Manager's Investment Report

Investment Objective and Policy

The Investment Objective and Policy of the Fund as disclosed within the Scheme Prospectus was updated with effect from 20 December 2022. The previous and revised Investment Objectives are set out below:

Prior to 20 December 2022

The objective of the Fund is to provide a combination of growth and income by tracking the performance of the Markit iBoxx Sterling Non-Gilts ex BBB, the "Benchmark Index". This objective is after the deduction of charges and taxation.

The Benchmark Index is comprised of corporate bonds that have an average rating of A, AA or AAA and are denominated in British Pounds.

The Fund is a Replicating Fund as it seeks to replicate as closely as possible the constituents of the Benchmark Index by holding all, or substantially all, of the assets comprising the Benchmark Index in similar proportions to their weightings in the Benchmark Index. The Fund will have at least 90% exposure to assets that are included in the Benchmark Index.

The Fund may also invest in bonds which are reasonably expected to become part of the Benchmark Index in the near future or are an alternative to a constituent of the Benchmark Index and collective investment schemes, including those managed or operated by the Manager or an associate of the Manager as well as money market instruments (such as Treasury bills), cash and permitted deposits.

The Fund may only use derivatives for Efficient Portfolio Management purposes.

From 20 December 2022

The objective of the Fund is to provide a combination of growth and income by tracking the performance of the Markit iBoxx Sterling Non-Gilts ex BBB (the "Benchmark Index") before fees and expenses are applied. Therefore, the Fund's performance may differ from the Benchmark Index due to the deduction of fees and expenses and the impact of any tracking error factors.

The Benchmark Index is comprised of corporate bonds that have an average rating of A, AA or AAA and are denominated in British Pounds.

The Fund is a Replicating Fund as it seeks to replicate as closely as possible the constituents of the Benchmark Index by holding all, or substantially all, of the assets comprising the Benchmark Index in similar proportions to their weightings in the Benchmark Index. The Fund will have at least 90% exposure to assets that are included in the Benchmark Index.

The Fund may also invest in bonds which are reasonably expected to become part of the Benchmark Index in the near future or are an alternative to a constituent of the Benchmark Index and collective investment schemes, including those managed or operated by the Manager or an Associate as well as money market instruments (such as Treasury bills), cash and permitted deposits.

The Fund may only use derivatives for Efficient Portfolio Management purposes.

Manager's Investment Report

During the year under review, the published price of the Fund's I-Class Accumulation units decreased by 8.21%. Markit iBoxx, the Index compiler, calculates the Benchmark Index at the end of the business day using closing prices, whereas the Fund is valued using prevailing prices at 12 noon. Therefore, for tracking purposes, the Fund has been revalued using closing prices. On this basis, over the review year, the Fund performance

was -8.74%, compared with the Index performance of -8.49% (Source: Rimes), producing a tracking difference of -0.25%.

Past performance is not a guide to future performance.

The value of investments and any income from them may go down as well as up.

Market/Economic Review

Over the past 12 months, inflationary pressures and tighter monetary policy have increasingly dominated the thoughts of market participants. Fears of an economic slowdown remain at the forefront of the minds of investors and, with signs that inflation has peaked in several developed markets, there's now even tentative talk of when central banks might start cutting interest rates.

In the US, the Federal Reserve (Fed) has continued with its monetary tightening; having hiked in four successive 75 basis-point increments, it slowed its pace of rises with a 50 basis-point rise in December and 25-basis point hikes in February, March and May , to take the headline rate to between 5.00% and 5.25%. The UK continued to raise rates during the six months, hitting 4.50% in May – its 12th consecutive hike and taking rates to their highest level since 2008. In Europe, the European Central Bank (ECB) continued to raise rates over the year; in October it hiked by 0.75% and it followed up with

50 basis-point hikes in December, February and March, to take rates to 3.50%; they are expected to rise to 3.75% by September, matching the ECB's 2001 all-time high.

Elsewhere, Silicon Valley Bank was a notable US casualty of the banking woes that reared their heads in late February, although contagion risk seemed to be well contained. Meanwhile, Swiss regulators helped usher through a speedy takeover of the beleaguered Credit Suisse, with its rival UBS stepping in to rescue the challenged business in a cut-price all-share deal.

Yields on developed market government bonds rose strongly (prices fell) over the year. Yields rose initially as the improving economic backdrop since the onset of the pandemic led investors to favour equities, although the rise tailed off a couple of months into the review year on inflationary worries. Yields then rose strongly once again as inflationary pressures and monetary tightening action re-took the reins. Unlike the 10-year Treasury and bund, the UK 10-year Gilt yields then edged higher once again late in the year.

In September alone, the yield on the 10-year Gilt rose by 120 basis points, although it subsequently fell back significantly. Meanwhile, the yield on the 10-year Japanese government bond rose very late in the year on an announcement from the Bank of Japan that it was tweaking its yield curve control measures, allowing yields to move by as much as 0.50%, up from 0.25%.

Investment-grade bond spreads in the US, UK and Europe effectively tracked underlying government bond yields for much of the review year, while the widening

Manager's Investment Report continued

moves seen in UK and European investment-grade bond yields later in the year were significantly larger than their US counterparts. Over the 12 months as a whole, though, credit spreads edged wider across the board. High yield bonds similarly widened over the year.

Fund Review

All investment activity was prompted either by unit holder activity or by monthly changes in the profile of the Benchmark. Over the year, turnover was 41.77%. During the year, 32 bonds were added to the Index whilst 13 bonds left the Benchmark.

There were no significant changes in the Index or portfolio exposure over the year in terms of sector exposure. The sovereigns sector remained almost flat as the weighting decreased by -0.01%; and sub-sovereigns decreased by -1.01% while collateralized decreased by -2.02% and corporates increased by 3.04%.

As at the balance sheet date, the Index consisted of 714 bonds issued by 312 issuers.

The Fund experienced positive cash flow during the year. The cash flows were used to adjust the Fund's holdings in such a way to ensure the Fund always maintained an Index distribution.

Outlook

Looking ahead, government bond markets are pricing further modest rate hikes in Europe and the US, and then easier policy by the end of the year as growth weakens and inflation pressure fades. Equity markets have been boosted by the approaching end of the rate hiking cycle, but with little risk premium for growth risks. In particular, while banking volatility reduced during April, First Republic Bank's demise at the end of the month suggests that more stress could be expected. Geopolitics is also likely to be a headwind for markets, with the US debt ceiling approaching as well as the G7 meeting in Japan, when President Biden could reveal his long-anticipated China investment rules. Given current market valuations, we therefore maintain our overall cautious equity and credit view.

The Fund remains well placed to capture the performance of the Index.

Important Note from the Manager

On 5 May 2023, the WHO Director-General concurred with the advice offered by the International Health Regulations (2005) ("IHR") Emergency Committee regarding the Coronavirus 2019 disease (COVID-19) pandemic and determined that COVID-19 is now an established and ongoing health issue which no longer constitutes a public health emergency of international concern ("PHEIC").

The Manager continues to monitor the COVID-19 pandemic on an on-going basis.

In response to events in Eastern Europe, the Manager is closely monitoring financial markets and any potential liquidity and volatility risks which may have an impact on the Fund.

Statement of Responsibilities

Statement of the Manager's Responsibilities

The Collective Investment Schemes sourcebook published by the FCA, ("the COLL Rules") require the Manager to prepare financial statements for each annual accounting period which give a true and fair view of the financial position of the Fund and of the net income and net gains or losses on the property of the Fund for the period.

In preparing the financial statements, the Manager is responsible for:

- selecting suitable accounting policies and then applying them consistently;
- making judgements and estimates that are reasonable and prudent;
- following UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland;
- complying with the disclosure requirements of the Statement of Recommended Practice for UK Authorised Funds issued by the Investment Association in May 2014 and amended in June 2017;
- keeping proper accounting records which enable it to demonstrate that the financial statements as prepared comply with the above requirements;
- assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern;
- using the going concern basis of accounting unless they either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so;
- such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; and
- taking reasonable steps for the prevention and detection of fraud and irregularities.

The Manager is responsible for the management of the Fund in accordance with its Trust Deed, the Prospectus and the COLL Rules.

The Manager is responsible for the maintenance and integrity of the corporate and financial information included on the Fund's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Statement of Responsibilities continued

Statement of the Trustee's Responsibilities

The Depositary in its capacity as Trustee of Legal & General Sterling Corporate Bond Index Fund must ensure that the Fund is managed in accordance with the Financial Conduct Authority's Collective Investment Schemes Sourcebook ("COLL"), the Financial Services and Markets Act 2000, as amended, (together "the Regulations"), the Trust Deed and Prospectus (together "the Scheme documents") as detailed below.

The Depositary must in the context of its role act honestly, fairly, professionally, independently and in the interests of the Fund and its investors.

The Depositary is responsible for the safekeeping of all custodial assets and maintaining a record of all other assets of the Fund in accordance with the Regulations.

The Depositary must ensure that:

- the Fund's cash flows are properly monitored and that cash of the Fund is booked in cash accounts in accordance with the Regulations;
- the sale, issue, repurchase, redemption and cancellation of units are carried out in accordance with the Regulations;
- the value of units of the Fund are calculated in accordance with the Regulations;
- any consideration relating to transactions in the Fund's assets is remitted to the Fund within the usual time limits;
- · the Fund's income is applied in accordance with the Regulations; and
- the instructions of the Authorised Fund Manager ("the AFM"), which is the UCITS Management Company, are carried out (unless they conflict with the Regulations).

Report of the Trustee

Report of the Trustee to the Unitholders of the Legal & General Sterling Corporate Bond Index Fund ("the Fund") for the year ended 20 May 2023

The Depositary also has a duty to take reasonable care to ensure that the Fund is managed in accordance with the Regulations and the Scheme documents of the Fund in relation to the investment and borrowing powers applicable to the Fund.

Having carried out such procedures as we considered necessary to discharge our responsibilities as Depositary of the Fund, it is our opinion, based on the information available to us and the explanations provided, that, in all material respects the Fund, acting through the AFM:

- (i) has carried out the issue, sale, redemption and cancellation, and calculation of the price of the Fund's units and the application of the Fund's income in accordance with the Regulations and the Scheme documents of the Fund; and
- (ii) has observed the investment and borrowing powers and restrictions applicable to the Fund in accordance with the Regulations and the Scheme documents of the Fund.

Independent Auditor's Report

Independent auditor's report to the Unitholders of Legal & General Sterling Corporate Bond Index Fund ('the Fund')

Opinion

We have audited the financial statements of the Fund for the year ended 20 May 2023 which comprise the Statement of Total Return, the Statement of Change in Net Assets Attributable to Unitholders, the Balance Sheet, the Related Notes and Distribution Tables for the Fund and the accounting policies set out on 40 to 41.

In our opinion, the financial statements:

- give a true and fair view, in accordance with UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland, of the financial position of the Fund as at 20 May 2023 and of the net revenue and the net capital losses on the property of the Fund for the year then ended; and
- have been properly prepared in accordance with the Trust Deed, the Statement of Recommended Practice relating to UK Authorised Funds, and the COLL Rules.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Fund in accordance with, UK ethical requirements including the FRC Ethical Standard.

We have received all the information and explanations which we consider necessary for the purposes of our audit and we believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The Manager has prepared the financial statements on the going concern basis as they do not intend to liquidate the Fund or to cease their operations, and as they have concluded that the Fund's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over their ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the Manager's conclusions, we considered the inherent risks to the Fund's business model and analysed how those risks might affect the Fund's financial resources or ability to continue operations over the going concern period.

Our conclusions based on this work:

- we consider that the Manager's use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified, and concur with the Manager's assessment that there is
 not, a material uncertainty related to events or conditions that, individually or
 collectively, may cast significant doubt on the Fund's ability to continue as a going
 concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Fund will continue in operation.

Fraud and breaches of laws and regulations – ability to detect

Identifying and responding to risks of material misstatement due to fraud

Independent Auditor's Report continued

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included:

- Enquiring of directors as to the Fund's high-level policies and procedures to
 prevent and detect fraud, as well as whether they have knowledge of any actual,
 suspected or alleged fraud;
- Assessing the segregation of duties in place between the Manager, the Trustee, the Administrator and the Investment Adviser;
- · Reading board minutes.

As required by auditing standards, we perform procedures to address the risk of management override of controls, in particular the risk that management may be in a position to make inappropriate accounting entries. On this audit we do not believe there is a fraud risk related to revenue recognition because the revenue is principally nonjudgemental and based on publicly available information, with limited opportunity for manipulation. We did not identify any additional fraud risks.

We evaluated the design and implementation of the controls over journal entries and other adjustments and made inquiries of the Administrator about inappropriate or unusual activity relating to the processing of journal entries and other adjustments. We identified and selected a sample of journal entries made at the end of the reporting period and tested those substantively including all material post-closing entries. Based on the results of our risk assessment procedures and understanding of the process, including the segregation of duties between the Directors and the Administrator, no further high-risk journal entries or other adjustments were identified.

Identifying and responding to risks of material misstatement due to non-compliance with laws and regulations

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience and through discussion with the Manager and the Administrator (as required by auditing standards) and discussed with the Directors the policies and procedures regarding compliance with laws and regulations.

The potential effect of these laws and regulations on the financial statements varies considerably.

Firstly, the Fund is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related authorised fund legislation maintained by the Financial Conduct Authority) and taxation legislation and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Independent Auditor's Report continued

Secondly, the Fund is subject to many other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements, for instance through the imposition of fines or litigation. We identified the following areas as those most likely to have such an effect: money laundering, data protection and bribery and corruption legislation recognising the Fund's activities. Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the Directors and the Administrator and inspection of regulatory and legal correspondence, if any. Therefore if a breach of operational regulations is not disclosed to us or evident from relevant correspondence, an audit will not detect that breach.

Context of the ability of the audit to detect fraud or breaches of law or regulation

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

Other information

The Manager (Legal & General (Unit Trust Managers) Limited) is responsible for the other information presented in the Annual Manager's Report together with the financial statements. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- · we have not identified material misstatements in the other information; and
- in our opinion the information given in Manager's Report for the financial year is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where under the COLL Rules we are required to report to you if, in our opinion:

- · proper accounting records for the Fund have not been kept; or
- the financial statements are not in agreement with the accounting records.

Independent Auditor's Report continued

Manager's responsibilities

As explained more fully in their statement set out on page 6, the Manager is responsible for: the preparation of financial statements that give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Fund's unitholders, as a body, in accordance with Rule 4.5.12 of the Collective Investment Schemes sourcebook ('the COLL Rules') issued by the Financial Conduct Authority under section 247 of the Financial Services and Markets Act 2000. Our audit work has been undertaken so that we might state to the Fund's unitholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Fund and the Fund's unitholders as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements

1. Statement of Compliance

The Financial Statements have been prepared in compliance with UK Financial Reporting Standard 102 (FRS 102) and in accordance with the Statement of Recommended Practice for UK Authorised Funds issued by the Investment Association in May 2014 (2014 SORP) and amended in June 2017.

2. Summary of Significant Accounting Policies

(a) Basis of Preparation

The Financial Statements have been prepared on a going concern basis, under the historical cost convention as modified by the revaluation of certain financial assets and liabilities measured at fair value through profit or loss. In making this assessment, the Manager has considered, amongst other things, factors such as Fund size, cash flows through the Fund and Fund liquidity in its assessment of the Fund's ability to meet its liabilities as they fall due at least the twelve month period from the date the financial statements are signed. Based on this assessment, the Manager deems the basis of preparation appropriate.

The principal accounting policies which have been applied consistently are set out below.

(b) Functional and Presentation Currency

The functional and presentation currency of the Fund is Sterling.

(c) Recognition of Revenue

Bond revenue is accounted for on an effective yield basis, calculated with reference to the purchase price. If the Manager believes that future commitments will not be met due to the bond issuer showing signs of financial distress, revenue accruals will be discounted. Any resultant revenue from these issues will then be treated on a receipts basis.

All other revenue is recognised on an accruals basis.

(d) Treatment of Expenses

All expenses (other than those relating to the purchase and sale of investments) are charged against revenue on an accruals basis.

(e) Distribution Policy

The policy is to distribute all available revenue, after deduction of those expenses which are chargeable in calculating the distribution. In order to conduct a controlled dividend flow, interim distributions will be at the Manager's discretion, up to a maximum of the distributable revenue for the period. All remaining revenue is distributed in accordance with the COLL.

Fund Management Fees are deducted from capital for the purpose of calculating the distribution. This increases the amount of the distribution paid, but reduces the capital growth potential of the Fund. Marginal tax relief is not accounted for in determining the distribution.

Distributions which have remained unclaimed by Unitholders for over six years are credited to the capital property of the Fund.

2. Summary of Significant Accounting Policies continued

(f) Basis of Valuation of Investments

All investments are valued at their fair value as at 12 noon on 19 May 2023, being the last business day of the accounting year. The fair value for non-derivative securities is bid market price, excluding any accrued interest.

Where values cannot be readily determined, the securities are valued at the Manager's best assessment of their fair and reasonable value.

(g) Taxation

Provision is made for taxation at current rates on the excess of investment revenue over expenses.

Deferred tax is provided for on all timing differences that have originated but not reversed by the balance sheet date, other than those differences that are regarded as permanent. Any liability to deferred tax is provided for at the average rate of tax expected to apply.

12. Financial Instruments and Associated Risks

The investments of a Fund in financial securities and derivatives are subject to normal market fluctuations and other risks inherent in investing in such instruments. Legal & General (Unit Trust Managers) Limited (UTM) is the Authorised Fund Manager and has responsibility for ensuring appropriate risk management processes are implemented for each Unit Trust.

The UTM Board has delegated the risk oversight function to the Fund Manager Oversight Committee (FMOC), a committee of the Legal & General Investment Management (Holdings) Limited (LGIMH) Board that meets monthly. The primary objective of the FMOC is to ensure proper oversight of the investment management activities and associated services performed by LGIM, its delegates and other Fund Managers, under the Investment Management Agreement (IMA), on behalf of UTM in its capacity as Authorised Fund Manager. The committee consists of senior members of LGIMH and members of the UTM Board. Other senior staff members are also in attendance, as required by the agenda.

Each Fund has Investment Guidelines, an Investment Objective and Investment Restrictions, against which the fund manager will operate. These are set out in Schedule 1 of the IMA between LGIM and UTM. The Schedule is maintained by each fund manager, reviewed by the LGIM Operational Risk and Compliance Teams and approved senior members of LGIMH on behalf of the UTM board. The Schedule provides the detail needed to determine the risk profile for each fund. Fund managers are not permitted to invest into any new instruments without first gaining approval from UTM.

The Investment Objective and Policy of this Fund is detailed on page 2.

(a) Market Risk arising from other price risk

Market Risk arises mainly from uncertainty about future prices. It represents the potential loss the Fund may suffer through holding market positions in the face of market movements.

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting similar instruments traded in the market.

The assets held by the Fund can be seen in the Portfolio Statement starting on page 9. Movements in the prices of these investments result in movements in the performance of the Fund. The Manager adheres to the investment guidelines established in the Trust Deed, the Prospectus, the COLL and the Fund's IOG, and in this way, monitors and controls the exposure to risk from any type of security, sector or issuer.

As at the balance sheet date, if the price of the investments held by the Fund increased or decreased by 5%, with all other variables remaining constant, then the net assets attributable to unitholders would increase or decrease by approximately £53,716,549 (20 May 2022: £52,903,061).

12. Financial Instruments and Associated Risks continued

(b) Interest Rate Risk

Interest Rate Risk is the risk of movements in the value of financial instruments as a result of fluctuations in interest rates.

The Fund is exposed to interest rate risk through its holdings in debt securities. The market value of debt securities and any floating rate payments from debt securities held (and interest rate swaps) may fluctuate as a result of changes in interest rates. This risk is managed by the active monitoring and adjustment of the investments held by the Fund, in line with the stated investment objective and policy of the Fund.

As at the balance sheet date, if interest rates on the Fund increased or decreased by 1 basis point, with all other variables remaining constant, then the net assets attributable to unitholders would increase or decrease by approximately £625,561 (20 May 2022: £751,904). This represents the Manager's best estimate of a reasonable possible shift in interest rates, having regard to historical volatility of those rates.

The interest rate profile of the Fund's net assets and liabilities at the balance sheet date was:

20/05/23	Total £'000	Floating rate £'000	Fixed rate £'000	No interest £'000

^{*} The Fund's floating rate investments earn interest which is variable.

[†] The Fund's floating rate other assets and liabilities are represented by its bank balances and overdraft facilities. Cash is deposited, and overdraft facilities utilised, on normal commercial terms.

The bonds shown in the Portfolio Statement with open maturity dates are assumed to mature on 31 December 2049 for the purpose of calculating the weighted average period for which the rate is fixed.

12. Financial Instruments and Associated Risks continued

(c) Foreign Currency Risk

Foreign Currency Risk is the risk of movements in the value of financial instruments as a result of fluctuations in exchange rates. This risk may be managed by the use of forward currency contracts or currency futures as necessary.

As at the balance sheet date, the Fund had no significant exposures to currencies other than Sterling (20 May 2022: same).

Forward currency contracts were not utilised during the current and the preceding year.

(d) Credit Risk

Credit Risk is the risk of suffering financial loss as a result of a counterparty to a financial transaction being unable to fulfil their financial obligations as they fall due.

Bonds or other debt securities involve credit risk to the issuer which may be evidenced by the issuer's credit rating. Securities which are subordinated and/or have a lower credit rating are generally considered to have a higher credit risk and a greater possibility of default than more highly rated securities.

The Fund's investments in bonds expose it to the default risk of the bond issuer with regards interest payments and principal repayments. At the balance sheet date, none of the bonds held by the Fund had low credit ratings (sub-investment grade).

This risk is managed by appraising the credit profile of financial instruments and issuers in line with the Fund's investment objective and policy.

(e) Liquidity Risk

Liquidity Risk relates to the capacity to meet liabilities as they fall due. The primary source of this risk to the Fund is the liability to Unitholders for any cancellation of units.

This risk is minimised by holding a large proportion of readily realisable assets, cash balances and via access to overdraft facilities.

12. Financial Instruments and Associated Risks continued

(f) Fair Value

The fair value of a financial instrument is the amount for which it could be exchanged between knowledgeable, willing parties in an arm's length transaction. There is no material difference between the value of the financial assets and liabilities, as shown in the financial statements, and their fair value.

The Statement of Recommended Practice for Financial Statements of UK Authorised Funds issued by the Investment Association in May 2014 and amended in June 2017 requires the classification of the Fund's financial instruments held at the year end into a 3 tiered fair value hierarchy. The 3 tiers of the hierarchy and the classification of the Fund's financial instruments as at the balance sheet date were:

20/05/23	Assets	Liabilities

Level 3

Valuation techniques using unobservable inputs.

13. Portfolio transaction costs

As the Fund mainly invests in assets that are not subject to commissions or taxes, there are no transaction costs (20 May 2022: same).

Total purchases for the year: £356,349,246 (20 May 2022: £320,868,590)

Total sales for the year: £219,100,290 (20 May 2022: £314,204,892)

The average portfolio dealing spread, as at the balance sheet date was 0.43% (20 May 2022: 0.48%).

14. Unit classes

A list of unit classes in issue and the Fund Management Fee on each unit class can be found on page 65. The net asset value per unit of each unit class and the number of units in each class are given in the comparative tables on pages 55 to 63. The distributions per unit class are given in the distribution tables on pages 50 to 53. All classes have the same rights on winding up.

15. Ultimate controlling party and related party transactions

The Manager is regarded as a related party to the Fund because it provides key management personnel services to the Fund. The ultimate controlling party of the Manager is Legal & General Group Plc. Subsidiaries of Legal & General Group Plc are also considered related parties to the Fund.

Legal & General (Unit Trust Managers) Limited acts as the principal on all the transactions of the units in the Fund. The aggregated monies received through creations or paid on cancellations are disclosed in the statement of change in net assets attributable to unitholders.

Equalisation amounts relating to creations and cancellations of units are shown within note 7. Fees received by the Authorised Fund Manager from the Fund plus any rebates paid by the Authorised Fund Manager to the Fund are shown within notes 3, 4 and 5 as applicable. Any outstanding fees, amounts outstanding on creations or cancellations of units in the Fund, or rebates receivable by the Fund from the Manager are shown within notes 8 and 10 as applicable.

As at the balance sheet date, the Manager and its associates held 2.26% (1.38% as at 20 May 2022) of the Fund's units in issue.

16. Post balance sheet market movements

As at the close of business on the balance sheet date, the Net Asset Value per I-Class accumulation unit was 58.57p. The Net Asset Value per I-Class accumulation unit for the Fund as at 12 noon on 18 August 2023 was 57.56p. This represents a decrease of 1.72% from the year end value.

Distribution Tables

Distribution Tables for the year ended 20 May 2023

Group 1: units purchased prior to a distribution period.

Group 2: units purchased during a distribution period.

Equalisation is the average amount of revenue included in the purchase price of all Group 2 units and is refunded to the holders of these units as a return of capital. As capital it is not liable to Income Tax but must be deducted from the cost of units for Capital Gains Tax purposes.

Fund Information

The Comparative Tables on pages 55 to 63 give the performance of each active unit class in the Fund.

The 'Return after charges' disclosed in the Comparative Tables is calculated as the return after operating charges per unit divided by the opening net asset value per unit. It differs from the Fund's performance disclosed in the Manager's report, which is calculated based on the latest published price.

Risk and Reward Profile (unaudited)

- The Risk and Reward Indicator table demonstrates where the Fund ranks in terms of its potential risk and reward. The higher the rank the greater the potential reward but the greater the risk of losing money. It is not guaranteed to remain the same and may change over time. It is based on historical data and may not be a reliable indication of the future risk profile of the Fund. The shaded area in the table above shows the Fund's ranking on the Risk and Reward Indicator.
- The Fund is in category four because it invests in company or government bonds which are sensitive to changes in interest rates, inflation and credit. This can be driven by political and economic changes and other significant events and may cause the value to go up and down. Bonds that are closer to their maturity date tend to be more stable in value. Bonds are generally considered to be higher risk investments than cash, but lower risk than company shares.
- · Even a fund in the lowest category is not a risk free investment.

Information on Tracking Error

The 'Tracking Error' of a Fund is the measure of the volatility of the differences between the return of the Fund and the return of the Benchmark Index. It provides an indication of how closely the Fund is tracking the performance of the Benchmark Index after considering things such as Fund charges and taxation.

Using monthly returns, over the review year, the annualised Tracking Error of the Fund is 0.15%, whilst over the last three years to the end of April 2023, the annualised Tracking Error of the Fund is 0.16%. These Tracking Errors are within the anticipated Tracking Error levels set out in the Fund's Prospectus of +/-0.50% per annum.

EU Savings Directive

The Fund has been reviewed against the requirements of the Directive 2003/48/EC on Taxation of savings in the form of interest payments (ESD), following the HM Revenue & Customs debt investment reporting guidance notes.

Under the Directive, information is collected about the payment of distributions to residents in certain other countries and is reported to HM Revenue & Customs to be exchanged with Tax authorities in those countries.

The Fund falls within the 25% debt investment reporting threshold. This means that details of all distributions and redemption proceeds paid to non UK investors will be reported by Legal & General (Unit Trust Managers) Limited to HM Revenue & Customs to be exchanged with the relevant Tax authorities.

Remuneration Disclosure

In accordance with the Undertakings for collective investment in transferable securities (UCITs) Directive, often referred to as the UCITs V Directive, the Legal & General Sterling Corporate Bond Index Fund, as a UCITs Scheme, is required to disclose the aggregate remuneration paid by the UCITs Manager and by the UCITs Scheme to Identified Staff, together with the number of beneficiaries, and, where relevant, performance fees paid by the UCITs Scheme. The aggregate amount of remuneration must be broken down by category of employees or other staff members and be split into fixed and variable remuneration.

The following provides information on the remuneration of persons whose professional activities have a material impact on the management company and the funds we manage as at 31 December 2022:

Controlled Functions

During 2022, Legal & General Unit Trust Managers Limited (UTM) engaged the services of four employees of Legal & General Investment Management (Holdings) Limited (LGIMH). In addition, there were three non-executive Directors. UTM also engaged the services of a further 30 LGIMH employees to act in a variety of Controlled Functions, including Chief Compliance Officer, Money Laundering Reporting Officer, Client Asset Oversight, Systems and Controls Functions, Significant Management Functions and Customer Functions. These employees were also engaged by other companies in the L&G Group. The aggregate remuneration received by these individuals, for all their services across the L&G Group, is disclosed in the table above. We have prorated the remuneration figures by the Net Asset Value of the UCITS Funds as a percentage of the total assets under management of UTM.

Material Risk Takers

As at 31 December 2022, UTM engaged the services of Legal & General Investment Management's Index Fund Management team, which consists of 61 investment professionals located in our London Office. The team includes a variety of Fund Managers, Analysts and Support Staff, with the Fund Managers empowered to take discretionary investment management decisions on behalf of the Fund. The team is also engaged in managing other Legal & General UTM Funds/Schemes and is also engaged by other companies in the L&G Group. The aggregate remuneration received by the members of the team, for all their services across the L&G Group, is disclosed in the table above. We have prorated the remuneration figures by the Net Asset Value of the UCITS Funds as a percentage of the total assets under management of the Index Fund Management team.

Assessment of Value

We have now published Assessment of Value reports for our funds on legalandgeneral.com and lgim.com.

Significant Change

Change of Objective and Policy

With effect from 20 December 2022, the Investment Objective & Policy was updated to better reflect how the Fund is managed. The previous and revised Investment Objective and Policy are set out on page 2.

Notifiable Change

Prospectus Updates

Following a review, the Risk Factors section of the Prospectus (including the Table of Fund specific risks) was updated on 20 December 2022.

With effect from 16 March 2023, the Prospectus was updated for the following:

To introduce wording to allow for the compulsory conversion or cancellation of units and to clarify the circumstances in which redemptions, conversions or cancellations may be carried out.

To introduce revised wording confirming the Fund may not be offered or sold to in the United States of America or held by U.S. Persons and that the compulsory redemption provisions as set out in the Prospectus will apply accordingly to any such U.S. Person.

To introduce wording to reflect the treatment of unclaimed distributions and client money.

With effect from 23 May 2023, the Prospectus was further updated to confirm that units may be redeemed in certain circumstances.
