Jupiter European Income Fund I-Class

The Manager is Jupiter Unit Trust Managers Limited.

Objectives and investment policy

Risk and reward profile

- The lowest category does not mean 'no risk'.
- The Fund is in this category due to the nature of its investments and previous levels of volatility (how much the value of the Fund rises and falls).
- Market and exchange rate movements can cause the value of an investment to fall as well as rise, and you may get back less than originally invested.
- All the Fund's charges are taken from capital. Should there not be sufficient capital growth in the Fund this may cause capital erosion.
- The value of income payments will fluctuate.

Charges

One-off charges taken before or after you invest

Entry charge	0.00%
Exit charge	0.00%

These are the maximum charges that we might take out of your money before it is invested and before we pay out the sale proceeds of your investment.

Ongoing charges	0.99%
-----------------	-------

Charges taken from the Fund under specific conditions

Performance fee	NONE
-----------------	------

- The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
- The ongoing charges figure is based on the fixed annual charge as detailed in the Scheme Particulars. Where the Fund invests in other underlying funds, which may include closed-ended funds such as investment trusts, the ongoing charges figure will include the ongoing charges for those funds, and will therefore vary from year to year. The ongoing charges figure excludes portfolio transaction costs, except in the case of an entry/ exit charge paid by the Fund when buying or selling shares in another collective investment undertaking.
- Further information about charges is available in sections 18 and 19 of the Scheme Particulars which are available from Jupiter on request.
