FUND RATINGS

Ratings should not be used for making an investment decision and do not constitute a recommendation or advice in the selection of a specific investment or class of investments.

INVESTMENT OBJECTIVE

The Fund aims to achieve income together with the potential for capital growth over the long term (5 years or more).

PERFORMANCE DISCLOSURE

Past performance is not a guide to future performance. The value of investments can fall. Investors may not get back the amount invested. Income from investments may vary and is not guaranteed.

PERFORMANCE BENCHMARK

The Fund will measure its performance against a composite index, comprising 60% MSCI AC World NR Index and 40% ICE Bank of America Global Broad Market GBP Hedged TR Index, as a comparator benchmark (the "Benchmark"). The Fund will use the Benchmark as an appropriate comparator because the Investment Manager utilises this index when measuring the Fund's income yield.

The Fund is actively managed, which means the Investment Manager has absolute discretion to invest outside the Benchmark subject to the investment objective and policies disclosed in the Prospectus. While the Fund's holdings may include constituents of the Benchmark, the selection of investments and their weightings in the portfolio are not influenced by the Benchmark. The investment strategy does not restrict the extent to which the Investment Manager may deviate from the Benchmark.

INCOME EARNED

£100,000 invested into Institutional Shares W (Inc.) at launch, 04 February 2015, would have paid £42467 in income and have a capital value of £121,870 as of 31 March 2024.

ROLLING 12 MONTH YIELD

The chart shows all rolling 12 month Yield returns from launch. The chart shows the first period on the left followed by subsequent periods finishing at the right side with the latest period.

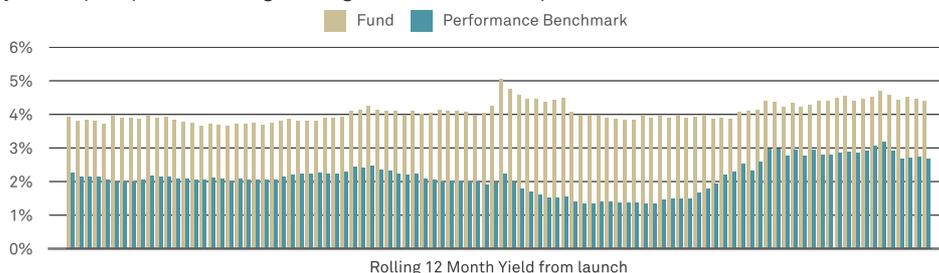

Chart above shows Rolling 12-month Yield from launch +1yr (29/02/2016) to present (31/03/2024)

Source for all performance: Lipper as at 31 March 2024. Fund Performance for the Institutional Shares W (Income) calculated as total return, including reinvested income net of UK tax and charges, based on net asset value. All figures are in GBP terms. The impact of an initial charge (currently not applied) can be material on the performance of your investment. Further information is available upon request.

Ongoing costs are taken from the latest EMT file, ongoing charge is taken from the latest KIID.
