Supermicro Announces Fourth Quarter and Full Year Fiscal Year 2023

Financial Results

SAN JOSE, Calif. -- August 8, 2023 (BUSINESS WIRE) -- Super Micro Computer, Inc. (Nasdaq: SMCI), a Total IT Solution Provider for Cloud, AI/ML, Storage, and 5G/Edge, today announced fourth quarter and full-year financial results for fiscal year 2023 ended June 30, 2023.

Fourth Quarter of Fiscal Year 2023 Highlights

- Net sales of \$2.18 billion versus \$1.28 billion in the third quarter of fiscal year 2023 and \$1.64 billion in the same quarter of last year.
- Gross margin of 17.0% versus 17.6% in the third quarter of fiscal year 2023 and 17.6% in the same quarter of last year.
- Net income of \$194 million versus \$86 million in the third quarter of fiscal year 2023 and \$141 million in the same quarter of last year.
- Diluted net income per common share of \$3.43 versus \$1.53 in the third quarter of fiscal year 2023 and \$2.60 in the same quarter of last year.
- Non-GAAP diluted net income per common share of \$3.51 versus \$1.63 in the third quarter of fiscal year 2023 and
 \$2.62 in the same quarter of last year.
- Cash flow used in operations for the fourth quarter of fiscal year 2023 of \$9 million and capital expenditures of \$8 million.

Non-GAAP gross margin for the fourth quarter of fiscal year 2023 was 17.1%, which adds back stock-based compensation expense of \$1 million. Non-GAAP diluted net income per common share for the fourth quarter of fiscal year 2023 was \$3.51, with adjustments for stock-based compensation expenses of \$13 million, net of the related tax effects of \$5 million.

As of June 30, 2023, total cash and cash equivalents was \$440 million and bank debt was \$290 million.

"Supermicro's record revenue and 37% year-over-year growth for fiscal year 2023 validates our global leadership position in AI accelerated compute platforms," said Charles Liang, President and CEO of Supermicro. "We continue to see unprecedented demand for AI and other advanced applications requiring optimized rack-scale solutions. We are in a great position to continue our growth momentum given our record new design wins, customers, and backlog for our best-in-class rack-scale Total AI & IT Solutions."

Fiscal Year 2023 Summary

Net sales for the fiscal year ended June 30, 2023, were \$7.12 billion versus \$5.20 billion for the fiscal year ended June 30, 2022. Net income for fiscal year 2023 was \$640 million, or \$11.43 per diluted share, versus \$285 million, or \$5.32 per diluted share, for fiscal year 2022. Non-GAAP net income for fiscal year 2023 was \$673 million, or \$11.81 per diluted share, versus \$311 million, or \$5.65 per diluted share, for fiscal year 2022. Non-GAAP net income for fiscal year 2023 adds back stockbased compensation expense of \$54 million and litigation recovery of \$4 million, net of the related tax effects of \$17 million.

Business Outlook and Management Commentary

For the first quarter of fiscal year 2024 ending September 30, 2023, the Company expects net sales of \$1.90 billion to \$2.20 billion, GAAP net income per diluted share of \$2.02 to \$2.80 and non-GAAP net income per diluted share of \$2.75 to \$3.50. The Company's projections for GAAP and non-GAAP net income per diluted share assume a tax rate of approximately 14.7% and 15.4%, respectively, and a fully diluted share count of 56 million shares for GAAP and fully diluted share count of 57 million shares for non-GAAP. The outlook for Q1 of fiscal year 2024 GAAP net income per diluted share includes approximately \$44 million in expected stock-based compensation expense and other expenses, net of related tax effects of \$9 million, which are excluded from non-GAAP net income per diluted share.

For fiscal year 2024 ending June 30, 2024, the Company expects net sales of \$9.5 billion to \$10.5 billion.

Conference Call and Webcast Information

Supermicro will hold a public webcast at 2:00 p.m. PDT today to discuss the results for its fourth quarter and full-year fiscal 2023 financial results. Those wishing to access the live webcast may use the following link:

https://events.q4inc.com/attendee/910502687

The **conference call** can be accessed by **registering online** at:

https://conferencingportals.com/event/AcFjVwZF

After registering, a confirmation will be sent through email, including dial-in details and unique conference call codes

for entry. Registration is open during the live call, but to ensure connectivity for the full call, it is recommended that

participants register a day in advance and dial-in for the call at least 10 minutes before the start of the call.

A replay of the webcast will be available shortly after the call on the Company's investor relations website (https://

ir.supermicro.com) and will remain accessible for one year.

Cautionary Statement Regarding Forward-Looking Statements

Statements contained in this press release that are not historical fact may be forward looking statements within the meaning of

Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such forward looking

statements may relate to, among other things, the first quarter of fiscal year 2024 and full year fiscal 2024 guidance; demand

for AI and other advanced applications; and the Company's position to continue growth. Such forward looking statements do

not constitute guarantees of future performance and are subject to a variety of risks and uncertainties that could cause our

actual results to differ materially from those anticipated, including: (i) our quarterly operating results may fluctuate, which

could cause rapid declines in our stock price, (ii) as we increasingly target larger customers and larger sales opportunities, our

customer base may become more concentrated, our cost of sales may increase, our margins may be lower and our sales may be

less predictable, (iii) if we fail to meet publicly announced financial guidance or other expectations about our business, our

stock could decline in value, (iv) the average sales prices for our server solutions could decline if customers do not continue to

purchase our latest generation products or additional components, and (v) adverse economic conditions may harm our

business. Additional factors that could cause actual results to differ materially from those projected or suggested in any

forward looking statements are contained in our filings with the Securities and Exchange Commission, including those factors

discussed under the caption "Risk Factors" in such filings, particularly in our Annual Report on Form 10-K for our fiscal year

ended June 30, 2022, and Quarterly Reports on Form 10-Q filed thereafter.

Use of Non-GAAP Financial Measures

Non-GAAP gross margin discussed in this press release adds back stock-based compensation expenses and other expenses. Non-GAAP diluted net income per common share discussed in this press release adds back stock-based compensation expenses, litigation settlement costs, special performance bonuses and litigation expense (recovery), adjusted for the related tax effects. Management presents non-GAAP financial measures because it considers them to be important supplemental measures of performance. Management uses the non-GAAP financial measures for planning purposes, including analysis of the Company's performance against prior periods, the preparation of operating budgets and to determine appropriate levels of operating and capital investments. Management also believes that the non-GAAP financial measures provide additional insight for analysts and investors in evaluating the Company's financial and operational performance. However, these non-GAAP financial measures have limitations as an analytical tool and are not intended to be an alternative to financial measures prepared in accordance with GAAP. A reconciliation of GAAP gross margin to non-GAAP gross margin and from GAAP diluted net income per common share is included in the tables below.

About Super Micro Computer, Inc.

Supermicro (NASDAQ: SMCI) is a global leader in Application-Optimized Total IT Solutions. Founded and operating in San Jose, California, Supermicro is committed to delivering first to market innovation for Enterprise, Cloud, AI and 5G Telco/Edge IT Infrastructure. We are transforming into a Total IT Solutions provider with server, AI, storage, IoT and switch systems, software and services while continuing to deliver advanced high-volume motherboard, power, and chassis products. The products are designed and manufactured in-house (in US, Taiwan, and Netherlands) leveraging global operations for scale and efficiency and optimized to improve TCO and reduce environmental impact (Green Computing). The award-winning portfolio of Server Building Block Solutions® allows customers to optimize for their exact workload and application by selecting from a broad family of systems built from our flexible and reusable building blocks that support a comprehensive set of form factors, processors, memory, GPUs, storage, networking, power and cooling solutions (air conditioned, free air cooling or liquid cooling).

Supermicro, Server Building Block Solutions, and We Keep IT Green are trademarks and/or registered trademarks of Super Micro Computer, Inc.
