Maturity Date	27/09/2019	**Capital Protection**	No, you can lose up to the full invested amount
Strike	6,800	**Parity**	1,000

Underlying

Underlying	Identifier	Index Sponsor	Currency
FTSE 100	GB0001383545	Financial Times and London Stock Exchange	GBP

Type

This product is a Warrant governed by English law.

Objectives

The objective of the product is to provide exposure to the performance of the Underlying and will benefit you if there is an increase in the price of the Underlying compared to its Strike.

The product has a fixed lifetime.

During the product's lifetime, both positive and negative changes in the price of the Underlying will be magnified due to the product's leverage.

Final Redemption

At maturity, you will receive the redemption value. The redemption value depends on the Reference Price of the Underlying on the Final Observation Date.

If the Reference Price is above the Strike, the redemption value will be equal to the difference between the Reference Price and the Strike, divided by the Parity. If the Reference Price is at or below the Strike, there will be no payoff.

The amount invested is at risk throughout the life of the product and at maturity. You might lose the full capital invested.

Additional Information

- Extraordinary events may lead to changes to the product's terms or the early termination of the product and could result in losses on your investment

The Performance scenarios and costs of the product are presented over its Recommended holding period (which is less than one year). They are not comparable with Performance scenarios and costs of other product having a different Recommended holding period and being calculated on annualized basis.

Intended Retail Investor

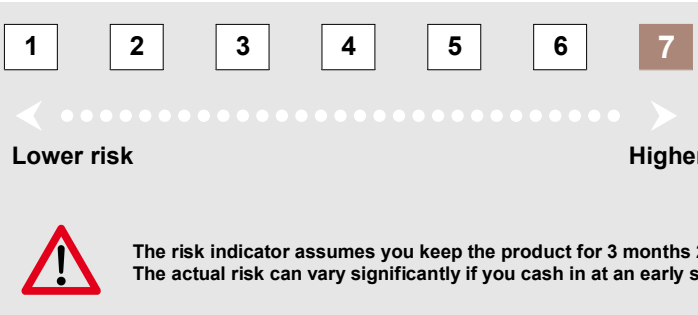

The product is aimed at investors who:

- Have specific knowledge or experience of investing in similar products and in financial markets, and have the ability to understand the product and its risks and rewards.
- Seek a product offering a leveraged exposure to the performance of a chosen asset and have an investment horizon in line with the recommended holding period stated below.
- Are able to bear total loss of their investment and accept the risk that the Issuer and / or Guarantor could fail to pay the capital and any potential return.
- Are willing to accept a level of risk to achieve potential returns that is consistent with the summary risk indicator shown below.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

Summary Risk Indicator

The risk indicator assumes you keep the product for 3 months 21 days.
The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.
We have classified this product as 7 out of 7, which is the highest risk class.
This rates the potential losses from future performance at a very high level, and poor market conditions are very unlikely to impact our capacity to pay you.
This product does not include any protection from future market performance so you could lose some or all of your investment.
If we are not able to pay you what is owed, you could lose your entire investment.

Performance Scenarios

Investment GBP 10,000.00		**3 months 21 days**
Scenarios		(Recommended holding period)
Stress scenario	**What you might get back after costs** Percentage Return	**GBP 0.00** -100.00%
Unfavourable scenario	**What you might get back after costs** Percentage Return	**GBP 0.00** -100.00%
Moderate scenario	**What you might get back after costs** Percentage Return	**GBP 9,538.21** -4.62%
Favourable scenario	**What you might get back after costs** Percentage Return	**GBP 23,965.36** 139.65%

This table shows the money you could get back over the next 3 months 21 days, under different scenarios, assuming that you invest GBP 10,000.00.
The scenarios shown illustrate how your investment could perform. You can compare them with the scenarios of other products.
The scenarios presented are an estimate of future performance based on evidence from the past on how the value of this investment varies, and are not an exact indicator. What you get will vary depending on how the market performs and how long you keep the product.
The stress scenario shows what you might get back in extreme market circumstances, and it does not take into account the situation where we are not able to pay you.
The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

WHAT HAPPENS IF SOCIÉTÉ GÉNÉRALE IS UNABLE TO PAY OUT?

If the Issuer defaults you may only claim any unpaid amount from Société Générale (the Guarantor). Should Société Générale default or file for bankruptcy, you may suffer a partial or total loss of the invested amount. If the Issuer and/or the Guarantor becomes subject to resolution measures in the form of the bail-in tool ("bail-in"), your claim may be reduced to zero, converted into equity or its maturity may be postponed. Please be aware that your Investment is not covered by any investor compensation or guarantee scheme.

Please find the ratings of Société Générale at https://www.societegenerale.com/en/measuring-our-performance/investors/debt-investors/ratings.

WHAT ARE THE COSTS?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.
The amounts shown here are the cumulative costs of the product itself, for different holding periods. They include potential early exit penalties. The figures assume you invest GBP 10,000.00. The figures are estimates and may change in the future.

Costs over Time

The person selling you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.

Investment GBP 10,000.00	
Scenarios	**If you cash in at the end of the Recommended Holding Period**
Total costs	GBP 566.05
Impact on return (RIY)	5.66%

Composition of Costs

The table below shows:
- the impact of the different types of costs on the investment return you might get at the end of the recommended holding period;
- the meaning of the different cost categories.

This table shows the impact on return

One-off costs	Entry costs	5.66%	The impact of the costs you pay when entering your investment. The impact of the costs already included in the price.
	Exit costs	0.00%	The impact of the costs of exiting your investment when it matures.
Ongoing costs	Portfolio transaction costs	0.00%	The impact of the costs of us buying and selling underlying investments for the product.
	Other ongoing costs	0.00%	The impact of the costs that we take for managing your investments and the costs presented in Section II.

HOW LONG SHOULD I HOLD IT AND CAN I TAKE MONEY OUT EARLY?

Recommended Holding Period: 3 months 21 days, which corresponds to the product maturity.

It is not possible to make a recommendation for a holding period. Due to its embedded leverage, the price of product amplifies the smallest price movements of the Underlying leading to losses or profits within unpredictable time periods. Any recommendation regarding the holding period would be misleading information for a speculative investor. For investors purchasing the product for hedging purposes the holding period depends on the hedging horizon of the individual investor. Under normal market conditions, Société Générale or an entity of its group ensures a daily secondary market on an exchange where the product is traded with a bid-offer spread. The price of the product will depend on market parameters at the time you wish to sell and you may sustain a partial or total capital loss. In unusual market condition, the resale of the product may be temporarily suspended.

HOW CAN I COMPLAIN?

Any complaint regarding the person advising on, or selling, the product can be submitted directly to that person. Any complaint regarding the product or the conduct of the product manufacturer can be submitted to Société Générale at the following address: SOCIETE GENERALE, Regulatory Information Department, 17 cours Valmy, 92987 PARIS LA DEFENSE CEDEX, FRANCE - SG-complaints-kid@sgcib.com (http://kid.sgmarkets.com).
