

# FUND FACTSHEET

## JUPITER UK ALPHA FUND

U1 CLASS | GBP | ACCUMULATION  
AS AT 28 FEBRUARY 2021

**EQUITIES**

**FIXED INCOME**

**ALTERNATIVES**

### FUND OBJECTIVE

To achieve capital growth. In seeking to achieve its investment objective the fund will aim to deliver a return, net of fees, greater than that of the FTSE All-Share Index over rolling 3 year periods. The fund primarily invests (at least 70%) in a portfolio of UK equities.

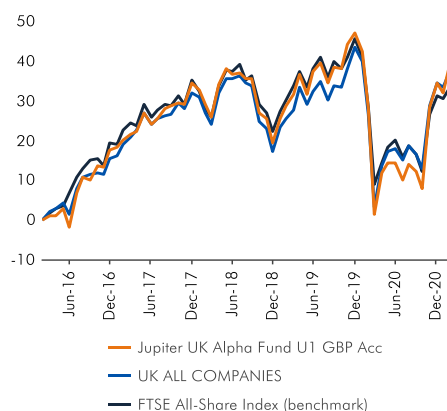

**RICHARD BUXTON**  
FUND MANAGER

**FUND SIZE:** £811.4m  
**NUMBER OF HOLDINGS:** 33

**Past performance is not a guide to future performance.** The benchmark is a broad representation of the fund's investment universe and as such is an appropriate benchmark for the fund to seek to outperform and may also be used as a point of reference against which the fund's performance may be measured. The fund's performance may also be compared to the IA sector, which consists of funds with similar investment objectives and policies. Source: Factset. © Morningstar. All Rights Reserved. U1 GBP Accumulation terms. All information as at 28/02/2021 unless otherwise stated. The performance of other share classes may differ, and any reported quartile ranking figures may refer to different share classes. Sector averages and rankings may change at any time.

Initial charge	0.00%
Fixed ongoing charge	0.78%
Historic yield (as at 31 Jan 2021)	3.02%
Minimum investment lump sum	GBP 500

**RISK FACTORS**

**Investment risk** - there is no guarantee that the Fund will achieve its objective. A capital loss of some or all of the amount invested may occur.

**Geographic concentration risk** - a fall in the UK market may have a significant impact on the value of the Fund because it primarily invests in this market.

**Company shares (i.e. equities) risk** - the value of Company shares (i.e. equities) and similar investments may go down as well as up in response to the performance of individual companies and can be affected by daily stock market movements and general market conditions. Other influential factors include political, economic news, company earnings and significant corporate events.

**Concentration risk (number of investments)** - the Fund may at times hold a smaller number of investments, and therefore a fall in the value of a single investment may have a greater impact on the Fund's value than if it held a larger number of investments.

**Currency risk** - the Fund can be exposed to different currencies. The value of your shares may rise and fall as a result of exchange rate movements.

**Derivative risk** - the Fund may use derivatives to reduce costs and/or the overall risk of the Fund (i.e. Efficient Portfolio Management (EPM)). Derivatives involve a level of risk, however, for EPM they should not increase the overall riskiness of the Fund. Derivatives also involve counterparty risk where the institutions acting as counterparty to derivatives may not meet their contractual obligations.

**Capital erosion risk** - the Fund takes its charges from the capital of the Fund. Investors should be aware that there is potential for capital erosion if insufficient capital growth is achieved by the Fund to cover the charges. Capital erosion may have the effect of reducing the level of income generated.

For a more detailed explanation of risks, please refer to the "Risk Factors" section of the prospectus.

**OTHER INFORMATION**

Past performance is not a guide to future performance and may not be repeated. Investment involves risk. The value of investments and the income from them may go down as well as up and investors may not get back the amount originally invested. Because of this, an investor is not certain to make a profit on an investment and may lose money. Exchange rate changes may cause the value of overseas investments to rise or fall.

- The net asset value of the Fund may have high volatility due to the nature of the asset class invested.

Your attention is drawn to the stated investment policy which is set out in the Fund's prospectus.

Signatory of:

On the 15 February 2021, the Merian UK Alpha Fund changed its name to the Jupiter UK Alpha Fund. This communication is issued by Jupiter Investment Management Limited, The Zig Zag Building, 70 Victoria Street, London, SW1E 6SQ, United Kingdom. Jupiter Investment Management Limited is registered in England and Wales (number: 02949554) and is authorised and regulated by the Financial Conduct Authority (FRN: 171847). The Jupiter UK Alpha Fund (the "Fund") is a sub-fund of Jupiter Investment Management Series I (an investment company with variable capital incorporated in England and Wales) and is authorised by the Financial Conduct Authority. The Fund can be distributed to the public in the United Kingdom. Jupiter uses all reasonable skill and care in compiling the information in this communication which is accurate only on the date of this communication. You should not rely upon the information in this communication in making investment decisions. Nothing in this communication constitutes advice or personal recommendation. An investor should read the Key Investor Information Document(s) ("KIID") before investing in the Fund. The KIID and the prospectus can be obtained from [www.jupiteram.com](http://www.jupiteram.com) in English and other required languages.

The historic yield reflects distributions paid or declared over the past twelve months as a percentage of the mid market share price as at the date shown. It does not include any initial charge and investors may be subject to tax on their distributions. Historic yield figures are as at the last day of the month and are not a guide or guarantee for the expected level of distributions to be received. The yield may fluctuate significantly during times of extreme market and economic volatility.
