Breakdown By Market Cap (%)

The value of investments and the income from them may fall as well as rise and you may not get back the amount you originally invested. Changes in exchange rates may cause the value of the fund to rise or fall. The Fund may use derivatives to protect the value of the Fund's assets or to reduce the costs of investing, although this may not be achieved. It is not anticipated that the use of derivatives will have any significant effect on the risk profile of the Fund. The Fund invests in smaller companies which carry a higher degree of risk than larger companies. The shares of smaller companies may be less liquid and their performance more volatile over shorter time periods. You are required to read the Key Investor Information Document (KIID) before making an investment. The KIID and prospectus for all funds are available free of charge at www.marlboroughfunds.com or by calling 0808 145 2500. Data accurate as of 01/04/2021. Factsheet produced by FundsLibrary.
