### 1. NATURE OF OPERATIONS, BASIS OF PRESENTATION

Amaroq Minerals Ltd. (the "Corporation") was incorporated on February 22, 2017, under the Canada Business Corporations Act. As of June 19, 2024, the Corporation completed its continuance from the *Canada Business Corporations Act* into the Province of Ontario under the *Business Corporations Act (Ontario)*. The Corporation's head office is situated at 100 King Street West, Suite 3400, First Canadian Place, Toronto, Ontario, M5X 1A4, Canada. The Corporation operates in one industry segment, being the acquisition, exploration and development of mineral properties. It owns interests in properties located in Greenland. The Corporation's financial year ends on December 31. Since July 2017, the Corporation's shares are listed on the TSX Venture Exchange (the "TSX-V"). Since July 2020, the Corporation's shares are also listed on the AIM market of the London Stock Exchange ("AIM") and from November 1, 2022, on Nasdaq First North Growth Market Iceland which were transferred on September 21, 2023 on Nasdaq Main Market Iceland ("Nasdaq") under the AMRQ ticker.

These unaudited condensed interim consolidated financial statements for the six months ended June 30, 2024 ("Financial Statements") were approved by the Board of Directors on August 14, 2024.

#### 1.1 Basis of presentation and consolidation

The Financial Statements include the accounts of the Corporation and those of its 100% owned subsidiary Nalunaq A/S, company incorporated under the Greenland Public Companies Act. The Financial Statements also include the Corporation's 51% equity share of Gardaq A/S, a joint venture with GCAM LP (Note 3).

The Financial Statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") including International Accounting Standard ("IAS") 34, Interim Financial Reporting. The Financial Statements have been prepared under the historical cost convention.

The Financial Statements should be read in conjunction with the audited annual financial statements for the year ended December 31, 2023, which have been prepared in accordance with IFRS as issued by the IASB. The accounting policies, methods of computation and presentation applied in these Financial Statements are consistent with those of the previous financial year ended December 31, 2023.

### 2. CRITICAL ACCOUNTING JUDGMENTS AND ASSUMPTIONS

The preparation of the Financial Statements requires Management to make judgments and form assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements and reported amounts of expenses during the reporting period. On an ongoing basis, Management evaluates its judgments in relation to assets, liabilities and expenses. Management uses past experience and various other factors it believes to be reasonable under the given circumstances as the basis for its judgments. Actual outcomes may differ from these estimates under different assumptions and conditions.

In preparing the Financial Statements, the significant judgements made by Management in applying the Corporation accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Corporation's audited annual financial statements for the year ended December 31, 2023.

#### 3.1 Financial Asset – Related Party

Subject to a Subscription and Shareholder Agreement dated 13 April 2023, the Corporation undertakes to subscribe to two ordinary shares in Gardaq (the “Amaroq shares”) at a subscription price of GBP 5,000,000 no later than 10 business days after the third anniversary of the completion of the subscription agreement.

Amaroq’s subscription will be completed by the conversion of Gardaq’s related party balance into equity shares. Gardaq’s related party payable balance consists of overhead, management, general and administrative expenses payable to the Corporation. In the event that the related party payable balance is less than GBP 5,000,000, the Corporation shall, no later than 10 business days after the third anniversary of Completion:

- (a) subscribe to one Amaroq share by conversion of the amount payable to the Corporation,
- (b) subscribe to one Amaroq share at a subscription price equal to GBP 5,000,000 less the amount payable to the Corporation

In the event that the amount payable to the Corporation exceeds GBP 5,000,000, the Corporation shall subscribe to the Amaroq shares at a subscription price equal to GBP 5,000,000 by conversion of GBP 5,000,000 of the amount due from Gardaq. Gardaq shall not be liable to repay any of the balance payable to the Corporation that exceeds GBP 5,000,000 (equivalent to CAD 8,647,100 as at 30 June 2024). See note 13.1.

During the six-month period ended 30 June 2024, the Corporation determined that the financial asset should be reclassified to the non-current asset category since the amount will be settled during April 2026. As a result, an amount of \$4,975,422 has been reclassified to non-current assets as at 30 June 2024 (\$3,521,938 reclassified as at 31 December 2023, nil as at 31 December 2022).

#### 6.1 Revolving Credit Facility

A \$25 million (US\$18.5 million) Revolving Credit Facility ("RCF") was entered into with Landsbankinn hf. and Fossar Investment Bank on September 1, 2023, with a two-year term expiring on September 1, 2025 and priced at the Secured Overnight Financing Rate ("SOFR") plus 950bps. Interest is capitalized and payable at the end of the term.

The RCF is denominated in US Dollars and the SOFR interest rate is determined with reference to the CME Term SOFR Rates published by CME Group Inc. The RCF carries (i) a commitment fee of 0.40% per annum calculated on the undrawn facility amount and (ii) an arrangement fee of 2.00% on the facility amount where 1.5% has been paid on the closing date of the facility and 0.50% is to be paid on or before the first draw down. The facility is not convertible into any securities of the Corporation.

The facility will be secured by (i) a bank account pledge from the Corporation and Nalunaq A/S, (ii) share pledges over all current and future acquired shares in Nalunaq A/S and Gardaq A/S held by the Corporation pursuant to the terms of share pledge agreements, (iii) a proceeds loan assignment agreement, (iv) a pledge agreement in respect of owner's mortgage deeds and (v) a licence transfer agreement. The Corporation has not yet drawn on this facility.

This facility will be replaced by the new revolving credit facilities that are expected to be finalized subsequent to the interim financial reporting date (see note 16).

### 6. CONVERTIBLE NOTES (CONT'd)

#### 6.2 Convertible notes

Convertible notes represent \$30.4 million (US\$22.4 million) notes issued to ECAM LP (US\$16 million), JLE Property Ltd. (US\$4 million) and Livermore Partners LLC (US\$2.4 million) on September 1, 2023 with a four-year term and a fixed interest rate of 5%. The conversion price of \$0.90 per common share is the closing Canadian market price of the Amaroq shares on the day, prior to the closing day of the Debt Financing.

The convertible notes are denominated in US Dollars and will mature on September 30, 2027, being the date that is four years from the convertible note offering closing date. The principal amount of the convertible notes will be convertible, in whole or in part, at any time from one month after issuance into common shares of the Corporation ("Common Shares") at a conversion price of \$0.90 (£0.525) per Common Share for a total of up to 33,812,401 Common Shares. The Corporation may repay the convertible notes and accrued interest at any time, in cash, subject to providing 30 days' notice to the relevant noteholders, with such noteholders having the option to convert such convertible notes into Common Shares at the conversion price up to 5 days prior to the redemption date. If the Corporation chooses to redeem some but not all of the outstanding convertible notes, the Corporation shall redeem a pro rata share of each noteholder's holding of convertible notes. The Corporation shall pay a commitment fee to the holders of the convertible notes of, in aggregate, \$5,511,293 (US\$4,484,032), which shall be paid pro rata to each noteholder's holding of convertible notes. The commitment fee is payable on the earlier of (a) the date falling 20 business days after all amounts outstanding under the Bank Revolving Credit Facility have been repaid in full, but no earlier than the date that is 24 months after the date of issuance of the notes; and (b) the date falling 30 (thirty) months after the date of the subscription agreement in respect of the notes, irrespective of whether or not notes have converted at that date or been repaid.

The convertible notes will be secured by (i) bank account pledge agreements from the Corporation and Nalunaq A/S, (ii) share pledges over all current and future acquired shares in Nalunaq A/S and Gardaq A/S held by the Corporation pursuant to the terms of share pledge agreements, (iii) a proceeds loan assignment agreement, (iv) a pledge agreement in respect of owner's mortgage deeds and (v) a licence transfer agreement.

The convertible notes represent hybrid financial instruments with embedded derivatives requiring separation. The debt host portion (the "Host") of the instrument is initially recognised at fair value and subsequently measured at amortized cost, whereas the aggregate conversion and repayment options (the "Embedded Derivatives") are classified at fair value through profit and loss (FVTPL).

The fair value of the convertible notes at inception was recognized at \$30.4 million (US\$22.4 million) and \$19.4 million (US\$14.3 million) embedded derivative component was isolated and determined using a Black Scholes valuation model which required the use of significant unobservable inputs. As of June 30, 2024, the Corporation identified the fair value of embedded derivative associated with the early conversion option to be \$18.7 million (\$24.0 million as of December 31, 2023). The change in fair value of embedded derivative in the period from January 1, 2024 to June 30, 2024 has been recognized in the consolidated statement of comprehensive loss. The Host liability component at inception, before deducting transaction costs, was recognized to be the residual amount of \$10.9 million (US\$8.1 million) which is subsequently measured at amortized cost. Transaction costs incurred on the issuance of the convertible note amounted to \$1,004,030, of which \$362,502 was allocated to, and deducted from, the host liability component, and \$641,528 was allocated to the embedded derivative component and charged to profit and loss.

#### 6.3 Cost Overrun Facility

\$13.5 million (US\$10 million) Revolving Cost Overrun Facility was entered into with JLE Property Ltd. on September 1, 2023, on the same terms as the Bank Revolving Credit Facility.

The Overrun Facility is denominated in US Dollars with a two-year term, expiring on September 1, 2025, and will bear interest at the CME Term SOFR Rates by CME Group Inc. and have a margin of 9.5% per annum. The Overrun Facility carries a stand-by fee of 2.5% on the amount of committed funds. The Overrun Facility is not convertible into any securities of the Corporation.

The Overrun Facility will be secured by (i) bank account pledge agreements from the Corporation and Nalunaq A/S, (ii) share pledges over all current and future acquired shares in Nalunaq A/S and Gardaq A/S held by the Corporation pursuant to the terms of share pledge agreements, (iii) a proceeds loan assignment agreement, (iv) a pledge agreement in respect of owner's mortgage deeds and (v) a licence transfer agreement. The Corporation has not yet drawn on this facility.

### 8. SHARE CAPITAL

On February 23, 2024, the Corporation successfully completed its oversubscribed fundraising which resulted in a total of 62,724,758 new common shares being placed with new and existing institutional investors at a placing price of 74 pence (CAD \$1.25 at the closing exchange rate on 9 February 2024). The placing price represents a 5.7% premium to the closing share price on 9 February 2024 on the AIM exchange. The fundraising consisted of:

- A placing of new common shares with new and existing institutional investors at the placing price (the "UK Placing"). Stifel Nicolaus Europe Limited acted as the sole bookrunner and broker on the UK Placing.
- A placing of new depository receipts representing new common shares with new and existing investors at the placing price (the "Icelandic Placing"). Landsbankinn hf. and Fossar fjarfestingarbanki hf. acted as joint bookrunners on the Icelandic Placing and Landsbankinn hf. acted as underwriter.
- A private placement of new common shares by certain existing institutional investors and a director of the Company at the placing price (the "Canadian Subscription"). The Director subscribed to approximately CAD \$3.4 million (equivalent to GBP 2.0 million) in the fundraising.

As a result of the subscription, net proceeds of approximately GBP 44 million (CAD 75.6 million) have been raised, exceeding the initial targeted amount of GBP 30 million. The shares subscribed to were credited as fully paid and rank *pari passu* in all respects with the existing common shares of the Corporation.

### 9. STOCK-BASED COMPENSATION

#### 9.1 Stock options

An incentive stock option plan (the “Plan”) was approved initially in 2017 and renewed by shareholders on June 14, 2024. The Plan is a “rolling” plan whereby a maximum of 10% of the issued shares at the time of the grant are reserved for issue under the Plan to executive officers, directors, employees and consultants. The Board of directors attributes that the stock options and the exercise price of the options shall not be less than the closing price on the last trading day, preceding the grant date. The options have a maximum term of ten years. Options granted pursuant to the Plan shall vest and become exercisable at such time or times as may be determined by the Board, except options granted to consultants providing investor relations activities shall vest in stages over a 12-month period with a maximum of one-quarter of the options vesting in any three-month period. The Corporation has no legal or constructive obligation to repurchase or settle the options in cash.

On May 14, 2024, and June 3, 2024, the Corporation granted its employees 22,988 stock options with an exercise price ranging from \$1.30 to \$1.31 per share. The stock options vested 100% at the grant date. The options were granted at an exercise price equal to the closing market price of the shares the day prior to the grant. Total stock-based compensation costs amounted to \$18,163 for an estimated fair value of \$0.72 per share.

On January 5, 2024, a former director of the Corporation exercised his options. As a result, 150,000 options were exercised which resulted in the former director receiving 60,637 shares net of applicable withholdings. On May 23, 2024, the former Chief Financial Officer (“CFO”) of the Corporation exercised his options. As a result, 1,800,000 options were exercised which resulted in the former CFO receiving 963,281 shares net of applicable withholdings.

### 9.2 Restricted Share Unit

#### 9.2.1 Description

Conditional awards were made in 2022 that give participants the opportunity to earn restricted share unit awards under the Corporation's Restricted Share Unit Plan ("RSU Plan") subject to the generation of shareholder value over a four-year performance period.

The awards are designed to align the interests of the Corporation's employees and shareholders, by incentivising the delivery of exceptional shareholder returns over the long-term. Participants receive a 10% share of a pool which is defined by the total shareholder value created above a 10% per annum compound hurdle.

The awards comprise three tranches, based on performance measured from January 1, 2022, to the following three measurement dates:

- First Measurement Date: December 31, 2023;
- Second Measurement Date: December 31, 2024; and
- Third Measurement Date: December 31, 2025.

Restricted share unit awards granted under the RSU Plan as a result of achievement of the total shareholder return performance conditions are subject to continued service, with vesting as follows:

- Awards granted after the First Measurement Date - 50% vest after one year, 50% vest after three years.
- Awards granted after the Second Measurement Date - 50% vest after one year, 50% vest after two years.
- Awards granted after the Third Measurement Date - 100% vest after one year.

The maximum term of the awards is therefore four years from grant.

### 9. STOCK-BASED COMPENSATION (CONT'd)

The Corporation's starting market capitalization is based on a fixed share price of \$0.552. Value created by share price growth and dividends paid at each measurement date will be calculated with reference to the average closing share price over the three months ending on that date.

- After December 31, 2023, 100% of the pool value at the First Measurement Date is delivered as restricted share units under the RSU Plan, subject to the maximum number of shares that can be allotted not being exceeded.
- After December 31, 2024, the pool value at the Second Measurement Date is reduced by the pool value from the First Measurement Date (increased in line with share price movements between the First and Second Measurement Dates). 100% of the remaining pool value, if any, is delivered as restricted share units under the RSU Plan.
- After December 31, 2025, the pool value at the Third Measurement Date is reduced by the pool value from the Second Measurement Date (increased in line with share price movements between the Second and Third Measurement Dates), and then further reduced by the pool value from the First Measurement Date (increased in line with share price movements between the First Measurement Date and the Third Measurement Date). 100% of the remaining pool value, if any, is delivered as restricted share units under the RSU Plan.

#### 9.2.2 RSU Plan Amendment

The RSU Plan was amended by a shareholders General Meeting on June 15, 2023. As a result of the amendment the number of shares that could be issued under the RSU Plan to satisfy the conditional awards and other share awards was increased from 10% of a fixed share capital amount of 177,098,740 shares to 10% of share capital at the time of award, amounting to 10% of 263,073,022 shares, reduced by the number of outstanding options at each calculation date. As a result, an additional expense based on the difference between the fair value of the conditional awards before and after the modification will be recognised over the service period. The incremental fair value was determined and incorporated into the valuation in 9.2.4.

#### 9.2.3 New Conditional Award under RSU Plan

On October 13, 2023, Amaroq made an award (the "Award") under the RSU Plan as detailed below. The Award consists of a conditional right to receive value if the future performance targets, applicable to the Award, are met. Any value to which the participants are eligible in respect of the Award will be granted as Restricted Share Units (each an "RSU"), with each RSU entitling a participant to receive common shares in the Corporation. Each RSU will be granted under, and governed in accordance with, the rules of the Corporation's Restricted Share Unit Plan.

Award Date	October 13, 2023
Initial Price	CAD 0.552
Hurdle Rate	10% p.a. above the Initial Price

### 9. STOCK-BASED COMPENSATION (CONT'd)

#### 9.2.4 Valuation

The fair value of the award granted in December 2022 and modified June 2023, in addition to the award granted October 13, 2023, increased to \$7,378,000 based on 90% of the available pool being awarded.

During June 2024, some of the awards were forfeited due to the departure of Jaco Crouse, CFO of the Corporation, effective June 3, 2024 (see note 9.2.5). As a result of the departure, previously recognised RSU award vesting charges of \$566,875 were reversed and the percentage of the pool that was allocated was reduced to 70%.

A charge of \$6,750 and \$718,250 was recorded during the three and six months ended June 30, 2024 respectively, including the reduction of \$566,875 of previously recognized RSU vesting charges which were reversed during the period as a result of the forfeiture of the RSU awards (a charge of \$449,000 and \$898,000 was recorded during the three and six months ended June 30, 2023).

The fair value was obtained through the use of a Monte Carlo simulation model which calculates a fair value based on a large number of randomly generated projections of the Corporation's share price.

Assumption	Value
Grant date	December 30, 2022
Amendment date	June 15, 2023
Additional award date	October 13, 2023
Forfeiture of 20% of the awards date	June 3, 2024
Expected life (years)	2.22 – 3.00
Share price at grant date	\$0.70 - \$0.97
Exercise price	N/A
Dividend yield	0%
Risk-free rate	3.60% - 4.71%
Volatility	55% - 72%
<i>Fair value of awards - First Measurement Date</i>	<i>\$3,538,000</i>
<i>Fair value of awards - Second Measurement Date</i>	<i>\$1,526,000</i>
<i>Fair value of awards - Third Measurement Date</i>	<i>\$786,000</i>
<b>Total fair value of awards (70% of pool)</b>	<b>\$5,850,000</b>

Expected volatility was determined from the daily share price volatility over a historical period prior to the date of grant with length commensurate with the expected life. A zero-dividend yield has been used based on the dividend yield as at the date of grant.

### 15. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Corporation is exposed to various risks through its financial instruments. The following analysis provides a summary of the Corporation's exposure to and concentrations of risk at June 30, 2024:

#### 15.1 Credit Risk

Credit risk is the risk that one party to a financial instrument will cause financial loss for the other party by failing to discharge an obligation. The Corporation's main credit risk relates to its prepaid amounts to suppliers for placing orders, manufacturing and delivery of process plant equipment, as well as an advance payment to a mining contractor. The Corporation performed expected credit loss assessment and assessed the amounts to be fully recoverable.

#### 15.2 Fair Value

Financial assets and liabilities recognized or disclosed at fair value are classified in the fair value hierarchy based upon the nature of the inputs used in the determination of fair value. The levels of the fair value hierarchy are:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)
- Level 3 - Inputs for the asset or liability that are not based on observable market data (i.e., unobservable inputs)

### 15. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (CONT'd)

The following table summarizes the carrying value of the Corporation's financial instruments:

	June 30, 2024	December 31, 2023
	\$	\$
Cash	31,663,204	21,014,633
Sales tax receivable	199,790	69,756
Prepaid expenses and others	19,593,779	18,681,568
Deposit	177,944	27,944
Escrow account for environmental monitoring	5,716,288	598,939
Financial Asset – Related Party	4,975,422	3,521,938
Investment in equity-accounted joint arrangement	21,582,994	23,492,811
Accounts payable and accrued liabilities	(8,375,316)	(6,273,979)
Convertible notes	(33,442,858)	(35,743,127)
Lease liabilities	(766,854)	(657,440)

Due to the short-term maturities of cash, prepaid expenses, and accounts payable and accrued liabilities, the carrying amounts of these financial instruments approximate fair value at the respective balance sheet date.

The carrying value of the convertible note instrument approximates its fair value at maturity and includes the embedded derivative associated with the early conversion option and the host liability at amortized cost.

The carrying value of lease liabilities approximate its fair value based upon a discounted cash flows method using a discount rate that reflects the Corporation's borrowing rate at the end of the period.

#### 15.3 Liquidity Risk

Liquidity risk is the risk that the Corporation will encounter difficulty in meeting obligations associated with financial liabilities. The Corporation seeks to ensure that it has sufficient capital to meet short-term financial obligations after taking into account its exploration and operating obligations and cash on hand. The Corporation is currently negotiating new Head of Terms with Landsbankinn in order to fund general and administrative costs, exploration and evaluation costs and Nalunaq project development costs. The Corporation's options to enhance liquidity include the issuance of new equity instruments or debt.

The following table summarizes the carrying amounts and contractual maturities of financial liabilities:

	As at June 30, 2024			As at December 31, 2023		
	Trade and other payables	Convertible Notes	Lease liabilities	Trade and other payables	Convertible Notes	Lease liabilities
	\$	\$	\$	\$	\$	\$
Within 1 year	8,375,316	-	149,650	6,273,979	-	108,345
1 to 5 years	-	33,442,858	556,236	-	35,743,127	544,178
5 to 10 years	-	-	181,393	-	-	126,975
<b>Total</b>	<b>8,375,316</b>	<b>33,442,858</b>	<b>887,279</b>	<b>6,273,979</b>	<b>35,743,127</b>	<b>779,498</b>

The Corporation has assessed that it is not exposed to significant liquidity risk due to its cash balance in the amount of \$31,663,204 million at the period end.

### **16. SUBSEQUENT EVENTS**

On July 2, 2024, the Corporation announced that it agreed a Head of Terms, subject to final approval and documentation, with Landsbankinn for US\$35 million in three Revolving Credit Facilities, securing a substantial increase and extension to its existing debt facilities.

- The financing package will replace the existing undrawn credit and cost overrun facilities, simplifying the structure of the debt package and increasing financial flexibility and liquidity for the Company.
- Amaroq has signed term sheets for a US\$35 million debt financing package with Landsbankinn consisting of:
  - US\$28.5 million facility with a margin of 9.5% per annum, reducing to 7.5% once the full amount has been drawn and the Company's cumulative EBITDA over a three-month period exceeds CAD 6 million. This facility will replace the Company's existing revolving credit and cost overrun facilities entered into on September 1, 2023, but not the convertible debt facilities. US\$18.5 million of the facility is to be used towards the completion of the Nalunaq development with the balance available for general corporate purposes.
  - US\$6.5 million facility with a margin of 7.5% per annum, available for general corporate purposes once all other facilities have been fully drawn.
  - The new facilities will have a 1.5% arrangement fee, a 0.4% commitment fee on unutilised amounts, and an expected maturity date of October 1, 2026.
  - The new facilities will be subject to certain ongoing covenant tests, further detail of which will be provided on closing of definitive documentation.
- Amaroq will finalise the new facilities' legally binding documentation and expects to be in a position to sign binding documents before the end of the year. The Corporation's currently undrawn US\$28.5 million debt facilities will remain in place until this time.
- The financing package with Landsbankinn will be finalised in agreement with current debt holders, which include Fossar Investment Bank, GCAM LP, JLE Property Ltd., First Pecos LLC and Linda Investments Limited.
