

The Funds

The fund is one of four Margetts funds. The funds can be used independently or combined with each other to create an actively managed portfolio with a specific risk profile to meet investors' requirements.

The objective of the Margetts team is to analyse macro economic data and the investment cycle for opportunities to add value or protect the fund from foreseen dangers to gain relative performance over time.

Objective

The objective of the Margetts Providence Strategy Fund is to provide a balance of capital growth over any five year period and increasing income (measured by annual monetary distribution per unit). Capital and the income distributed are at risk and there is no guarantee that the objective will be achieved.

The IA (Investment Association) Global Sector is used as the comparator. This is considered appropriate for investors to use when comparing performance as the strategy results in a risk profile which is expected to be similar to the sector. The manager has greater scope to increase cash and defensive assets, or to invest more in the UK than the sector definition allows.

Performance is based on Margetts Opes Growth Fund R Acc.

The performance for other share classes may differ due to the difference in charges.

Important Information

Margetts Fund Management Ltd is authorised and regulated by the Financial Conduct Authority.

This document is produced by Margetts Fund Management solely for use by authorised and qualified professional financial advisors.

Past Performance is no guarantee of future performance. The value of an investment and the income from it can fall as well as rise and investors may get back less than they invested.

Quoted yields are based on the previous 12 months distributions to investors and are not guaranteed. Future distributions may differ and will be subject to market factors.

Risk factors should be taken into account and understood including (but not limited to) currency movements, market risk, liquidity risk, concentration risk, lack of certainty risk, inflation risk, performance risk, local market risk and credit risk.

The information on this factsheet is intended to provide information only and should not be interpreted as advice. Margetts recommend that investors seek professional advice before making any investment to ensure that the product is suitable and can achieve their objectives.

Investors should ensure that they have read and understood the Non UCITS Retail Scheme Key Investor Information Document (NURS-KIID) and Supplementary Information Document (SID), which contain important information. A copy of these documents is available on the website or on request from Margetts Fund Management. Contact details are provided below.
