Key Investor Information

Montanaro Better World Fund (the "Fund")

Share Class: Sterling Distribution Class (ISIN IE00BYWFFF02) a Sub-Fund of Montanaro Smaller Companies plc (the "Company"). The Fund is managed by Waystone Management Company (IE) Limited (the "Manager").

Objectives and Investment Policy

Investment Objective

To deliver long-term capital growth.

Sustainability Objective

Through the Fund's investments, the Investment Manager seeks to improve access to, and quality of, basic life essentials, reduce inequality, and mitigate the effects of climate change.

Investment Policy

The Fund will invest in global Small and MidCap companies with a market capitalisation smaller than the largest unadjusted market capitalisation of any of the constituents of the MSCI World SMID Cap (Total Return) Index at the time of initial investment. The securities in which the Fund invests will be listed or traded on Recognised Markets.

The Fund will seek to invest in high quality companies whose products, services or behaviour are deemed to make a positive impact on society and which emphasise sound environmental, social and governance (ESG) practices. In particular, the Investment Manager will seek to identify profitable and well managed businesses operating in markets that offer attractive structural growth opportunities.

The Fund may not invest in companies with material revenue exposure to the manufacturing or supply of controversial weapons, tobacco, gambling, pornography, alcohol, or any other areas deemed not to meet the Investment Manager's ethical standards.

The Fund is actively managed and does not track the MSCI World SMID Cap (Total Return) Index (the "Benchmark"). The Benchmark is used for comparison purposes only. The Fund may invest in securities not included in the Benchmark. The Fund is monitored, but is not constrained, in reference to the Benchmark.

Risk and Reward Profile

Typically lower rewards — **Typically higher rewards**

Lower risk — Higher risk

1	2	3	4	5	**6**	7

These numbers rate how the Fund may perform and the risk of losing some or all of your investment. In general the potential for higher returns also implies a higher level of risk. However, the lowest category (1) does not mean a risk free investment.

The risk category is calculated using historical data and may not be a reliable indicator of the Fund's future risk profile. The risk category shown is not guaranteed and may change over time.

Why is this Fund in this category?

The Fund invests in securities which are subject to market fluctuations. The Fund's investments are in multiple regions and may be sensitive to localised economic, market, political or regulatory events.

Additional Risks

Liquidity / Market Capitalisation Risk

Small and MidCap companies may be less liquid than the shares of larger companies and can be more sensitive to economic and other factors. As a result, the Fund may experience greater volatility both in the value of its investments and in its net asset value per share.

Counterparty / Operation Risk

A counterparty may fail to pay the proceeds related to the sale of securities by the Fund, or may fail to deliver securities purchased by the Fund. Failures or delays in operational processes may negatively affect the Fund.

Market Risk

The value of investments and, consequently, the price of shares can go down as well as up and an investor may not get back the amount originally invested.

Exchange Rate Risk

The Fund invests in quoted companies which may have share prices denominated in currencies other than the Euro and may therefore be exposed to exchange rate risks. In addition, holders of a share class in a currency that is different from the base currency of the Fund will be exposed to the exchange rate risk between the two currencies since there is no currency hedging. Different share classes may receive different investment returns.

Tax Risk

Any change in the Fund's tax status or in taxation legislation could affect the value of the investments held by the Fund.

For a more detailed explanation of these and other risks please refer to the "Risk Factors" section of the prospectus and supplement for the Fund.
