Fund objectives and investment policy

The fund aims to provide capital growth and income by investing in a diversified range of assets and markets worldwide.

Relevant risks as associated with this Fund are shown overleaf and should be carefully considered before making any investment. Above is the Investment Objective of the fund. For details on the fund's Investment Policy please see the KIID.

Past Performance is not a guide to future performance and may not be repeated. The value of investments and the income from them may go down as well as up and investors may not get back the amounts originally invested. Exchange rate changes may cause the value of any overseas investments to rise or fall.

Risk considerations

Performance risk: Investment objectives express an intended result but there is no guarantee that such a result will be achieved. Depending on market conditions and the macro economic environment, investment objectives may become more difficult to achieve.

Liquidity risk: In difficult market conditions, the fund may not be able to sell a security for full value or at all. This could affect performance and could cause the fund to defer or suspend redemptions of its shares.

Please see the KIID and Prospectus for a full list of risk considerations applicable to this fund.

Benchmark and corporate action information

Some performance differences between the fund and the benchmark may arise because the fund performance is calculated at a different valuation point from the benchmark. On 24.03.2014, the Fund, previously named Cazenove Multi-Manager Diversity Balanced Fund, changed its name to Schroder MM Diversity Balanced Fund, retaining the performance track record. On 17.10.2014 Schroder MM Managed Portfolio Fund was merged into this fund and the performance track record of the merging fund has been retained in a simulation approach, starting from 23.01.2009. The fund does not have a target benchmark. The fund's performance should be compared against the Investment Association Mixed Investment 40% to 85% Shares sector average return.
