- The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
- The ongoing charges figure is based on fixed component parts levied by Jupiter and the variable fees and expenses of underlying fund holdings which may vary from year to year. It excludes the costs of buying or selling assets for the Fund (unless those assets are shares of another fund). Overall, then the ongoing charges figure quoted in this document is based on fees and expenses for the year to 31/08/2020. The annual report and accounts for the Fund will include details of the exact charges made.
- Further information about charges is available in sections 17 and 18 of the Scheme Particulars which are available from Jupiter on request.
