Brown Advisory Global Leaders Fund Sterling Class B Acc

ISIN:IE00BD9MKL82

Brown Advisory Global Leaders Fund ("the **Fund**") is an actively managed sub-fund of Brown Advisory Funds plc ("the **Company**"). The Company is managed by Brown Advisory (Ireland) Limited ("the **Manager**"), part of the Brown Advisory group of companies.

Objectives and Investment Policy

Objectives

The objective of the Fund is to achieve capital appreciation by investing primarily in global equities.

Investment Policy

The Fund will under normal market conditions:
(1) invest at least 40% of its net assets outside the United States (including Emerging Market Countries) which may be reduced to 30% if market conditions are not favourable, and
(2) hold securities of issuers located in at least three countries.

The equity securities in which the Fund may invest include common stock, preferred stock, American Depositary Receipts (**"ADRs"**) and Global Depositary Receipts (**"GDRs"**) and the Fund may also invest in CIS (including, exchange traded funds (**"ETFs"**) subject to the limits set out in the Prospectus.

The equity securities in which the Fund may invest will be issued by mid and large-capitalisation companies generally with market capitalisations above $2 billion at the time of purchase that the Fund's Investment Manager believes have strong, or improving, long-term business characteristics and share prices that do not reflect these favourable fundamental attributes.

The Sub-Investment Manager has determined that the Fund is an Article 8 financial product for sustainability-related disclosures ("SFDR").

In addition, the equity securities in which the Fund may invest will include the equity securities of companies that the Investment Manager believes are leaders within their industry or country as demonstrated by an ability to deliver high relative return on invested capital over time. This typically can be attributable to, among other things, a strong competitive position and a defendable barrier to entry.

The Fund may invest in participatory notes (**"P-Notes"**) in order to gain exposure to securities and markets which may not be efficiently accessed through direct investment.

The Fund may use put options on equity indices in order to seek to enhance returns, to attempt to hedge some of its investment risk, to manage portfolio duration or as a substitute position for holding the underlying asset on which the put option is based.

Benchmark

The Fund uses the MSCI ACWI Net Total Return USD Index as a Comparator Benchmark to compare performance. The Fund is actively managed and is not constrained by any benchmark.

Dealing Frequency

Investors may redeem shares on demand on any day (except Saturday or Sunday) on which the New York Stock Exchange is open.

Distribution Policy

The Fund does not intend to distribute income on your shares. The price of your shares shall rise by the net income earned per share.
