

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	None*
Exit charge	None*
Charges taken from the Share Class over a year	
Ongoing charge	0.20%
Charges taken from the Share Class under certain specific conditions	
Performance fee	None

- *Currently, the Fund is not exercising its entitlement to apply entry and exit charges.
- The **ongoing charge** is based on the fee paid to the Manager. The Manager is responsible for discharging from its fee, costs attributable to the Investment Manager, Administrator, Depositary as well as the Operational Expenses incurred by the Fund. It excludes portfolio transaction costs except in the case of an entry or exit charge paid by the Fund when buying or selling shares/units in another fund.
- Because the Fund is an ETF, investors will typically only be able to buy or sell shares in the secondary market. Accordingly, investors may incur brokerage and / or transaction fees in connection with their dealings. Investors may also bear the costs of "bid-ask" spreads; meaning the difference between the prices at which shares can be bought and sold. You should discuss these fees and costs with your broker before you invest, as they may reduce the amount of your initial investment and the amount you receive on disposal.
- The Fund may engage in securities lending, whereby 90% of the revenues arising from securities lending will be returned to the Fund and 10% of the revenues will be retained by the securities lending agent.
- For more information on charges, please see the relevant charges section in the Fund supplement under "General Information Relating to the Fund", which is available at etf.invesco.com (select your country and navigate to the Documents section on the product page.)
