

KEY INVESTOR INFORMATION

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Quilter Investors Precious Metals Equity Fund U2 (GBP) Income Shares (GB00B9BPR160)

A sub-fund of Quilter Investors OEIC. Managed by Quilter Investors Limited

Objectives and Investment Policy

**Objective:** capital growth.

**Policy:** the Fund invests primarily, directly and indirectly, in shares (i.e. equities) of companies engaged in precious metals and commodities related businesses located anywhere in the world.

The Fund may at times be concentrated in terms of the number of investments it holds.

The Fund may use derivatives (i.e. financial contracts whose value is linked to the expected price movements of an underlying investment) with the aim of reducing the overall costs and/or risks of the Fund.

The Fund is managed by an investment adviser selected by the Manager for their expected ability to manage the Fund according to the

investment objective and policy. The Manager continuously monitors and may periodically make changes to this appointment.

**Recommendation:** the Fund may not be appropriate for investors who plan to withdraw their money within 5 years.

**Treatment of income:** income from investments, net of expenses, will be paid to shareholders.

**Dealing:** you can buy and sell shares on any working day in London.

Risk and Reward Profile

The calculated risk and reward category, as shown above, uses a method of calculation derived from EU rules. It is based on the rate at which the returns of the Fund have moved up and down in the past (i.e. volatility) and is not a guide to the future risk and reward category of the Fund. The category shown is not a target or guarantee and may shift over time. Even the lowest category 1 does not mean a risk-free investment. The seven-category scale is nonlinear, for example, 2 is not twice as risky as 1.

Funds in category 7 have in the past shown very high volatility. With a fund of category 7, you have a very high risk of losing money but your chance for gains is also very high.

**Investment risk** - there is no guarantee that the Fund will achieve its objective. A capital loss of some or all of the amount invested may occur.

**Sector concentration risk** - the Fund's investments are concentrated in natural resource companies, and may be subject to a greater degree of risk and volatility than a fund following a more diversified strategy.

**Emerging markets risk** - less developed countries may face more political, economic or structural challenges than developed countries.

**Concentration risk (number of investments)** - the Fund may at times hold a smaller number of investments, and therefore a fall in the value

of a single investment may have a greater impact on the Fund's value than if it held a larger number of investments.

**Smaller companies risk** - smaller companies are subject to greater risk and reward potential. Investments may be volatile or difficult to buy or sell.

**Liquidity risk** - some investments may become hard to value or sell at a desired time and price. In extreme circumstances this may affect the Fund's ability to meet redemption requests upon demand.

**Currency risk** - the Fund is denominated in British Pounds but holds assets denominated in other currencies. The value of your shares may rise and fall as a result of exchange rate movements between these currencies.

**Derivative risk** - the Fund may use derivatives to reduce costs and/or the overall risk of the Fund (i.e. Efficient Portfolio Management (EPM)). Derivatives involve a level of risk, however, for EPM they should not increase the overall riskiness of the Fund. Derivatives also involve counterparty risk where the institutions acting as counterparty to derivatives may not meet their contractual obligations.

**Capital erosion risk** - the Fund takes its charges from the income of the Fund in the first instance. The impact of Fund charges may be material on the value of any income you receive from your investment. There is potential for capital erosion if insufficient income is generated by the Fund to cover these charges. Capital erosion may have the effect of reducing the level of income generated.

For full details of the Fund's risks, please see the section in the prospectus headed "Risks".

# Charges

These charges are used to pay the costs of running the Fund, including the costs of marketing and distribution. Overall, they reduce the growth of your investment.

One-off charges taken before or after you invest	
Entry charge	Up to 5.00%
Exit charge	None
<i>This is the maximum that might be taken out of your money before it is invested and before the proceeds of your investment are paid out.</i>	
Charges taken from the Fund over a year	
Ongoing charge	0.90%
Charges taken from the Fund under specific conditions	
Performance fee	None

The charges shown are the maximum figures. In some cases you might pay less. You can find out your actual charges from your financial adviser.

The ongoing charges figure is based on the fees and expenses as detailed in the prospectus. It excludes portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling units in another collective investment undertaking and may vary from year to year.

You can find out more details about the charges by looking at Appendix I of the prospectus.

# Past Performance

Past performance is not a guide to future performance.

The past performance shown does not take into account any entry or exit charges but does take into account the ongoing charge, as shown in the Charges section.

The value of the class is calculated in British Pounds.

The Fund launched on 30 April 2013. This class started to issue shares on 24 October 2014.

# Practical Information

The Depositary is Citibank Europe plc, UK branch.

Quilter Investors Precious Metals Equity Fund is a sub-fund of Quilter Investors OEIC (the "Company"). The assets and liabilities of each sub-fund are segregated from other sub-funds although it is not yet known whether a foreign court would give effect to segregated liability under a foreign law contract and so this is not certain in every circumstance.

Further information about the Company, copies of its prospectus, annual and half-yearly reports may be obtained, for the entire Company, free of charge in English from the registrar, DST, P.O. Box 10278 Chelmsford, CM99 2AR or visit [www.quilterinvestors.com](http://www.quilterinvestors.com).
