**AS AT 31 DECEMBER 2023** 

## Investment objective

The fund aims to provide a long-term return (at least 5 years) from investment in a range of asset classes. The fund has been designed to be potentially suitable for investment by or on behalf of individuals who have been granted personal injury awards but is not restricted to such persons.

## Investment strategy

The starting point for the Manager's investment process is identifying the best mix of asset classes to create a strategic asset allocation (SAA) customised for each 7IM risk profile. The SAA is then adapted to financial markets to enhance return and reduce volatility on a tactical basis using 7IM's tactical asset allocation process (TAA) making temporary and measured departures from the SAA. The fund's portfolio of assets is constructed predominantly with passive securities, that is, we actively choose third party managers or securities for their own expertise in selecting particular assets, where their objective is to closely track a pre-determined index.

## Important information

The specific details of the funds including investment policy, charges and the particular risks associated with the funds are explained in the Prospectus and Key Investor Information Documentation (KIIDs) – a link to these is available via the 7IM website (www.7im.co.uk).

- ‡ Please allow up to 10 working days after the Distribution Date for dividends to be processed and applied to individual client accounts.
- † Ongoing Charges Figure includes 7IM Annual Management Charge. Source: KIIDs 06/10/2023.
- \*7IM's funds are mapped against a selection of third party risk profiling tools to assist advisers as part of suitability assessments for clients. Such tools are however only one aspect of an adviser's suitability process and other such as the clients' investment term / horizon and knowledge and experience should also be considered. The methodology of third party risk profiling tools is not endorsed by 7IM and individual fund risk profiling scores may not correspond precisely to the risk indicators in the 7IM fund literature.
