication of the future performance of the Fund, and may shift over time. The lowest category does not mean risk free. Because investments are concentrated in the infrastructure industry, the Fund will be sensitive to the performance of this industry, which can be cyclical and may be negatively affected by financing challenges, government regulation and low demand. The Fund invests globally, including in frontier countries and emerging markets, and is thus subject to changing currency exchange rates and costs and economic and political conditions in various countries; these risks are often heightened in emerging markets. The Fund's investment may include smaller companies whose share prices may be more volatile than larger companies. Any investment in derivatives would expose the Fund to additional risks, including risk of loss in the event of counterparty default.

## Charges for this Fund

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	None
Exit charge	None
Charges taken from the Fund over a year	
Ongoing charges	0.65%
Charges taken from the Fund under certain specific conditions	
Performance fee	None

The entry and exit charges shown are maximum figures.

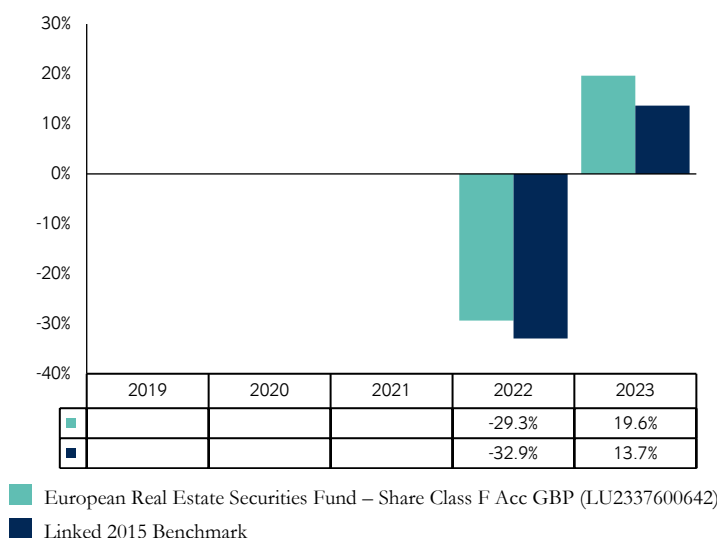

The ongoing charges figure is based on expenses for the year ending December 2023. This figure may vary from year to year. It excludes:

- Performance fees
- Portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling units in another collective investment undertaking

\*Maximum potential expenses are shown. The Fund's investment manager has undertaken to reimburse the Fund for ongoing charges that exceed this amount annually.

**For more information about charges, please see the section entitled "Charges and Expenses" in the Cohen & Steers SICAV's prospectus, which is available at [www.cohenandsteers.com](http://www.cohenandsteers.com)**

## Past Performance

Past performance is not a guarantee of future performance. An investor cannot invest directly in an index and index performance does not reflect the deduction of any fees, expenses, or taxes. Index comparisons have limitations as volatility and other characteristics may differ from a particular investment.

Total returns, provided by the Fund's investment manager, reflect the percentage change in net asset value of Class F Inc (EUR) Shares and Class F Acc (EUR) Shares, Class F Inc (GBP) Shares and Class F Acc (GBP) Shares of the Fund for each complete year of investment. Performance since 31 December 2023 may differ, perhaps significantly, from performance shown. Total returns have been calculated in U.S. dollars and include change in net asset value, fees and charges (excluding sales charges) and reinvestment of distributions. Fund performance changes over time and the value of shares may fall as well as rise, so that your shares, when redeemed, may be worth more or less than their original cost to you. Performance for other share classes of the Fund is available upon request.

## Practical Information

- State Street Bank International GmbH, Luxembourg Branch is Cohen & Steers SICAV's custodian bank.
- Further information about Cohen & Steers SICAV, including the prospectus, the latest annual and semi-annual reports as well as the key investor information documents of the Cohen & Steers SICAV and other practical information such as where to find the latest prices of shares, may be obtained in several languages, free of charge at: Cohen & Steers SICAV, c/o State Street Bank International GmbH, Luxembourg Branch, 49, Avenue J.F. Kennedy, L-1855 Luxembourg, Tel.: + 352 464 010 600, Fax: + 352 24 52 95 01, or at [www.cohenandsteers.com](http://www.cohenandsteers.com). - The Fund is one of several sub-funds under the Cohen & Steers SICAV umbrella fund. This document describes the F Inc and F Acc Share

Classes of the Fund, and the prospectus and periodic reports are prepared for the Cohen & Steers SICAV. The assets and liabilities of each sub-fund of the Cohen & Steers SICAV are segregated by law, which means that only the gains and losses of the Fund are relevant for the investor. Other share classes are available for this sub-fund. For more details, please consult [www.cohenandsteers.com](http://www.cohenandsteers.com). It may be possible to exchange your investment in share(s) of this sub-fund for investment in share(s) of this or another sub-fund of the Cohen & Steers SICAV. You can find details in the prospectus of Cohen & Steers SICAV.

- For investors in Switzerland: The state of the origin of the fund is Luxembourg. In Switzerland, the representative is ACOLIN Fund Services AG, Leutschenbachstrasse 50, CH-8050 Zurich, whilst the paying agent is Helvetische Bank AG, Seefeldstrasse 215, CH-8008, Zurich. The prospectus, the basic information sheet or the key investor information documents, the articles of association as well as the annual and semi-annual reports may be obtained free of charge from the representative. This document provides the investors with key investor information. It is not marketing material.
- The Fund promotes environmental and social characteristics according to article 8 of the Regulation (EU) 2019/2088. As such, the Fund invests in companies with strong ESG positioning (including companies having explicit greenhouse gas (GHG) reduction targets) and excludes companies in breach of the UN Global Compact principles or involved in certain controversies. In addition, the Fund commits to own a segment consisting of sustainable debt and will engage with portfolio companies that have a bottom quintile ESG score relative to the investment universe in order to promote positive change in their ESG disclosures and/or ESG practices.
