You are advised to read it so you can make an informed decision about whether to invest.

Carmignac Portfolio Euro-Entrepreneurs

Unit W GBP Acc Hdg (ISIN: LU0992625672)
a sub-fund of the Carmignac Portfolio SICAV

Carmignac Gestion Luxembourg is the management company of this UCITS.

Objectives and investment policy

The key features of the sub-fund are as follows:

• The sub-fund aims to outperform its reference indicator over a period exceeding five years, using an active, discretionary investment strategy.

• This Sub-Fund is an actively managed UCITS. The investment manager has discretion over the composition of its portfolio, subject to the stated investment objectives and policy. the Sub-Fund's investment universe is totally independent from the indicator. The Sub-Fund's investment strategy is not dependent on the indicator; therefore, the Sub-Fund's holdings and the weightings may substantially deviate from the composition of the indicator. There is no limit set on the level of such deviation. The reference indicator is the STOXX Small 200 NR (EUR) index.
• The sub-fund has at least 75% of its assets permanently invested in small and mid-cap equities from European Union countries, Iceland or Norway without restriction in terms of allocation by geographical region, business sector or type of security. No more than 25% of the Fund may be exposed to markets outside the European Union. The portion of assets invested in equities of emerging countries may not exceed 10% of the sub-fund's assets. The aim of these investments is to seek out opportunities in regions with strong economic growth. The assets may also consist of fixed income securities, debt securities or money market instruments as well as variable rate bonds. Up to 25% of the assets may be invested in fixed income products for the purpose of risk diversification in the event of expected negative movements in equities.
• The manager may use Relative Value strategies as performance drivers, looking to take advantage of the relative value between different instruments. Short positions may also be taken through derivatives.

Other information:
• The sub-fund uses derivatives for hedging or arbitrage purposes, or to expose the portfolio to the following risks (directly or via indices): currencies, bonds, equities (all categories of capitalisation), ETFs, dividends, volatility, variance (the latter two categories for up to 10% of net assets) and commodities (up to 20% of assets). The derivatives available are options (vanilla, barrier, binary), futures and forwards, swaps (including performance) and CFDs (contracts for difference) on one or more underlyings.
• Up to 10 % of the net assets may be invested in contingent convertible bonds ("CoCos"). CoCos are regulated subordinated debt instruments that are complex, but consistent in nature. Please refer to the prospectus for more information.
• This unit class is hedged: hedged against currency risk.
• The sub-fund may invest up to 10% of its net assets in units or shares of investment funds.
• This sub-fund may not be suitable for investors planning to withdraw their investment within five years.
• Investments may be redeemed each business day on request. Subscription and redemption requests are centralised on each NAV calculation and publication day before 15:00 CET/CEST and are executed on the next business day using the previous day's NAV.
• This unit is an accumulation unit.

Risk and reward profile

Lower risk — Potentially lower return

Higher risk — Potentially higher return

1	2	3	4	5	**6**	7

This indicator represents the annual historical volatility of the sub-fund over a 5-year period. Its aim is to help investors understand the uncertainty attached to gains and losses that may have an impact on their investment.
• Historical data used to calculate this indicator may not be a reliable indication of the future risk profile of the sub-fund.
• The risk category of this sub-fund is not guaranteed and may change over time.
• Category 1 does not mean the investment is risk-free.
• This sub-fund is placed in category 6 owing to its exposure to the equity markets.
• The sub-fund's capital is not guaranteed.

Risks to which the sub-fund may be exposed and which could lead to a fall in the net asset value to which the indicator gives too little consideration:
• Counterparty risk: the sub-fund may suffer losses if a counterparty defaults and is unable to meet its contractual obligations, especially in the case of derivatives traded OTC.
• For more information on risks, please refer to the prospectus of the sub-fund.
