

Key Investor Information

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

TM CRUX European Special Situations Fund Class A GBP

A sub Fund of the TM CRUX OEIC

This Fund is managed by Thesis Unit Trust Management Limited ISIN (Accumulation): GB00BTJRPW12 ISIN (Income): GB00BTJRPOV5

Objectives and Investment Policy

The investment objective of the Fund is to achieve long term capital growth by investing in European (excluding the UK) equities of companies in special situations.

The Fund aims to achieve its objective primarily (a minimum of 70%) through investment in equity securities of European (excluding the UK) companies in special situations where it is believed the company is considered undervalued. The Fund will also invest in other European (excluding the UK) equities to mitigate the volatility of the Fund. The Fund's portfolio will be managed on a concentrated basis. The Fund will be able to invest without restriction by market cap or sector.

The Fund may also invest in other transferable securities, units or shares in collective investment schemes, money market instruments, cash and near cash, and deposits.

The use of derivatives is permitted by the Fund for efficient portfolio management purposes (including hedging), and borrowing will be permitted under the terms of the Regulations. On giving 60 days' notice to shareholders, the Fund may, in addition to its other investments powers, use derivatives and forward transaction for investment purposes. It is not intended that the use of derivatives in this way will change the risk profile of the Fund.

Investors should note that while the investment objective of the Fund is to achieve long term capital growth there may be situations in which an income return is also achieved.

Recommendation: this Fund may not be appropriate for investors who plan to withdraw their money within 5 years.

The base currency of the Fund is pounds sterling.

Income arising from the fund is distributed to the holders of income shares and reinvested in the case of accumulation shares. Investors can buy and sell shares on demand when the scheme prices daily at 12 midday.

Risk and Reward Profile

The risk rating of the Fund is category 5 due to the volatility of the Fund price which sits in a range of between 10% and 15%. The risk rating is calculated using historical data and a prescribed standard deviation methodology.

- This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.
- The risk and reward category shown is not guaranteed to remain unchanged and may shift over time.
- The lowest category does not mean 'risk free'.
- This indicator is not a measure of the risk that you may lose the amount you have invested.

The following risks are material in addition to the risks captured by the indicator above:

- More political, economic or structural challenges face emerging markets or less developed countries than developed countries which may increase volatility and uncertainty.
- Where investments are in the shares of companies (equities), the value of those equities may fluctuate, sometimes dramatically, in response to the activities and results of individual companies or because of general market and economic conditions or other events.
- Where investments in the Fund are in currencies other than your own, changes in exchange rates may affect the value of your investments.
- The price of units/shares and any income from them may fall as well as rise and investors may not get back the full amount invested. Past performance is not a guide to future performance. There is no assurance that the investment objective of the Fund will actually be achieved.

All the risks currently identified as being applicable to the Fund are set out in the 'Risk' section of the Prospectus.

Charges for this Fund

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry Charge	None
Exit Charge	None
This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investments are paid out	
Ongoing charges	1.63%
Charges taken from the Fund under certain specific conditions	
Performance fee	None

The entry and exit charges shown are maximum figures. In some cases you might pay less - you can find this out from your financial adviser.

The ongoing charge is based on last year's expenses for the year ending 30th September 2019. This figure may vary from year to year. It excludes:

- Portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling units/shares in another collective investment scheme.

For more information about charges, please see clauses 22, 23 and 24 in the Fund's Prospectus, which is available on request via email to thesisut@tutman.co.uk

Past Performance

Performance source: Morningstar Direct

- The Fund launched in 2009
- The bar chart shows the calendar year returns for the last 10 full calendar years. If a column is blank, there is insufficient performance data to provide a complete calendar year of performance
- Past performance has been calculated in pounds sterling
- Performance will be calculated as Total Return, including all charges levied against the Fund
- Past performance has limited value as a guide to future performance
- Investments may go down as well as up

Practical Information

The depositary of the Fund is State Street Trustees Limited. The depositary has delegated the function of custodian to State Street Bank and Trust Company.
