F&C UK High Income Trust PLC - Units

ISIN Code GB00B1N4H933. This Key Information Document (KID) is issued and approved by F&C Investment Business Limited. Authorised and regulated in the UK by the Financial Conduct Authority.

Date of Production 09/07/2018

What is this Product?

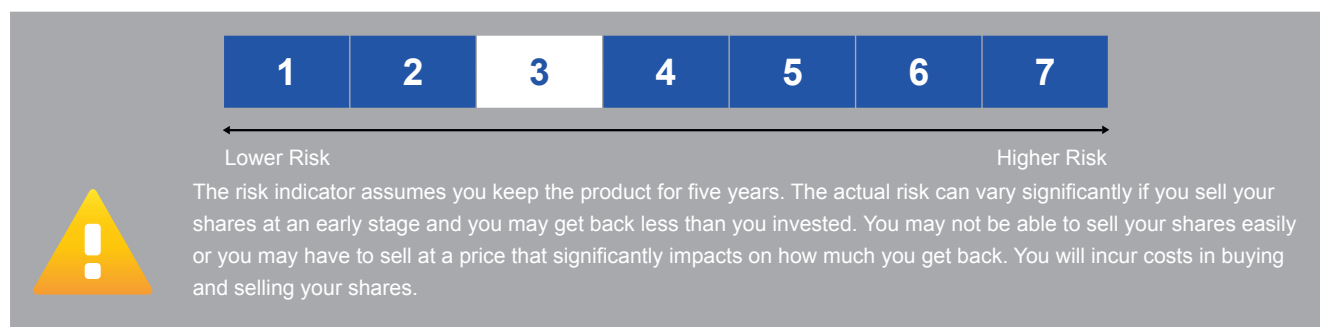

This product is a closed-end Investment Company incorporated in Scotland and listed on the London Stock Exchange and is designed to form part of a portfolio of investments. The Company invests predominantly in UK equities (ordinary shares of companies listed on the UK stock market) and equity related securities (for example subscription rights and warrants) of companies across the market capitalisation spectrum, with the objective to provide an attractive return to shareholders each year in the form of dividends and/or capital repayments, together with prospects for capital growth. The portfolio holds approximately 40 holdings at any given time and no single investment in the portfolio may exceed 10% of the Company's gross assets at the time of purchase. In addition, the Manager expects few individual holdings to exceed five per cent of the Company's gross assets at the time of purchase. There are no maximum levels set for exposures to sectors. Derivatives (an investment contract between the Company and a counterparty the value of which is derived from one or more underlying assets) may be used for income enhancement and efficient portfolio management. Borrowings would normally fall within a range of 0% to 20% of gross assets. The Company has a £7.5 million fixed-rate term loan to 28 September 2022 which has been fully utilised. This will magnify any gains or losses made by the Company.

Units comprise of three ordinary shares and one B share in the Company. The units are intended for UK retail and professionally-advised private client investors who plan to stay invested for at least five years. Ordinary shares carry a right to participate in dividends paid by the company while B shares are not entitled to dividends but instead carry the right to receive a capital repayment at the same time as, and in an equal amount to, each dividend paid in respect of ordinary shares.

Subject to shareholder continuation votes, in the event that the net asset value total return performance of the Company is less than that of the FTSE All-Share Capped 5% Total Return Index over the relevant five year period, the Company's life is not time limited.

What are the risks and what could I get in return?

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets.

We have classified this product as 3, which is a medium low risk class. This rates the potential losses from future performance at a medium low level. In periods when market conditions are poor, the value of your investment may fall and may impact the amount you get back in the long term.

The value of your investment can go down as well as up. You may lose some or all of your investment. This product does not provide any protection from future market conditions and regulatory changes. There can be no assurances that the objective of the Company will be achieved or that dividend distributions will continue to be made. The use of gearing can enhance returns to investors in a rising market, but if the market falls the losses may be greater.

What are the risks and what could I get in return? (continued)

Assuming you invest £10,000, this table shows how your investment could perform and what you could get back over the next 5 years under different scenarios. You can compare them with the scenarios of other products. The scenarios presented are an estimate of future performance based on evidence from the past but are not an exact indicator. What you get will depend on how the market performs and how long you keep the investment.

The figures shown include all the costs of the product itself, where applicable, but do not include all the costs that you may pay to your advisor or plan manager, or local transaction taxes.

Investment £10,000				
Scenarios		1 year	3 years	5 years (Recommended holding period)
Stress scenario	What you might get back after costs	£6,158	£7,927	£7,384
	Average return each year	-38.42%	-7.45%	-5.88%
Unfavourable scenario	What you might get back after costs	£9,964	£10,792	£11,878
	Average return each year	-0.36%	2.57%	3.50%
Moderate scenario	What you might get back after costs	£10,680	£12,174	£13,878
	Average return each year	6.80%	6.78%	6.77%
Favourable scenario	What you might get back after costs	£11,437	£13,722	£16,202
	Average return each year	14.37%	11.12%	10.13%

What happens if the Company is unable to pay out?

The Company's shares are listed on the London Stock Exchange. Should the Company be liquidated, the amount you receive for your holding will be based on the value of assets available for distribution after all other liabilities, but before shareholders, have been paid. Shareholders in this company do not have the right to make a claim to the Financial Services Compensation Scheme in the event that the Company is unable to pay out.

What are the costs?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs. The amounts shown below are the cumulative costs of the product itself depending on how long you remain invested. The figures assume you invest £10,000. The figures are estimates and may change in the future. The person selling or advising you about this product may charge you other costs. If so, that person will provide you with information about those costs and show you the impact that all costs will have on your investment over time.

Investment £10,000			
Scenarios	If you cash in after 1 year	If you cash in after 3 years	If you cash in at 5 years
Total costs	£163	£516	£906
Impact on return (RIY) per year	1.53%	1.53%	1.53%

What are the costs? (continued)

The table below shows the impact of the different types of costs on the return you might get, and the meaning of the different cost categories.

This table shows the impact on return per year			
One-off costs	Entry costs	N/A	The impact of the costs you pay when entering your investment. There is 0.5% UK government stamp duty to pay on purchases
	Exit costs	N/A	The impact of the costs of exiting your investment.
Ongoing costs	Portfolio transaction costs	0.31%	The impact of the costs of us buying and selling underlying investments for the product.
	Other ongoing costs	1.22%	The impact of the costs that are incurred each year in managing your investments including those incurred by any underlying investments.
Incidental costs	Performance fees	N/A	
	Carried interests	N/A	

How long should I hold it and can I take money out early?

There is no minimum or maximum required period for investors to hold units in this product, but the units may not be suitable for investors intending to hold them for less than five years. Investors may sell their shares at any time without penalty through a broker, private investor plan administrator or adviser. The sale price will be determined at arms' length based on trading prices at the time on the London Stock Exchange and will not necessarily be equal to the net asset value per share of F&C UK High Income Trust PLC. The share price is updated regularly on the website www.fandcukhit.co.uk.

Market values may go down as well as up over short and long periods and so investors should invest with a view to long term returns. The amount investors get back will be influenced by the market factors at the time of sale and by the charges levied by the broker/plan manager. If you sell your shares before the end of the recommended holding period you may increase the risk of receiving back less than you invested.

How can I complain?

F&C Plans: If you have concerns about this product or service and have purchased it through an F&C plan, you can contact us by writing to Investor Relations Manager, F&C Investment Business Limited, Quartermile 4, 7a Nightingale Way, Edinburgh, EH3 9EG, via email at investorrelations@fandc.com, or by phone: 0345 601 3313 (9am - 5pm weekdays).

Direct Shareholders: If you have concerns about this product and have purchased it through another provider, then please contact the Company Secretary by writing to them at F&C UK High Income Trust PLC, Quartermile 4, 7a Nightingale Way, Edinburgh, EH3 9EG, or by phone 0131 718 1000. Should you have a complaint about any transaction through your broker, plan administrator or adviser, you should contact that person or organisation directly.

As a shareholder of F&C UK High Income Trust PLC, you do not have a right to complain to the Financial Ombudsman Service (FOS) in the UK about the management of F&C UK High Income Trust PLC or the product.
