**Investment objective:** To achieve a return through investing at least 80% of the Fund’s assets in equity securities of companies with exposure to the theme of climate change solutions.

### Investment approach

- Uses the ThemeBot to define the investment universe of the fund, which, through natural language processing, determines textual relevance and revenue attribution to identify companies exposed to the theme of climate change solutions and its related sub-themes.
- Using the results of the Themebot as the basis for company selection, applies an active, bottom-up investment approach to stock selection, drawing on a fundamental research-based investment process.

### BENCHMARK USES

The Fund is actively managed. The Benchmark is a Performance Comparator and the Fund may bear little resemblance to its Benchmark. The Benchmark has been chosen as it reflects the main investment universe and strategy for the Fund. The Benchmark will not apply values and norms based screening to implement exclusions that the Investment Manager applies to this Fund.
