Key risks: Past performance is not a guide to future performance. The value of an investment and the income generated from it can fall as well as rise and is not guaranteed. You may get back less than you originally invested. Investment in the Fund involves foreign currencies and may be subject to fluctuations in value due to movements in exchange rates. The Fund may invest in emerging markets/soft currencies or in financial derivative instruments, both of which may have the effect of increasing volatility.

^{^^}The amount of income generated for distribution after deducting all expenses. *The fraction of a fund invested differently to its benchmark. A 100% active share is a fund with no holdings in the benchmark, a 0% active share is a fund identical to the benchmark.

Charges

Initial charge	0.00%
Ongoing Charges Figure*	0.87%
Included within the OCF is the Annual Management Charge**	0.75%

*The Ongoing Charges Figure (OCF) covers all aspects of operating a fund during the course of its financial year. These include the annual charge for managing the fund, administration and independent oversight functions, such as trustee, depository, custody, legal and audit fees and the ongoing costs of underlying investments including open and closed ended collective investment schemes. The OCF **excludes** portfolio transaction costs except for an entry/exit charge paid by the Fund when buying or selling units in another fund. This will have an impact on the realisable value of the investment, particularly in the short term.

**These are the annual costs of running and managing the Fund.
