Fund manager profile

Seven Investment Management (7IM) was founded in 2002 by seven individuals who wanted to set up a small company that could deliver the sort of service that they would want for their own investments. A company that would give clients: access to professional investment advice when they needed it; institutional quality management without high retail charges; management of risk as well as money within portfolios; independent investment management; broad diversification of investments, with active asset allocation; investments brought together and organised in one place, relating to their risk profile; investments organised to reduce paperwork and straightforward investment portfolios with online viewing updated daily.
