INVESTMENT POLICY

The objective of the Sub-Fund ("the Fund") is to increase the value of the Fund (capital appreciation) over the long term. The Fund intends to achieve this objective through investment in a portfolio of high-quality, long-term growth companies. The Fund will invest at least two-thirds of its assets in securities issued by companies listed or traded on regulated markets that have their headquarters in, or principally carry out their activities in Japan or in securities issued or guaranteed by the Japanese government. The Fund is actively managed. The index is provided for comparative purposes only. The Fund is aimed at investors with a long-term investment horizon (typically 5 years or more).

RISK AND REWARD PROFILE

The indicator represents the risk and reward profile presented in the UCITS Key Investor Information Document. The indicator assumes you keep the product for 5 years otherwise the actual risk can vary significantly.

Performance data expressed in GBP. Returns may increase or decrease as a result of exchange rate fluctuations. Index: Topix - Net Return. The index is used for comparative purposes only and the Fund does not seek to replicate the index.

Past performance does not predict future returns. Capital is at risk. The value and any income from investments can go down as well as up and are not guaranteed. An investor may get back significantly less than they invest.

Performance figures are calculated net of investment management fees, administrative fees and all other fees with the exception of sales charges. If taken into account, sales charges would have a negative impact on performance.

The cumulative graph and "Since Inception" data may refer to the last relaunch date of the share class which may differ from its actual inception date. Calendar year past performance is only shown for years for which a full calendar year of past performance is available.
