

## Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

# Allianz International Investment Funds - Allianz Total Return Asian Equity Fund Share Class C (Inc) (GBP)

Managed by Allianz Global Investors GmbH, part of Allianz Global Investors

ISIN: GB00B1FRQV53

## Objectives and Investment Policy

The Fund aims to maximise total return through long-term capital growth and income by investing in the equity markets of Asian countries excluding Japan.

We will invest at least 70% of the Fund's assets in equities and securities equivalent to equities (e.g. American Depositary Receipts, Global Depositary Receipts and P-Notes) in, (but not limited to) the Republic of Korea, Taiwan, Thailand, Hong Kong, Malaysia, Indonesia, Philippines, Singapore, India, Pakistan and China. This includes companies that derive a predominant amount of their profits within these countries. In addition, index certificates and other certificates on equities, adequately diversified equity baskets and warrants may also be acquired.

Up to 30% of the Fund's assets may be invested into the Chinese A-Shares market either directly via Stock Connect or indirectly through all eligible instruments, as set out in the Fund's investment policy. We may also utilise deposits and money market instruments in the management of the portfolio and their

value, together with money market funds, may make up to a maximum of 30% of the Fund's assets. The Fund may also invest up to a maximum of 10% of the Fund's assets in collective investment schemes.

The Fund may use derivatives for efficient portfolio management (including for hedging).

Benchmark of the fund is MSCI AC Asia Excl. Japan Total Return Net (in GBP).

You may redeem shares of the fund usually on each business day by 12:00.

We usually distribute the income of the fund on a semiannual basis.

Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within 5 years.

## Risk and Reward Profile

This risk and reward indicator is based on past performance data. It may not be a reliable indication of the future risk profile of the fund.

The categorisation of the fund is not guaranteed and may change in the future.

Even the lowest category 1 does not mean a risk-free investment.

## Why is the fund in this category?

Funds of category 6 have shown in the past a high volatility. The volatility describes how much the value of the fund went up and down in the past. The units of a fund of category 6 might be subject to high price fluctuations based on the historical volatilities observed.

A significant portion of the Fund may be invested in emerging market assets. Emerging markets generally carry greater political, legal, counterparty and operational risk. In exceptional circumstances the Fund may encounter difficulties when buying and selling these investments.

## Charges

These charges are used to pay the costs of running the fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

### One-off charges deducted before or after you invest

Entry Charge	0.00%
Exit Charge	0.00%

This is the maximum charge that might be taken out of your money before it is invested or before the proceeds of your investments are paid out.

### Charges taken from the fund over a year

Ongoing Charges	0.87%
-----------------	-------

The entry and exit charges shown are maximum figures. In some cases you might pay less – you can find actual entry and exit charges from your financial adviser.

The ongoing charges figure shown here is an estimate of the charges. It does not include transaction costs incurred when we buy or sell assets for the fund.

A dilution levy may be charged on purchases and redemptions of shares to protect the remaining investors against the costs incurred by the fund in buying or redeeming its investments. This levy may be charged where the fund is experiencing large levels of net purchases/redemptions and on "large deals" (i.e. deals of 2% or more of the value of the fund). The amount of any such dilution levy is calculated by reference to the estimated costs of dealing in the underlying investments using the rates calculated for the preceding quarter.

You will find more details about the calculation of the charges in the prospectus.

## Past Performance

Past performance is not a reliable guide to future performance.

The past performance shown here takes account of all charges and costs with the exception of the entry and exit charge.

The fund was launched in 2002.

The performance of the fund is calculated in GBP.

## Practical Information
