

BlackRock Consensus 85 Fund

A sub-fund of BlackRock Non-UCITS Retail Funds (2)

Class I GBP

ISIN: GB00B08HD927

Manager: BlackRock Fund Managers Limited

Objectives and Investment Policy

- ▶ The aim of the Fund is to provide a return on your investment (generated through an increase in the value of the assets held by the Fund and/or income received from those assets) by investing at least 70% of its total assets in other investment funds (including funds managed by the BlackRock Group).
- ▶ The Fund intends to gain indirect exposure globally (by investing in other funds) to the following asset classes: equity securities (e.g. shares), fixed income securities (such as bonds), money-market instruments (MMIs) (i.e. debt securities with short term maturities), alternative assets (such as property and commodities), cash and deposits.
- ▶ The Fund may also invest directly in equity securities, fixed income securities, MMIs, deposits and cash.
- ▶ At any one time, the Fund will aim to have no less than 40% and no more than 85% of its investment exposure to equity securities gained either directly or through its investment in other funds.
- ▶ The Fund's investments (both direct and indirect) in fixed income securities and MMIs may be issued by governments, government agencies, companies and supranationals and may include investments with a relatively low credit rating or which are unrated.
- ▶ The Fund is actively managed but the other investment funds in which it invests are passively managed index funds. The investment manager has discretion to select the Fund's investments and in doing so uses an asset allocation strategy which is based on the Lipper ABI Mixed Investment 40-85% Shares Pension Sector.
- ▶ Recommendation: This Fund may not be appropriate for short-term investment.
- ▶ Your units will be accumulating units (i.e. dividend income will be included in their value).
- ▶ Your units will be denominated in Sterling, the Fund's base currency.
- ▶ You can buy and sell your units daily. The minimum initial investment for this unit class is £5,000,000.

For more information on the Fund, share/unit classes, risks and charges, please see the Fund's prospectus, available on the product pages at www.blackrock.com

Risk and Reward Profile

- ▶ This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.
- ▶ The risk category shown is not guaranteed and may change over time.
- ▶ The lowest category does not mean risk free.
- ▶ The Fund is rated five due to the nature of its investments which include the risks listed below. These factors may impact the value of the Fund's investments or expose the Fund to losses.

- Credit risk, changes to interest rates and/or issuer defaults will have a significant impact on the performance of fixed income securities. Potential or actual credit rating downgrades may increase the level of risk.
- The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events.
- ▶ Particular risks not adequately captured by the risk indicator include:
 - Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss.
 - Credit Risk: The issuer of a financial asset held within the Fund may not pay income or repay capital to the Fund when due.

Charges

The charges are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

The entry and exit charges shown are maximum figures. In some cases you might pay less. Please refer to your financial advisor or the distributor for the actual entry and exit charges.

*Subject to a charge of up to 2% paid into the Fund where the Manager suspects excessive trading by an investor.

The ongoing charges figure is based on expenses for the twelve month period ending 25 January 2022. This figure may vary from year to year. It excludes portfolio trade-related costs, except costs paid to the custodian and any entry/exit charge paid to an underlying collective investment scheme (if any).

** To the extent the Fund undertakes securities lending to reduce costs, the Fund will receive 62.5% of the associated revenue generated and the remaining 37.5% will be received by BlackRock as the securities lending agent. As securities lending revenue sharing does not increase the costs of running the Fund, this has been excluded from the ongoing charges.

This is the maximum that might be taken out of your money before it is invested or before proceeds of your investments are paid out.
