*Second Quarter 2023 Results*

This presentation is for the use of Burford's public shareholders and is not an offering of any Burford private fund.

# Notice & disclaimer

This presentation (this “*Presentation*”) provides certain information to facilitate review and understanding of the business, financial position and results of operations of Burford Capital Limited and its subsidiaries (the “*Company*”, “*Burford*”, “*we*”, “*our*” or “*us*”) at and for the three and six months ended June 30, 2023 and does not purport to be a complete description of the Company’s business, financial position or results of operations. The information contained in this Presentation is provided as at the dates and for the periods indicated in this Presentation and is subject to change without notice. The financial position and results of operations at and for the three and six months ended June 30, 2023 are not necessarily indicative of the results that may be expected for the full year ending December 31, 2023.

In connection with the preparation of our audited consolidated financial statements for the year ended December 31, 2022, management implemented a revised valuation methodology to provide an improved application of Accounting Standards Codification Topic 820—*Fair Value Measurement* to our capital provision assets. As a result, we have restated our previously issued audited consolidated financial statements for the years ended December 31, 2021, 2020 and 2019 and unaudited condensed consolidated financial statements for the six months ended June 30, 2022. We also applied this revised valuation methodology to our unaudited condensed consolidated financial statements for the three and six months ended June 30, 2023. Thus, for comparative purposes, this Presentation contains our restated unaudited condensed consolidated financial statements for the six months ended June 30, 2022. However, because we have not previously issued quarterly financial statements, the unaudited condensed consolidated financial statements for the three months ended June 30, 2022 contained in this Presentation have not historically been presented and therefore are not a restatement of previously issued unaudited condensed consolidated financial statements.

**Forward-looking statements.** In addition to statements of historical fact, this Presentation contains “forward-looking statements” within the meaning of Section 21E of the US Securities Exchange Act of 1934, as amended. The disclosure and analysis set forth in this Presentation include assumptions, expectations, projections, intentions and beliefs about future events in a number of instances, particularly in relation to the Company’s operations, cash flows, financial position, plans, strategies, business prospects, changes and trends in the Company’s business and the markets in which it operates. These statements are intended as “forward-looking statements”. In some cases, predictive, future-tense or forward-looking words such as “aim”, “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “forecast”, “guidance”, “intend”, “may”, “plan”, “potential”, “predict”, “projected”, “should” or “will” or the negative of such terms or other comparable terminology are intended to identify forward-looking statements, but are not the exclusive means of identifying such statements. In addition, the Company and its representatives may from time to time make other oral or written statements which are forward-looking statements, including in the Company’s periodic reports that the Company files with, or furnishes to, the US Securities and Exchange Commission (the “*SEC*”), other information made available to the Company’s security holders and other written materials. By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors because they relate to events and depend on circumstances that may or may not occur in the future. The Company cautions you that forward-looking statements are not guarantees of future performance and are based on numerous assumptions, expectations, projections, intentions and beliefs and that the Company’s actual results of operations, including its financial position and liquidity, and the development of the industry in which the Company operates, may differ materially from (and be more negative than) those made in, or suggested by, the forward-looking statements contained in this Presentation. In addition, even if the Company’s results of operations, including its financial position and liquidity, and the development of the industry in which the Company operates, are consistent with the forward-looking statements contained in this Presentation, those results of operations or developments may not be indicative of results of operations or developments in subsequent periods. Factors that might cause future results of operations or developments to differ include, among others, the following: (i) adverse litigation outcomes and timing of resolution of litigation matters; (ii) the Company’s ability to identify and select suitable legal finance assets; (iii) improper use or disclosure of, or access to, privileged information under the Company’s control due to cybersecurity breaches, unauthorized use or theft; (iv) inaccuracy or failure of the probabilistic model and decision science tools, including artificial intelligence tools, the Company uses to predict the returns on its legal finance assets and in its operations; (v) changes and uncertainty in laws, regulations and rules relating to the legal finance industry, including those relating to privileged information and/or disclosure of legal finance arrangements; (vi) inadequacies in the Company’s due diligence process or unforeseen developments; (vii) credit risk and concentration risk relating to the Company’s legal finance assets; (viii) lack of liquidity of the Company’s legal finance assets and commitments that are in excess of its available funds; (ix) the Company’s ability to obtain attractive external capital or to refinance its outstanding indebtedness and the Company’s ability to raise capital to meet its liquidity needs; (x) competitive factors and demand for the Company’s services and capital; (xi) negative publicity or public perception of the legal finance industry or the Company; (xii) valuation uncertainty in respect of the fair value of the Company’s capital provision assets; (xiii) current and future legal, political and economic forces, including uncertainty surrounding the effects, severity and duration of public health threats and/or military actions; (xiv) potential liability from litigation and legal proceedings against the Company; (xv) the Company’s ability to retain key personnel; (xvi) improper functioning of the Company’s information technology systems or those of its third-party service providers; (xvii) failure to maintain effective internal control over financial reporting or effective disclosure controls and procedures; and (xviii) other factors discussed under the heading “*Risk factors*” in the Company’s annual report on Form 20-F for the year ended December 31, 2022. New factors emerge from time to time, and it is not possible for the Company to predict all of these factors. Further, the Company cannot assess the impact of each such factor on the Company’s business or the extent to which any factor, or combination of factors, may cause actual results to be materially different from those contained in any forward-looking statement. Except as required by applicable law, the Company undertakes no obligation to update or revise any forward-looking statements contained in this Presentation, whether as a result of new information, future events or otherwise.

In addition to forward-looking statements, this Presentation includes certain data based on calculations derived from the Company’s probabilistic modeling of individual matters and its portfolio as a whole. This data is not a forecast of future results, and past performance is not a guide to future performance. The inherent volatility and unpredictability of legal finance assets precludes forecasting and limits the predictive nature of the Company’s probabilistic model. Furthermore, the inherent nature of the probabilistic model is that actual results will differ from the modeled results, and such differences could be material. The data based on calculations derived from the Company’s probabilistic model contained in this Presentation is for informational purposes only and is not intended to be a profit forecast or be relied upon as a guide to future performance.

**Basis of presentation; non-GAAP financial measures; alternative performance measures; definitions.** The Company reports its financial results in accordance with the generally accepted accounting principles in the United States (“*US GAAP*”). US GAAP requires the Company to present financial statements that consolidate some of the limited partner interests in private funds the Company manages as well as assets held on the Company’s balance sheet where it has a partner or minority investor. As a result, the Company uses various measures, including Burford-only and Group-wide financial measures, which are calculated and presented using methodologies other than in accordance with US GAAP, to supplement analysis and discussion of its consolidated financial statements prepared in accordance with US GAAP. The Company also uses additional non-GAAP financial measures, such as cash receipts and tangible book value attributable to Burford Capital Limited per ordinary share, and certain unaudited alternative performance measures (“*APMs*”). The presentation of the APMs is for informational purposes only and does not purport to present what the Company’s actual financial position or results of operations would have been, nor does it project its financial position at any future date or its results of operations for any future period. The presentation of the APMs is based on information available at the date of this Presentation and certain assumptions and estimates that the Company believes are reasonable.

Additional information about these non-GAAP financial measures and APMs, their respective definitions and calculations and certain reconciliations are provided in “*Reconciliations*” section of this Presentation and the Company’s report on Form 6-K for the three and six months ended June 30, 2023. The Company believes that the presentation of Burford-only financial measures is consistent with how management measures and assesses the performance of the Company’s reporting segments, which are evaluated by management on a Burford-only basis, and that it provides valuable and useful information to investors to aid in understanding its performance in addition to the Company’s consolidated financial statements prepared in accordance with US GAAP by eliminating the effect of the consolidation of some of the limited partner interests in its private funds the Company manages as well as assets held on its balance sheet where the Company has a partner or minority investor. The Company believes that the presentation of Group-wide financial measures, including Group-wide information on the Company’s capital provision assets and undrawn commitments, is useful to investors because they convey the scale of its existing (in the case of Group-wide capital provision assets) and potential future (in the case of Group-wide undrawn commitments) business and the performance of all legal finance assets originated by the Company. Although the Company does not receive all of the returns of its private funds, the Company does receive management and performance fees as part of its income. Further, the Company believes that Group-wide portfolio metrics, including the performance of its private funds, are important measures by which to assess its ability to attract additional capital and to grow its business, whether directly or through private funds. These non-GAAP financial measures should not be considered in isolation from, as substitutes for, or superior to, financial measures calculated in accordance with US GAAP.

**Industry and market data.** Any industry and market information contained in this Presentation, or on which this Presentation is based, has been obtained from sources that the Company believes to be reliable and accurate. However, no representation or warranty, express or implied, is made as to the fairness, accuracy or completeness of the information or opinions contained in this Presentation, which information and opinions should not be relied or acted on. Neither the Company, its affiliates nor any officer, director, employee or representative of the Company or its affiliates accepts any liability whatsoever for any loss howsoever arising, directly or indirectly, from any use of this Presentation or its contents.

\* \* \* \* \*

This Presentation does not constitute or form part of, and should not be construed as, an issue for sale or subscription of, or solicitation of any offer or invitation to subscribe for, underwrite or otherwise acquire or dispose of any securities of the Company or any of its affiliates, nor should this Presentation or any part of it form the basis of, or be relied on in connection with, any contract or commitment whatsoever which may at any time be entered into by the recipient nor any other person, nor does this Presentation constitute an invitation or inducement to engage in investment activity under Section 21 of the Financial Services and Markets Act 2000, as amended. This Presentation does not constitute an invitation to effect any transaction with the Company or any of its affiliates or to make use of any services provided by the Company.

This Presentation does not constitute an offer to sell or the solicitation of an offer to buy any ordinary shares or other securities of the Company or any of its affiliates. This Presentation is not an offering of any private fund of the Company. Burford Capital Investment Management LLC, which acts as the fund manager of all private funds of the Company, is registered as an investment adviser with the SEC. The information relating to the private funds of the Company provided in this Presentation is for informational purposes only. Past performance is not indicative of future results. Any information contained in this Presentation is not, and should not be construed as, an offer to sell or the solicitation of an offer to buy any securities (including, without limitation, interests or shares in the private funds). Any such offer or solicitation may be made only by means of a final confidential private placement memorandum and other offering documents.

<sup>1</sup> While Burford offers in this Presentation its views and interpretation of the ruling, those are qualified in their entirety by the actual text of the ruling, and we caution that investors cannot rely on Burford's statements in preference to the actual ruling. In the event of any inconsistency between this Presentation and the text of the actual ruling, the text of the actual ruling will prevail and be dispositive. Burford disclaims, to the fullest extent permitted by law, any obligation to update its views and interpretation as the litigation proceeds. Moreover, the case remains in active litigation and the Republic of Argentina has declared its intention to appeal any decision; all litigation carries significant risks of uncertainty and unpredictability until final resolution, including the risk of total loss. Finally, Burford is and will continue to be constrained by legal privilege and client confidences in terms of the scope of its ability to speak publicly about the case or the ruling. Burford also cautions that there are meaningful remaining risks in the case, including further proceedings before the court, appeals, enforcement and collateral litigation in other jurisdictions. Moreover, litigation matters often resolve for considerably less than the amount of any judgment rendered by the courts and to the extent that any settlement or resolution discussions occur in this case no public communication about those discussions will be possible until their conclusion.

## *Growth in Burford-only total revenues drives significant earnings improvement*

- Burford-only capital provision income up 267% in 1H23 compared to 1H22
  - Realized gains tripled in 2Q23 compared to 2Q22
- Tangible book value increased 12% to \$8.26 per share compared to year-end 2022, primarily reflecting strong 1H23 earnings attributable to BCL shareholders

## New business momentum increased

- Strong Burford-only new business so far in 2023 underpins future potential capital provision income
- Activity in 2Q23 included a \$325 million (Group-wide) portfolio arrangement with a Fortune 50 company that continues to demonstrate Burford's scale and scope that enable it to do large deals with major corporates and law firms<sup>1</sup>
- Burford-only capital provision-direct new commitments demonstrate continuing demand for our capital
  - Up 46% in 1H23 compared to 1H22
- Burford-only capital provision-direct deployments more than doubled in 1H23 compared to 1H22, reflecting in part the balance sheet's greater participation in new capital provision assets
  - Of total Burford-only capital provision-direct deployments in 1H23, 56% related to the 2023 vintage year

## Improved portfolio activity reflected in higher realizations

- Record level of trailing 12-month Burford-only realizations of \$475 million
- Continued strength in realizations reflects increased portfolio velocity, as the case backlog in the courts continues to clear

## Significant potential from larger and more recent vintages

- Increased deployments in recent years, along with relatively low levels of resolutions, indicate portfolio could be well-positioned for significant realized gains
  - Potential for cumulative returns on deployed capital in the core legal finance portfolio to increase as assets from more recent vintages conclude
- 66% of 1H23 realizations related to pre-2020 vintage years, as courts have re-opened and cases delayed by the Covid-19 pandemic conclude
- Weighted average life of our concluded portfolio by realizations of 2.4 years has remained relatively steady over the past few years

## YPF ruling suggests a final judgment of approximately \$16 billion against Argentina<sup>1</sup>

- Ruling a complete win against Argentina and implies damages at the high end of the possible range of damages
- Final judgment is appealable to the Second Circuit Court of Appeals as of right
- Carrying value of YPF-related assets of \$1.0 billion on a Burford-only basis at June 30, 2023
  - We will include the impact of the ruling in our third quarter financial statements following completion of our fair value assessment

### YPF cases - next steps

<sup>2</sup> In both Petersen and Eton Park, the numbers above are approximations and will vary somewhat depending on the ultimate level of case costs by the end of the Case, as we expect continued significant spending on the case.

## *Faster portfolio velocity reflected in capital provision income*

- Realized gains of \$94 million in 1H23, including \$59 million in 2Q23, as accelerating pace of courts resulted in case conclusions
- Cash receipts<sup>1</sup> from asset management and other services doubled in 1H23 to \$23 million compared to 1H22
  - Management fees earned from BOF and BAIF II
  - European waterfall structure for performance fees on many of our private funds can cause timing of fee recognition to vary

***Operating expenses reflect strong portfolio performance and certain idiosyncratic events***

- Increase in operating expenses in 2Q23 driven primarily by an increase in compensation expense and general, administrative and other expenses compared to 2Q22
- All but \$1.2 million<sup>1</sup> of the increase in compensation and benefits was non-cash, driven principally by accruals as a result of increases in Burford's share price and asset values
  - The \$1.2 million<sup>1</sup> increase in salaries and benefits was attributable to a rise in annual salary for employees and an increase in full-time employees
- Increase in general, administrative and other expense includes \$3.3 million<sup>1</sup> in audit, professional and corporate legal fees due to the development of the revised fair value methodology and build-out of quarterly reporting

## Robust liquidity and low leverage

- Strong liquidity position at June 30, 2023 primarily reflects issuance of \$400 million in senior notes in June 2023 and increasing Burford-only realizations, partially offset by strong Burford-only deployments
  - Extended weighted average life of debt maturities to 5.3 years at June 30, 2023, including 6.125% bonds due 2024 that were redeemed in full in July 2023
- Of the \$93 million in Burford-only due from settlement at June 30, 2023, as of September 7, 2023, \$69 million (74%) has converted into cash
- Cash receipts<sup>1</sup> in 2Q23 meaningfully exceeded operating expenses net of change in payables and interest and debt issuance costs paid
- Leverage remains well below covenant ceiling levels
- In June 2023, Moody's revised its outlook on its Ba2 rating to positive from stable

<sup>4</sup> The comparative data at December 31, 2022 has been amended to include non-controlling interests and to exclude unrestricted subsidiaries (as defined in the applicable indentures), in each case, in the calculation of net tangible equity in the denominator, which resulted in an immaterial decrease in the consolidated indebtedness to net tangible equity ratio at December 31, 2022 as compared to the previously reported ratio.

## *Four pillars of Burford's value proposition*

### 1. Core portfolio

- Burford-only capital provision-direct cumulative realizations since inception of \$2.4 billion with an 88% ROIC and 29% IRR
- Group-wide portfolio of \$7.0 billion at June 30, 2023, up 14% (27% annualized) from year-end 2022
- Accelerating portfolio activity in 2023 as courts recover from Covid-19 backlogs

### 3. Asset management

- Asset manager for nine private funds focusing on pre-settlement, post-settlement, lower risk legal finance and complex strategies with a total of \$3.4 billion in AUM
- Private funds enable us to provide clients with a full suite of legal finance products

### 2. Origination platform

- Clear market leader with significant scale and meaningfully larger than any competitor<sup>1</sup>
- 160 full-time employees, including 60 lawyers on staff, with eight offices worldwide and Burford employees present in 21 different global cities at June 30, 2023
- Scale and scope enable Burford to do large deals with major corporates and law firms

### 4. YPF-related assets

- Ruling a complete win against Argentina and suggests a final judgment of approximately \$16 billion, at the high end of the possible range of damages
- We will include the impact of the ruling in our third quarter financial statements following completion of our fair value assessment
- YPF-related assets have already produced \$236 million in realizations, more than 3x total deployed capital

## *Court's commentary on Burford's role in Petersen and Eton Park cases*

### **Judge's comment below validates Burford's model**

- We believe Burford's business makes the rule of law fairer, more accessible and more efficient
- Legal finance enables companies to pursue meritorious claims without impacting their cash flow or ability to invest in their businesses
- With legal finance, companies can rely on effective and efficient judicial and arbitral processes to protect their business interests, contributing to higher productivity and growth

"The Court also rejects the Republic's effort to inject Burford Capital into these proceedings. This remains a case brought by plaintiffs against a defendant for its wrongful conduct towards them, and **the relevant question is what the Republic owes Plaintiffs to compensate them for the loss of the use of their money, not what Plaintiffs have done or will do with what they are owed. The Republic owes no more or less because of Burford Capital's involvement.** Furthermore, the Republic pulled the considerable levers available to it as a sovereign to attempt to take what it should have paid for and has since spared no expense in its defense. If Plaintiffs were required to trade a substantial part of their potential recovery to secure the financing necessary to bring their claims, in Petersen's case because it was driven to bankruptcy, and litigate their claims to conclusion against a powerful sovereign defendant that has behaved in this manner, this is all the more reason to award Plaintiffs the full measure of their damages."<sup>1</sup>

# Supplementary data

## Burford has generated strong cash-on-cash returns

- Burford has generated consistently high returns on \$2.4 billion of realizations since inception in 2009
- A recurring mix of settlements and wins drives strong returns in reasonable time frames, with asymmetrically low losses
- Cumulative ROIC of 88% at June 30, 2023
- Weighted average life by realizations of fully and partially concluded portfolio remained steady at 2.4 years

### Burford-only capital provision-direct assets

Fully and partially concluded assets from inception through June 30, 2023  
(\$ in millions)

<sup>1</sup> Average life weighted by realizations.

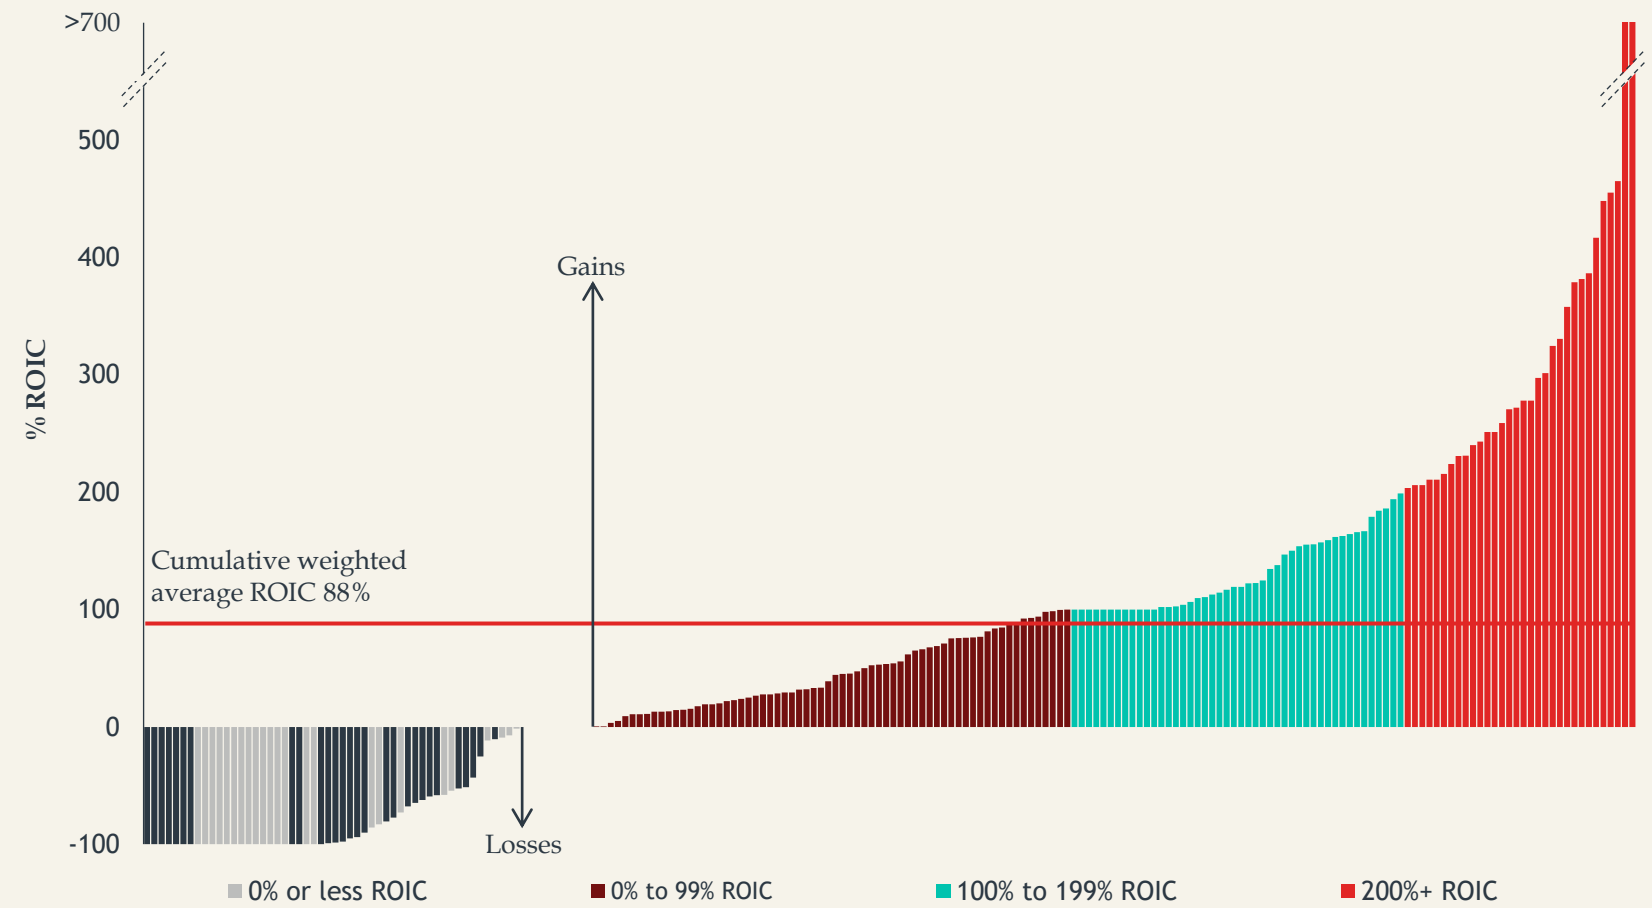

## Favorable asymmetric returns

- Favorable risk-adjusted return dynamics exemplified by the positive skew of the distribution of returns since inception
- Since inception through June 30, 2023, 32 matters (including 2 matters in 1H23) representing 13% of the total deployed cost of concluded cases have generated ROICs greater than 200%, showing repeatable nature of Burford's business
- 15% of deployments experienced losses, but when that occurred, we recovered 32% of deployed cost

### Burford-only concluded (fully and partially) capital provision-direct assets arrayed by ROIC

From inception through June 30, 2023

# Laddered maturities

## Maturity of debt outstanding

(\$ in millions)

WAL of debt: 5.3 years<sup>1</sup>  
 WAL of capital provision-direct assets: 2.4 years<sup>2</sup>

<sup>1</sup> On July 12, 2023, Burford Capital PLC redeemed in full the aggregate outstanding principal amount of the 6.125% bonds due 2024 at a redemption price of 100.000% per £100 principal amount of the 2024 Bonds, plus accrued but unpaid interest on the 2024 Bonds up to (but excluding) the redemption date. If the 2024 Bonds had been redeemed at June 30, 2023, the weighted average maturity of our outstanding debt would have been 5.6 years.

<sup>2</sup> Weighted by realizations at June 30, 2023.

<sup>3</sup> Sterling denominated debt converted to US Dollars using exchange rate of \$1.2714 at June 30, 2023.
