

## INVESTMENT POLICY

The Sub-fund will invest a minimum of 40% and a maximum of 85% directly or indirectly in shares across any geographical region, subject to limits set out under the investment strategy.

The Sub-fund may invest a maximum of 30% in collective investment schemes (which may include schemes operated by the ACD, associates or controllers of the ACD).

The Sub-fund may also invest in other transferable securities such as cash, near cash instruments, bonds (including government bonds and corporate bonds), real estate investment trusts (REITs), investment trusts and structured products which may embed a derivative.

The Sub-fund will be fully invested save for a cash amount to enable ready settlement of liabilities (including redemption of shares) and efficient. This amount will vary depending upon prevailing circumstances and although it would normally not exceed 10% of the total value of the Sub-fund, there may be times when the Investment Adviser considers stock markets around the world to be overpriced or that a period of instability exists which presents unusual risks. In such cases or during such periods and, if considered prudent, the amount of cash or near cash instruments held would be increased. Unless market conditions were deemed unusually risky, the increased amount and period would not be expected to exceed 30% and six months respectively.
