

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

# Allianz International Investment Funds - Allianz US Equity Fund Share Class C (Acc) (GBP)

Managed by Allianz Global Investors GmbH, part of Allianz Global Investors

ISIN: GB00B4N1GS74

Objectives and Investment Policy

The Fund aims to achieve capital growth through investment in leading US companies.

We invest at least 70% of the Fund's assets in the larger companies of the United States of America considered to have good prospects for increasing profits and selling on attractive price/earnings ratios. Investments may also be made in Canadian companies and, if particular opportunities are presented, investments may be made in medium and occasionally smaller sized US companies. The Funds portfolio is based on the sector weightings of the US stock market and emphasis is placed on sectors expected to out perform relative to the market.

Comparator Benchmark of the fund is S&P 500 Total Return Net (in GBP).

The Fund is actively managed and will not be constrained by the benchmark.

You may redeem shares of the fund usually on each business day by 12:00.

We reinvest the income into the fund.

Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within 5 years.

Risk and Reward Profile

This risk and reward indicator is based on past performance data. It may not be a reliable indication of the future risk profile of the fund.

The categorisation of the fund is not guaranteed and may change in the future.

Even the lowest category 1 does not mean a risk-free investment.

Why is the fund in this category?

Funds of category 6 have shown in the past a high volatility. The volatility describes how much the value of the fund went up and down in the past. The units of a fund of category 6 might be subject to high price fluctuations based on the historical volatilities observed.

## Charges

These charges are used to pay the costs of running the fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

### One-off charges deducted before or after you invest

Entry Charge	0.00%
Exit Charge	0.00%

This is the maximum charge that might be taken out of your money before it is invested or before the proceeds of your investments are paid out.

### Charges taken from the fund over a year

Ongoing Charges	0.90%
-----------------	-------

The entry and exit charges shown are maximum figures. In some cases you might pay less – you can find actual entry and exit charges from your financial adviser.

The ongoing charges shown are based on the fund's last financial year ending 30.04.2021. It may vary from year to year. It does not include transaction costs incurred when we buy or sell assets for the fund.

A dilution levy may be charged on purchases and redemptions of shares to protect the remaining investors against the costs incurred by the fund in buying or redeeming its investments. This levy may be charged where the fund is experiencing large levels of net purchases/redemptions and on "large deals" (i.e. deals of 2% or more of the value of the fund). The amount of any such dilution levy is calculated by reference to the estimated costs of dealing in the underlying investments using the rates calculated for the preceding quarter.

You will find more details about the calculation of the charges in the prospectus.

## Past Performance

Past performance is not a reliable guide to future performance.

The past performance shown here takes account of all charges and costs with the exception of the entry and exit charge.

The fund was launched in 2002.

The performance of the fund is calculated in GBP.

## Practical Information
