

NON UCITS RETAIL SCHEME KEY INVESTOR INFORMATION

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Class A Accumulation Units

HL Global Bond (“the Fund”)

The Fund is an Authorised Unit Trust established as a non-UCITS retail scheme (‘NURS’). ISIN GB00B3D4SX81. This fund is managed by Hargreaves Lansdown Fund Managers, part of Hargreaves Lansdown PLC.

This fund is authorised in the United Kingdom and regulated by the Financial Conduct Authority.

OBJECTIVES AND INVESTMENT POLICY

The Fund aims to provide income and the potential for capital growth over any 5-year period. At least 80% of the Fund will invest in or be exposed to a broad range of global fixed interest securities (such as corporate and government bonds, high yield, index linked, zero-coupon bonds and municipal bonds) which are either sterling denominated or hedged back to sterling.

The Fund may also invest in or have exposure to up to 20% in Collateralised debt obligations, Asset-backed, Mortgage-backed and Convertible securities (including Contingent convertible securities), Money market instruments, Deposits and Cash.

The Fund is not constrained by issuer credit rating or the ‘duration’ of a bond.

Total exposure to Emerging markets is unlikely to exceed 25% of the Fund’s value.

The Fund may also invest in derivative instruments and forwards transactions for efficient portfolio management purposes (EPM) including “hedging” techniques.

The Fund is actively managed and will gain exposure to assets directly or via other regulated collective investment schemes including Open or closed-ended, Exchange traded (ETFs), Actively or Passively managed and Money market funds. They may be managed or operated by the Manager or other third-party managers and will be established in Europe, the UK, Jersey, or Guernsey.

The Manager may allocate all or a portion of the Fund’s assets to one or more Sub-Advisers. Each Sub-Adviser will use its own method for managing its allocation.

The Manager, or Sub-Adviser, will consider a bond’s ‘credit risk’ in determining the attractiveness of the investment and considers long-term and shorter-term positioning with a view to taking advantage of specific investment opportunities.

Comparator Benchmark: The fund is benchmarked against a composite of the ICE BofA Global Government (GBP-hedged) (30%), ICE BofA Global Corporate (GBP-hedged) (40%), ICE BofA Developed Markets High Yield Constrained (GBP-hedged) (15%), and ICE BofA Diversified Emerging Markets External Debt Sovereign Bond (GBP-hedged) (15%).

If you invest in income units, income generated by fund investments will be paid out to you. If you invest in accumulation units, income will be reinvested.

The Fund’s risk category has been calculated using historical data, which may not be a reliable indication of the future risk profile of the Fund.

The Fund’s category is not guaranteed to remain the same and may change over time.

Even a fund in the lowest category is not a risk-free investment.

- The Fund may invest in overseas holdings and so will be exposed to currency movements.
- The issuers of floating or fixed interest securities may suspend or cease interest payments, or may default on their debt.

- The Fund may invest in high yield bonds which carry a greater risk of default than investment grade bonds.
