FUND OVERVIEW

FUND AIM

The objective of this fund is to provide a combination of income and growth (if the income is reinvested) by tracking the performance of the FTSE Actuaries UK Conventional Gilts All Stocks Index. The fund will invest in bonds. The fund's investments will closely match those that make up the Index. This Index consists of bonds which are issued by the UK Government (known as gilts). The gilts that the fund invests in will be investment grade bonds (rated as lower risk). 35% or more of the fund can be invested in bonds issued by the UK Government. The fund may use derivatives to reduce risk or cost, or to generate additional capital or income with no, or an acceptably low, level of risk.

INVESTMENT PHILOSOPHY

The manager will seek to achieve the Fund's aim by investing primarily in government or other public securities issued by the Government of the United Kingdom.

FUND MANAGEMENT COMPANY

Legal & General

Legal & General Investment Management (LGIM) is one of Europe's largest institutional asset managers and a major global investor. Throughout the past 40 years they have built their business through understanding what matters most to their clients and transforming this insight into valuable, accessible investment products and solutions. They provide investment expertise across a full spectrum of asset classes including equities, fixed income, commercial property and cash.

FUND MANAGER

LGIM Index Fund Management Team

The Index Fund Management team comprises 25 fund managers, supported by two analysts. Management oversight is provided by the Global Head of Index Funds. The team has average industry experience of 15 years, of which seven years has been at LGIM, and is focused on achieving the equally important objectives of close tracking and maximising returns.

IMPORTANT INFORMATION

Fund size is based on mid price.

Coupon payments contained within the Fund return are net of tax. The index return however, is gross of tax on coupon payments. This fund invests more than 35% in securities issued by UK Government. The cash position in the asset allocation section may be higher due to cash flow management.

The Key Investor Information Document (KIID) includes a risk warning concerning the liquidity of the bonds held by the Fund. Please read this in conjunction with the Portfolio Details shown. The factors that make a bond easier to buy or sell are; a larger amount in issue, a higher credit rating, how recently they have been issued and the number of brokers and investment banks available to trade them.

The FTSE-A Government (All Stocks) Index is operated by FTSE International Limited in conjunction with Reuters and the Institute of Actuaries and the Faculty of Actuaries. FTSE, Reuters and the Institute of Actuaries and the Faculty of Actuaries accept no liability in connection with the trading of any products on the FTSE-A Government (Over 15 Year) Index. All copyright in the index values and constituent list belongs to FTSE. Legal & General Assurance Society Limited has obtained full licence from FTSE to use such copyright in the creation of this/these product(s). "FTSE™", "FT-SE®" and "Footsie®" are trade marks of the London Stock Exchange Plc and The Financial Times Limited and are used by FTSE International Limited ("FTSE") under licence.

Please note that there may be small differences in the asset class classification between this factsheet and those provided by third parties for the same fund. This is because different entities can employ different criteria to classify securities.

* The Distribution Yield reflects the amounts that may be expected to be distributed over the next twelve months as a percentage of the mid-market unit price of the fund as at the date shown. It is based on a snapshot of the portfolio on that day and is not a guarantee of future returns. It does not include any initial charges and investors may be subject to tax on their distributions.

The value of an investment and any income taken from it is not guaranteed and may go up and down.
